 - endometrial ossification following (Waxman and Moussouris), 587 (Comm. in brief)
 - induced by prostaglandin F₂₀₀, arachidonic acid and other free fatty acid changes during (Ogburn et al.), 188 midtrimester, evaluation of balloon dilator to augment (Borten,
 - Stubblefield, and Friedman), 156
 - missed, and uterine contractility (Gustavii), 18
 - oxytocin-augmented saline-induced, fatal uterine rupture during (Grimes et al.), 591 (Comm. in brief)
 - recurrent spontaneous, embryonic development in consecutive specimens from (Poland and Yuen), 512
 - spontaneous, and use of sugar substitutes (saccharin) (Kline et al.), 708
 - therapeutic, induced with intra-amniotic prostaglandin F20, catecholamines during (Brenner et al.), 178
 - safer method for paracervical block in (McKenzie and Shaffer),
- Acid(s), arachidonic, and other free fatty acid changes during abortion induced by prostaglandin F_{2α} (Ogburn et al.), 188
- bile, serum concentration of, in relation to normal menstrual cycle, administration of oral contraceptives, and pregnancy (Jones et al.), 593 (Comm. in brief)
- free fatty, glucose, insulin, and glucagon, maternal, effects of hexoprenaline, β_2 -sympathomimetic drug, on (Lipshitz and Vinik), 761
- Actions, comparative, of uterine inhibiting drugs (Schulman), 684 Adenocarcinoma of endometrium and abnormal ovarian function in
- young women (Nisker, Ramzy, and Collins), 546 Adenosarcoma, Müllerian, of uterine cervix (Fayemi, Ali, and Braun),
- 734 (Comm. in brief) Adenosine monophosphate, cyclic, and fetoplacental and pituitary hormones during late pregnancy, effects of intravenous isoxsurpine and ritodrine, with and without concomitant dexamethasone, on (Ylikorkala et al.), 302
- Adhesions, intrauterine, hysteroscopic management of (March, Israel, and March), 653
- Adrenal hyperplasia, congenital, diagnosis of, in utero: maternal and amniotic fluid 17α-hydroxyprogesterone levels during pregnancy (Nagamani et al.),
- Alpha-fetoprotein elevation, amniotic fluid, with fetal omphalocele and possible mechanism for occurrence (King and Prescott), 279
- Amenorrhea-galactorrhea (Forbes-Albright syndrome), tomographic diagnosis of pituitary microadenomas in (Cohen, Dorfman, and Norwood), 822
- hypomenorrhea, and uterine fibrosis (Yaffe, Ron, and Polishuk), 599 (Comm. in brief)
- secondary, normal menses, and oligomenorrhea, significance of galactorrhea in patients with (Davajan et al.), 894
- Amenorrheic and menstruating mothers, serum prolactin, gonado-tropins, and estradiol in, during two years' lactation (Delvoye et al.), 635
- patients with normal serum prolactin, response of, to chlorpromazine during administration of human menopausal gonadotropin (Turksoy), 887
- American obstetrical and gynecological societies, roster of, 120-123

- Amniocentesis, major extraperitoneal bleeding complicating: case report (McBride, Irwin, and Wait), 108 (Comm. in brief)
- real-time B-scan-directed (Platt, Manning, and Lemay), 700 Amniotic fluid alpha-fetoprotein elevation with fetal omphalocele and possible mechanism for occurrence (King and Prescott),
 - aspiration of, by immature human fetus, failure of severe distress to stimulate, IV. Human fetal respiration (Duenhoelter and Pritchard), 470
 - assessment of rapid test on, for estimating fetal lung maturity (Copeland et al.), 225
 - bilirubin, spurious, in Rh-immunized twin and intestinal obstruction (Lavery and Cook), 233 (Comm. in brief)
 - determination of fetal lung maturity by fluorescence polarization of (Blumenfeld et al.), 782
 - human, surface-active material in (Frosolono and Roux), 562 lecithin/sphingomyelin ratio in, and its value for prediction of neonatal respiratory distress syndrome in pregnant diabetic women (Mueller-Heubach et al.), 28
 - and maternal 17α-hydroxyprogesterone levels during pregnancy: diagnosis of congenital adrenal hyperplasia in utero (Nagamani et al.), 791 normal, detectability and pattern of immunoglobulins in,
 - throughout gestation (Cederqvist et al.), 220
 - positive correlation of optical density at 650 nm. with lecithin/ sphingomyelin ratios in (Sbarra et al.), 788
 - spectral analysis in sickle cell disease (Nelson and Donnell), 103 (Comm. in brief)
- Ampicillin, plasma levels of, in pregnant women, following administration of ampicillin and pivampicillin (Philipson), 674
- Analysis, amniotic fluid spectral, in sickle cell disease (Nelson and Donnell), 103 (Comm. in brief)
 - and procurement, sperm, in Jewish law (Rosner), 627
 - of published articles, summary of, 511 (Editorial)
- semen, and fractional postcoital test, comparison of (Tredway, Buchanan, and Drake), 647
- Androluteoma syndrome of pregnancy (Zander et al.), 170
- Androstenedione, plasma, conversion of, to estrone in ovulatory and anovulatory young women, effect of obesity on (Edman and MacDonald), 456
 - in postmenopausal women with and without endometrial cancer, effect of obesity on (MacDonald et al.), 448
 - identification of estrogen product of extraglandular aromatization of (Edman et al.), 439
- Anemia and hypoxia, severe fetal, intrapartum cardiac monitor abnormality associated with (Thiessen, Robinson, and Shennan), 731 (Comm. in brief)
- Anesthesia, paracervical block, effect of, III. Clinical significance of fetal heart rate patterns during labor (Cibils and Santonja-Lucas), 73 (Current developments)
- Angiotensin and no epinephrine, response of circulation of pregnant sheep to, before and after dexamethasone (Edelstone et al.),
- II infusion, vascular reactivity to, during gestation (Morris et al.), 379
- Anovulation, hypothalamic chronic (Lachelin and Yen), 825
 - impairment of progesterone-induced pituitary release of prolactin and gonadotropin in patients with (Rakoff, Rigg, and
- Anovulatory and ovulatory young women, effect of obesity on conversion of plasma androstenedione to estrone in (Edman and MacDonald), 456
- Antepartum fetal heart rate monitoring, clinical application of scoring system for evaluation of (Krebs and Petres), 765
- Antibiotic prophylaxis, endometrial and vaginal cuff bacteria recovered at elective hysterectomy during trial of (Grossman et al.), 312
- *January 1, 1-124; January 15, 125-250; February 1, 251-378; February 15, 379-510; March 1, 511-626; March 15, 627-740; April 1, 741-856; April 15, 857-976.

- Anticoagulant therapy for recurrent pulmonary emboli, massive intraperitoneal hemorrhage from ruptured ovarian cyst secondary to (Philip), 231 (Comm. in brief)
- Antigonadotropin (danazol) in treatment of endometriosis (Dmowski and Cohen), 41
- Arachidonic acid and other free fatty acid changes during abortion induced by prostaglandin $F_{2\alpha}$ (Ogburn et al.), 188 Aromatization, extraglandular, of plasma androstenedione, identifica-
- Aromatization, extraglandular, of plasma androstenedione, identification of estrogen product of (Edman et al.), 439
- Artery, human umbilical, vasomotility of, effects of maternal and fetal plasma from toxemic patients on (Mauad-Filho and Meirelles), 718
- Articles, published, summary of analysis of, 511 (Editorial)
- Asphyxia, intrapartum fetal: preliminary report in regard to long-term morbidity (Low et al.), 525
- Aspiration of amniotic fluid by immature human fetus, failure of severe distress to stimulate, IV. Human fetal respiration (Duenhoelter and Pritchard), 470
- syndrome, meconium, following cesarean section (Carson, Simmons, and Bowes), 596 (Comm. in brief)
- Australia and Canada, statistics on circumcision in (Wirth), 236 (Comm. in brief)

B

- B-scan-directed amniocentesis, real-time, (Platt, Manning, and Lemay), 700
- Babbon fetal lung, immature, response of, to intra-amniotic betamethasone (Kotas et al.), 712
- Background to determination of human chromosome number (Levan), 725 (Classic pages)

- Dose of ritodrine hydrochloride, single, maternal circulatory response to, during orthostasis in normal and hypertensive late pregnancy (Suonio, Olkkonen, and Lahtinen), 745
- Drug(s), β₂-sympathomimetic, hexoprenaline, effects of, on maternal glucose, insulin, glucagon, and free fatty acid levels (Lipshitz and Vinik), 761
- effect of, on fetal heart rate variability (Petrie et al.), 294
- uterine inhibiting, comparative actions of (Schulman), 684 Dysmenorrhea, new concepts in (Ylikorkala and Dawood), 833 (Current developments)
- Dysmenorrheic and normal women, plasma and endometrium of, endogenous levels of prostaglandin $F_{2\alpha}$ and its main metabolites in (Lundström and Gréen), 640

F

- E2, oral prostaglandin, and oxytocin, effect of, on uterine contractility and fetal heart rate patterns (Friedman and Sachtleben),
- Eclampsia, changes in fetal heart rate-uterine contraction patterns associated with (Paul, Koh, and Bernstein), 165
- Ecologic niches in female lower genital tract: cervical and vaginal bacterial flora (Bartlett et al.), 658
- Education, residency, in 1980's (Brame and Parker), 329
- Elevation, amniotic fluid alpha-fetoprotein, with fetal omphalocele and possible inechanism for occurrence (King and Prescott), 279
- Emboli, recurrent pulmonary, massive intraperitoneal hemorrhage from ruptured ovarian cyst secondary to anticoagulant therapy for (Philip), 231 (Comm. in brief)
- Embryonic development in consecutive specimens from recurrent spontaneous abortions (Poland and Yuen), 512
- Encephalocele, occipital, prenatal ultrasonic diagnosis of (Miskin et al.), 585 (Comm. in brief)
- Endocrine profiles and clinical performance with contraceptive vaginal rings containing combination of estradiol and d-norgestrel (Mishell et al.), 55
- Endocrinology, human fetal, studies in. I. Luteinizing hormonereleasing factor content of hypothalamus (Siler-Khodr and Khodr), 795
- Endogenous levels of prostaglandin $F_{2\alpha}$ and its main metabolites in plasma and endometrium of normal and dysmenorrheic women (Lundström and Gréen), 640

- Endometrial cancer, postmenopausal women with and without, effect of obesity on conversion of plasma androstenedione to estrone in (MacDonald et al.), 448
- mitochondria, three-dimensional study of, during menstrual cycle (Worth and Lucas), 152
- ossification following abortion (Waxman and Moussouris), 587 (Comm. in brief)
- sarcoma: lymphatic spread pattern (DiSaia et al.), 104 (Comm. in brief
- and vaginal cuff bacteria recovered at elective hysterectomy during trial of antibiotic prophylaxis (Grossman et al.), 312 Endometriosis, antigonadotropin (danazol) in treatment of (Dmowski
- and Cohen), 41
- experimental, background of studies on (TeLinde), 570 (Classic pages)
- Endometrium, adenocarcinoma of, and abnormal ovarian function in young women (Nisker, Ramzy, and Collins), 546
- and plasma of normal and dysmenorrheic women, endogenous levels of prostaglandin F20 and its main metabolites in (Lundström and Gréen), 640
- Epilepsy, pregnant patient with, fetal circulatory collapse during induction of labor in (Webb, Petrie, and Pippenger), 727 (Comm. in brief)
- Erythematosus, maternal systemic lupus, and congenital heart block (Berube et al.), 595 (Comm. in brief)
- Estradiol administration, ethinyl, and plasma steroid concentrations in
- ovariectomized women (Mahajan et al.), 398 and d-norgestrel, clinical performance and endocrine profiles with contraceptive vaginal rings containing combination of (Mishell et al.), 55
- ethinyl, conjugated estrogens, and mestranol, pharmacologic changes in binding capacity of serum corticosteroid-binding globulin induced by, II. In vivo system in man for quantita tion of estrogenicity (Moore et al.), 482
- maternal and cord prolactin, progesterone, 13,14-dihydro-15-ketoprostaglandin $F_{2\alpha}$, and cord cortisol, interrelationships between, at delivery with respect to initiation of parturition (Haning et al.), 204
- prolactin, and gonadotropins, serum, in menstruating and amenorrheic mothers during two years' lactation (Delvoye et al.), 635
- Estriol in pregnancy. V. Unconjugated and total plasma estriol in management of pregnant diabetic patients (Distler et al.), 424
- Estrogen(s), conjugated, mestranol, and ethinyl estradiol, pharmacologic changes in binding capacity of serum corticosteroid-binding globulin induced by, II. In vivo system in man for quantitation of estrogenicity (Moore et al.), 482
- levels, fractionated, in postmenopausal women, effect of diabetic status on (Deutsch and Benjamin), 105 (Comm. in brief) product of extraglandular aromatization of plasma androsten-
- edione, identification of (Edman et al.), 439
- progesterone, and luteinizing hormone levels, temporal relationships of, to ovulation in women and infrahuman primates (Pauerstein et al.), 876
- Estrogenicity, in vivo system in man for quantitation of. 1. Physiologic changes in binding capacity of serum corticosteroid-binding globulin (Moore et al.), 475
 - II. Pharmacologic changes in binding capacity of serum corticosteroid-binding globulin induced by conjugated estrogens, estranol, and ethinyl estradiol (Moore et al.), 482
- Estrone, conversion of plasma androstenedione to, in ovulatory and anovulatory young women, effect of obesity on (Edman and MacDonald), 456
 - in postmenopausal women with and without endometrial cancer, effect of obesity on (MacDonald et al.), 448
- Ethinyl estradiol administration and plasma steroid concentrations in
 - ovariectomized women (Mahajan et al.), 398 conjugated estrogens, and mestranol, pharmacologic changes in binding capacity of serum corticosteroid-binding globulin induced by, II. In vivo system in man for quantitation of estrogenicity (Moore et al.), 482
- Ewe, pregnant, cardiac output and uterine blood flow in (Clapp), 419 Experimental endometriosis, background of studies on (TeLinde), 570 (Classic pages)
- Extraglandular aromatization of plasma androstenedione, identification of estrogen product of (Edman et al.), 439
- Extraperitoneal bleeding, major, complicating amniocentesis: case report (McBride, Irwin, and Wait), 108 (Comm. in brief)

Extraperitoneal—Cont'd cesarean section, revival of (Hanson), 102 (Comm. in brief)

- F2α, intra-amniotic prostaglandin, catecholamines during therapeutic abortion induced with (Brenner et al.), 178
- prostaglandin, arachidonic acid and other free fatty acid changes during abortion induced by (Ogburn et al.), 188
 - and its main metabolites, endogenous levels of, in plasma and endometrium of normal and dysmenorrheic women (Lundström and Gréen), 640
- Factor(s) content, luteinizing hormone-releasing, of hypothalamus, I. Studies in human fetal endocrinology (Siler-Khodr and Khodr), 795
- luteinizing hormone-releasing, content of, in human placenta (Siler-Khodr and Khodr), 216
 - pituitary response to bolus and continuous intravenous infusion of, in normal women and women with polycystic ovarian syndrome (Mortimer et al.), 630
- potentially predisposing and protecting: breast cancer (Vorherr and Messer), 335 (Current developments)
- transfer, and possible applications in gynecology (Freedman et al.), 572 (Current developments)
- Fallopian tube, serous cystadenofibroma of: case report (Silverman, Artinian, and Sabin), 593 (Comm. in brief)
- Falope Ring tubal ligation (Lalonde), 567
- Fatty acid, free, glucose, insulin, and glucagon levels, maternal, effects of hexoprenaline, β₂-sympathomimetic drug, on (Lipshitz and Vinik), 761
 - other free, and arachidonic acid changes during abortion induced by prostaglandin F_{2α} (Ogburn et al.), 188
- Fetal anemia and hypoxia, severe, intrapartum cardiac monitor ab-normality associated with (Thiessen, Robinson, and Shennan), 731 (Comm. in brief)
- asphyxia, intrapartum: preliminary report in regard to long-term morbidity (Low et al.), 525
- brain, intrauterine infection of, by candida (Levin, Zaidel, and Bernstein), 597 (Comm. in brief)
- breathing movements and gross fetal body movements, human, at weeks 34 to 35 of gestation (Patrick et al.), 693
- circulatory collapse during induction of labor in pregnant patient with epilepsy (Webb, Petrie, and Pippenger), 727 (Comm.
- death, intrauterine, case of, after negative oxytocin challenge test (Lorenz and Pagano), 232 (Comm. in brief)
- endocrinology, human, studies in. I. Luteinizing hormone-releasing factor content of hypothalamus (Siler-Khodr and Khodr),
- heart rate, beat-to-beat variability of, and uterine activity, effects of paracervical block on (Miller et al.), 284
 - monitoring, antepartum, clinical application of scoring system for evaluation of (Krebs and Petres), 765
 - pattern(s) during labor, clinical significance of. III. Effect of paracervical block anesthesia (Cibils and Santonja-Lucas), 73 (Current developments)
 - unusual (Cruikshank), 101 (Comm. in brief)
 - and uterine contractility, effect of oxytocin and oral prostaglandin E2 on (Friedman and Sachtleben), 403
 - -uterine contraction patterns, changes in, associated with eclampsia (Paul, Koh, and Bernstein), 165
 - variability, effect of drugs on (Petrie et al.), 294
 - evaluation of, by visual semiquantitative method and by quantitative statistical method with use of minicomputer (Kariniemi), 588 (Comm. in brief)
- lamb and rabbit, pulmonary maturation in, effects of NA872 on (Van Petten, Mears, and Taylor), 35 unanesthetized, effects of dopamine on blood pressure and heart
- rate of (Harris and Van Petten), 211 lung, immature baboon, response of, to intra-amniotic be-tamethasone (Kotas et al.), 712
- maturity, assessment of rapid test on amniotic fluid for estimating (Copeland et al.), 225
 - determination of, by fluorescence polarization of amniotic fluid (Blumenfeld et al.), 782
- enhancement of, by intra-amniotic administration of thyroid hormone (Mashiach et al.), 289

Fetal lung-Cont'd

rhesus, and glucocorticoids (Johnson et al.), 905

and maternal plasma from toxemic patients, effects of, on vasomotility of human umbilical artery (Mauad-Filho and Meirelles), 718

membranes, human, substrate specificity of phospholipase A2 in, X.

Initiation of human parturition (Okazaki et al.), 432 omphalocele, amniotic fluid alpha-fetoprotein elevation with, and possible mechanism for occurrence (King and Prescott),

red blood cell lysis, polymorphonuclear and lymphocyte-mediated, inhibition of, by promethazine in vitro (Gusdon, Herbst, and Marriott), 391
respiration, human. IV. Failure of severe distress to stimulate aspi-

ration of amniotic fluid by immature human fetus (Duenhoelter and Pritchard), 470

sex, unreliability of prenatal determination of, with use of Y-body fluorescence in midcervical smears (Amankwah and Bond),

transfusion, intrauterine, 1965-1976, with assessment of surviving children (White et al.), 933

Fetoplacental and pituitary hormones and cyclic adenosine monophosphate during late pregnancy, effects of intravenous isoxsuprine and ritodrine, with and without concomitant dexamethasone, on (Ylikorkala et al.), 302

Fetoprotein elevation, amniotic fluid alpha-, with fetal omphalocele and possible mechanism for occurrence (King and Prescott), 279

Fetus(es), contribution of maternal circulation to blood-borne progesterone in. I. Studies on human subjects (Escarcena, Clark, and Gurpide), 462

II. Studies on sheep (Tseng et al.), 466 immature human, failure of severe distress to stimulate aspiration of amniotic fluid by, IV. Human fetal respiration (Duenhoel-

ter and Pritchard), 470 well-oxygenated, metabolic effects of constant hypertonic glucose infusion in (Robillard et al.), 199

Fibrosis, uterine, amenorrhea, and hypomenorrhea (Yaffe, Ron, and Polishuk), 599 (Comm. in brief)

Fistulas, rectovaginal, and complete perineal tears, surgical manage ment of (Hibbard), 139

Flora, cervical and vaginal bacterial: ecologic niches in female lower genital tract (Bartlett et al.), 658

of immunosuppressed renal transplant patients (Ohm, Scott, and Galask), 49

Flow, uterine blood, and cardiac output in pregnant ewe (Clapp), 419 distribution of, in ovine pregnancy, effect of systemic infusions of dehydroisoandrosterone on (Rosenfeld and Worley), 385

Fluid alpha-fetoprotein elevation, amniotic, with fetal omphalocele and possible mechanism for occurrence (King and Prescott), 279

amniotic, assessment of rapid test on, for estimating fetal lung maturity (Copeland et al.), 225

determination of fetal lung maturics by fluorescence polarization of (Blumenfeld et al.), 782

failure of severe distress to stimulate aspiration of, by immature human fetus, IV. Human fetal respiration (Duenhoelter and Pritchard), 470

lecithin/sphingomyelin ratio in, and its value for prediction of neonatal respiratory distress syndrome in pregnant diabetic

women (Mueller-Heubach et al.), 28 and maternal 17α-hydroxyprogesterone levels during pregnancy: diagnosis of congenital adrenal hyperplasia in utero (Nagamani et al.), 791

positive correlation of optical density at 650 nm. with lecithin/ sphingomyelin ratios in (Sbarra et al.), 788 bilirubin, spurious amniotic, in Rh-immunized twin with intestinal

obstruction (Lavery and Cook), 233 (Comm. in brief)

human amniotic, surface-active material in (Frosolono and Roux), 562

normal amniotic, detectability and pattern of immunoglobulins in, throughout gestation (Cederqvist et al.), 220

spectral analysis, amniotic, in sickle cell disease (Nelson and Don-nell), 103 (Comm. in brief) Fluorescence polarization of amniotic fluid, determination of fetal lung

maturity by (Blumenfeld et al.), 782

Y-body, unreliability of prenatal determination of fetal sex with use of, in midcervical smears (Amankwah and Bond), 300

Forbes-Albright syndrome (amenorrhea-galactorrhea), tomographic diagnosis of pituitary microadenomas in (Cohen, Dorfman and Norwood), 822

Foreign body, laparoscopic removal of, from bladder (Barnett and Wolk), 364 (Comm. in brief)

Forensic laboratory evaluation of evidence in alleged rape (Soules et

Function, abnormal ovarian, and adenocarcinoma of endometrium in young women (Hisker, Ramzy, and Collins), 546

pituitary gonadotropin, factors affecting, in users of oral contraceptive steroids (Scott et al.), 817

Galactorrhea-amenorrhea (Forbes-Albright syndrome), tomographic diagnosis of pituitary microadenomas in (Cohen, Dorfman, and Norwood), 825

significance of, in patients with normal menses, oligomenorrhea, and secondary amenorrhea (Davajan et al.), 894

Genital tract, female lower, ecologic niches in: cervical and vaginal bacterial flora (Bartlett et al.), 658

Gestation, detectability and pattern of immunoglobulins in normal amniotic fluid throughout (Cederqvist et al.), 220

vascular reactivity to angiotensin II infusion during (Morris et al.),

weeks 34 to 35 of, human fetal breathing movements and gross fetal body movements at (Patrick et al.), 693

Gestational trophoblastic neoplasms: morphologic correlates of therapeutic response (Deligdisch, Driscoll, and Goldstein), 801

Gland carcinoma, Bartholin's: ultrastructural study (Advani, Waldo, and Bigelow), 362 (Comm. in brief)

metastases, lymph, in invasive squamous cell cancer of vulva (Krupp and Bohm), 943

Glandular inclusions, benign, in para-aortic lymph nodes in women undergoing lymphadenectomies (Schnurr, Delgado, and Chun), 813

Globulin, serum corticosteroid-binding, pharmacologic changes in binding capacity of, induced by conjugated estrogens, mestranol, and ethinyl estradiol, II. In vivo system in man for quantitation of estrogenicity (Moore et al.), 482

physiologic changes in binding capacity of, I. In vivo system in man for quantitation of estrogenicity (Moore et al.), 475 Glucagon, glucose, insulin, and free fatty acid levels, maternal, effects

of hexoprenaline, Bz sympathomimetic drug, on (Lipshitz and Vinik), 761

Glucocorticoids and rhesus fetal lung (Johnson et al.), 905

Glucose infusion, constant hypertonic, metabolic effects of, in welloxygenated fetuses (Robillard et al.), 199

insulin, glucagon, and free fatty acid levels, maternal, effects of hexoprenaline, β_x -sympathomimetic drug, on (Lipshitz and Vinik), 761

Gonadotropin(s) function, pituitary, factors affecting, in users of oral contraceptive steroids (Scott et al.), 817

human menopausal, response of amenorrheic patients with normal serum prolactin to chlorpromazine during administration of (Turksoy), 887

prolactin, and estradiol, serum, in menstruating and amenorrheic mothers during two years' lactation (Delvoye et al.), 635

impairment of progesterone-induced pituitary release of, in patients with hypothalamic chronic anovulation (Rakoff, Rigg, and Yen), 807

Growth retardation, intrauterine: preliminary report of long-term morbidity (Low et al.), 534

Gynecologist and chromosomes (van Niekerk), 862

H

Hamster, cheek pouch of, and vaginal tissue of rabbit, reaction of, to inserted collagen sponges treated with zinc or copper (Chvapil et al.), 63

Heart block, congenital, and maternal systemic lupus erythematosus (Berube et al.), 595 (Comm. in brief)

rate and blood pressure of unanesthetized fetal lamb, effects of do-pamine on (Harris and Van Petten), 211

fetal, beat-to-beat variability of, and uterine activity, effects of paracervical block on (Miller et al.), 284

-uterine contraction patterns, changes in, associated with eclampsia (Paul, Koh, and Bernstein), 165

Heart rate-Cont'd

monitoring, antepartum fetal, clinical application of scoring system for evaluation of (Krebs and Petres), 765

pattern(s), fetal, during labor, clinical significance of. III. Effect of paracervical block anesthesia (Cibils and Santonja-Lucas), 73 (Current developments)

and uterine contractility, effect of oxytocin and oral prostaglandin E₂ on (Friedman and Sachtleben), 403

unusual fetal (Cruikshank), 101 (Comm. in brief) variability, fetal, effect of drugs on (Petric et al.), 294

evaluation of, by visual semiquantitative method and by quantitative statistical method with use of minicomputer (Kariniemi), 588 (Comm. in brief)

short- and long-term, quantitative indices of (Organ et al), 20 Hemodynamic responses, systemic and uterine, to dopamine in pregnant and nonpregnant sheep (Blanchard et al.), 669

Hemorrhage, massive intraperitoneal, from ruptured ovarian cyst secondary to anticoagulant therapy for recurrent pulmonary emboli (Philip), 231 (Comm. in brief)

Herpes simplex virus type II infection, inapparent sexual transmission of, with subsequent neonatal death: case report (Spence), 590 (Comm. in brief)

Hexoprenaline, β_z-sympathomimetic drug, effects of, on maternal glucose, insulin, glucagon, and free fatty acid levels (Lipshitz and Vinik), 761

Hormonal profile as prognostic index of early threatened abortion (Jovanovic et al.), 274

Hormone(s), fetoplacental and pituitary, and cyclic adenosine monophosphate during late pregnancy, effects of intravenous isoxsuprine and ritodrine, with and without concomitant dexamethasone, on (Ylikorkala et al.), 302

luteinizing, estrogen, and progesterone levels, temporal relationships of, to ovulation in women and infrahuman primates (Pauerstein et al.), 876

-releasing factor content, luteinizing, of hypothalamus, l. Studies in human fetal endocrinology (Siler-Khodr and Khodr), 795 luteinizing, content of, in human placenta (Siler-Khodr and

Khodr), 216
pituitary response to bolus and continuous intravenous infusion of, in normal women and women with polycystic ovar-

ian syndrome (Mortimer et al.), 630 thyroid, enhancement of fetal lung maturity by intra-amniotic administration of (Mashiach et al.), 289

ministration of (Mashiach et al.), 289

Human amniotic fluid, surface-active material in (Frosolono and

Roux), 562 chromosome number, background to determination of (Levan), 725 (Classic pages)

fetal breathing movements and gross fetal body movements at weeks 34 to 35 of gestation (Patrick et al.), 693

endocrinology, studies in. I. Luteinizing hormone–releasing factor content of hypothalamus (Siler-Khodr and Khodr). 795

content of hypothalamus (Siler-Khodr and Khodr), 795
respiration. IV. Failure of severe distress to stimulate aspiration of
amniotic fluid by immature human fetus (Duenhoelter and
Pritchard), 470

lymphocyte-mediated cytotoxicity, spontaneous, against tumor target cells. IV. Suppressive effect of normal pregnancy (Baines, Pross, and Millar), 741

menopausal gonadotropin, response of amenorrheic patients with normal serum prolactin to chlorpromazine during administration of (Turksoy), 887

menstrual cycle, plasma dopamine-β-hydroxylase activity and norepinephrine levels during (Zacur et al.), 148

parturition, inhibition of. X. Substrate specificity of phospholipase A₂ in human fetal membranes (Okazaki et al.), 432

placenta, content of luteinizing hormone-releasing factor in (Siler-Khodr and Khodr), 216

normal, functional significance of zonal morphologic differences in (Teasdale), 773

squamous cell carcinoma of cervix and vagina, new tissue culture cell lines derived from (Porter et al.), 487 subjects, studies on, 1. Contribution of maternal circulation to

subjects, studies on, I. Contribution of maternal circulation to blood-borne progesterone in fetus (Escarcena, Clark, and Gurpide), 462

umbilical artery, vasomotility of, effects of maternal and fetal plasma from toxemic patients on (Mauad-Filho and Meirelles), 718

uterine cervix, collagen changes in, at parturition (Kleissl et al.), 748 Hydrochloride, promethazine: use in patients with Rh isoimmunization (Stenchever), 665 Hydrochloride-Cont'd

ritodrine, single dose of, maternal circulatory response to, during orthostasis in normal and hypertensive late pregnancy (Suonio, Olkkonen, and Lahtinen), 745

Hydroxyprogesterone levels, 17α-, maternal and amniotic fluid, during pregnancy: diagnosis of congenital adrenal hyperplasia in utero (Nagamani et al.), 791

25-Hydroxyvitamin D and 24,25-dihydroxyvitamin D, concentrations of, in paired maternal-cord sera (Weisman et al.), 704

Hyperplasia, congenital adrenal, diagnosis of, in utero: maternal and amniotic fluid 17α-hydroxyprogesterone levels during pregnancy (Nagamani et al.), 791

Hypertensive late and normal pregnancy, maternal circulatory response to single dose of ritodrine hydrochloride during orthostasis in (Suonio, Olkkonen, and Lahtinen), 745

Hypertonic glucose infusion, constant, metabolic effects of, in welloxygenated fetuses (Robillard et al.), 199

Hypomenorrhea, amenorrhea, and uterine fibrosis (Yaffe, Ron, and Polishuk), 599 (Comm. in brief)

Hypothalamic chronic anovulation (Lachelin and Yen), 825

impairment of progesterone-induced pituitary release of prolactin and gonadotropin in patients with (Rakoff, Rigg, and Yen), 807

Hypothalamus, luteinizing hormone-releasing factor content of, 1. Studies in human fetal endocrinology (Siler-Khodr and Khodr), 795

Hypoxia and anemia, severe fetal, intrapartum cardiac monitor abnormality associated with (Thiessen, Robinson, and Shennan), 731 (Comm. in brief)

Hysterectomy, elective, endometrial and vaginal cuff bacteria recovered at, during trial of antibiotic prophylaxis (Grossman et al.), 312

Hysteroscopic management of intrauterine adhesions (March, Israel, and March), 653

Hysteroscopy, CO₂, new diagnostic and therapeutic approach with: cervical polyp (David, Mettler, and Semm), 662

I

Immature baboon fetal lung, response of, to intra-amniotic betamethasone (Kotas et al.), 712

human fetus, failure of severe distress to stimulate aspiration of amniotic fluid by, IV. Human fetal respiration (Duenhoelter and Pritchard), 470

Immunity, cellular, in squamous cell carcinoma of uterine cervix (Levy et al.), 160

Immunized twin, Rh-, with intestinal obstruction, spurious amniotic fluid bilirubin in (Lavery and Cook), 233 (Comm. in brief)

Immunoglobulins, detectability and pattern of, in normal amniotic fluid throughout gestation (Cederqvist et al.), 220

Immunologic thrombocytopenic purpura, new approach to management of, in pregnancy (Ayromlooi), 235 (Comm. in brief)

Immunosuppressed renal transplant patients, cervical-vaginal flora of (Ohm, Scott, and Galask), 49

Incision, single disappearing, for diagnostic laparoscopy (Riddick), 109 (Comm. in brief)

Inclusions, benign glandular, in para-aortic lymph nodes in women undergoing lymphadenectomies (Schnurr, Delgado, and Chun), 813

Incontinence, female, do static cystourethrograms have role in investigation of (Drutz, Shapiro, and Mandel), 516

Index (indices), prognostic, of early threatened abortion, hormonal profile as (Jovanovic et al.), 274

quantitative, of short- and long-term heart rate variability (Organ et al.), 20 Induced labor, prostaglandin- and oxytocin-, in women, serum relaxin

concentrations in (Hochman et al.), 473 saline-, oxytocin-augmented abortion, fatal uterine rupture during

(Grimes et al.), 591 (Comm. in brief)
Induction of labor in pregnant patient with epilepsy, fetal circulatory collapse during (Webb, Petrie, and Pippenger), 727

(Comm. in brief)

Infection, herpes simplex virus type II, inapparent sexual transmission

of, with subsequent neonatal death: case report (Spence), 590 (Comm. in brief)

intrauterine, of fetal brain by candida (Levin, Zaidel, and Bernstein), 597 (Comm. in brief)

- Infrahuman primates and women, ovulation in, temporal relationships of estrogen, progesterone, and luteinizing hormone levels to (Pauerstein et al.), 876
- Infusion(s), angiotensin II, vascular reactivity to, during gestation (Morris et al.), 379
 - constant hypertonic glucose, metabolic effects of, in well-oxygenated fetuses (Robillard et al.), 199
- continuous intravenous, and bolus of luteinizing hormone-releasing factor, pituitary response to, in normal women and women with polycystic ovarian syndrome (Mortimer et al.), 630
- systemic, of dehydroisoandrosterone, effect of, on distribution of uterine blood flow in ovine pregnancy (Rosenfeld and Worley), 385
- Inhibiting drugs, uterine, comparative actions of (Schulman), 684 Insulin-dependent diabetic pregnancies, 132, lecithin/sphingomyelin ratio in (Tchobroutsky et al.), 754
 - glucose, glucagon, and free fatty acid levels, maternal, effects of hexoprenaline, β2-sympathomimetic drug, on (Lipshitz and Vinik), 761
- Interval, weekly, between oxytocin challenge tests, further challenge to validity of (Salerno and Kay), 849 (Comm. in brief)
 Intestinal obstruction, Rh-immunized twin with, spurious amniotic
- fluid bilirubin in (Lavery and Cook), 233 (Comm. in brief)
- Intra-amniotic administration of thyroid hormone, enhancement of fetal lung maturity by (Mashiach et al.), 289
- betamethasone, response of immature baboon fetal lung to (Kotas et al.), 712
- prostaglandin F200, catecholamines during therapeutic abortion induced with (Brenner et al.), 178
- Intraepithelial neoplasia, cervical, cryosurgery for treatment of (Popkin, Scali, and Ahmed), 551
- Intrapartum cardiac monitor abnormality associated with severe fetal anemia and hypoxia (Thiessen, Robinson, and Shennan), 731 (Comm. in brief)
- fetal asphyxia: preliminary report in regard to long-term morbidity (Low et al.), 525
- Intraperitoneal hemorrhage, massive, from ruptured ovarian cyst secondary to anticoagulant therapy for recurrent pulmonary emboli (Philip), 231 (Comm. in brief)
- Intrauterine adhesions, hysteroscopic management of (March, Israel, and March), 653
- fetal death, case of, after negative oxytocin challenge test (Lorenz and Pagano), 232 (Comm. in brief)
- transfusion, 1965-1976, with assessment of surviving children (White et al.), 933
- growth retardation: preliminary report of long-term morbidity (Low et al.), 534
- infection of fetal brain by candida (Levin, Zaidel, and Bernstein), 597 (Comm. in brief)
- Intravenous infusion, continuous, and bolus of luteinizing hormonereleasing factor, pituitary response to, in normal women and women with polycystic ovarian syndrome (Mortimer et al.), 630
- isoxsuprine and ritodrine, with and without concomitant dexamethasone, effect of, on fetoplacental and pituitary hormones and cyclic adenosine monophosphate during late pregnancy (Ylikorkala et al.), 302
- Isoimmunization, Rh, use in patients with: promethazine hydrochloride (Stenchever), 665
- Isoxsuprine and ritodrine, intravenous, with and without concomitant dexamethasone, effects of, on fetoplacental and pituitary hormones and cyclic adenosine monophosphate during late pregnancy (Ylikorkala et al.), 302
- Items, 124, 377-378, 607-626, 855-856
- Jejunoileal bypass, influence of, on protein metabolism during pregnancy (Woods et al.), 9
- Jewish law, sperm procurement and analysis in (Rosner), 627
- L Labor, clinical significance of fetal heart rate patterns during. III. Effect of paracervical block anesthesia (Cibils and Santonja-Lucas), 73 (Current developments)
- induction of, in pregnant patient with epilepsy, fetal circulatory collapse during (Webb, Petrie, and Pippenger), 727 (Comm. in
- plasma oxytocin in initiation of (Vasicka et al.), 263
- prostaglandin- and oxytocin-induced, in women, serum relaxin concentrations in (Hochman et al.), 473

- Laboratory evaluation, forensic, of evidence in alleged rape (Soules et al.), 142
- Lactamase-producing Neisseria gonorrhoeae, beta, incidence of, in select population (Hastings et al.), 733 (Comm. in brief)
- Lactating breast tissue in benign cystic teratoma (Oi and Dobbs), 729 (Comm. in brief)
- Lactation, two years', serum prolactin, gonadotropins, and estradiol in menstruating and amenorrheic mothers during (Delvoye et al.), 635
- Lamb and rabbit, fetal, pulmonary maturation in, effects of NA872 on (Van Petten, Mears, and Taylor), 35
- unanesthetized fetal, effects of dopamine on blood pressure and heart rate of (Harris and Van Petten), 211
- Laparoscope, perforation of urinary bladder by (Homburg and Segal), 597 (Comm. in brief)
- Laparoscopic removal of foreign body from bladder (Barnett and Wolk), 364 (Comm. in brief)
- Laparoscopy, diagnostic, single disappearing incision for (Riddick), 109 (Comm. in brief)
- Law, Jewish, sperm procurement and analysis in (Rosner), 627
- Lecithin/sphingomyelin ratio(s) in amniotic fluid and its value for prediction of neonatal respiratory distress syndrome in pregnant diabetic women (Mueller-Heubach et al.),
 - in 132 insulin-dependent diabetic pregnancies (Tchobroutsky et al.), 754
 - positive correlation of optical density at 650 nm. with, in amniotic fluid (Sbarra et al.), 788
- Levels, endogenous, of prostaglandin $F_{2\alpha}$ and its main metabolites in plasma and endometrium of normal and dysmenorrheic women (Lundström and Gréen), 640
 - of estrogen, progesterone, and luteinizing hormone, temporal relationships of, to ovulation in women and infrahuman primates (Pauerstein et al.), 876
 - fractionated estrogen, in postmenopausal women, effect of diabetic status on (Deutsch and Benjamin), 105 (Comm. in brief
 - maternal and amniotic fluid 17 hydroxyprogesterone, during pregnancy: diagnosis of congenital adrenal hyperplasia in utero (Nagamani et al.), 791
 - glucose, insulin, glucagon, and free fatty acid, effects of hexop-Brsympathomimetic drus on (Lipshitz and renaline, Vinik), 761
 - norepinephrine, and plasma dopamine-β-hydroxylase activity during human menstrual cycle (Zacur et al.), 148
 - plasma, of ampicillin in pregnant women following administration of ampicillin and pivampicillin (Philipson), 674
- Ligation, Falope Ring tubal (Lalonde), 567
- Link, missing (Woodruff), 857 Lung, immature baboon fetal, response of, to intra-amniotic betamethasone (Kotas et al.), 712
- maturity, fetal, assessment of rapid test on amniotic fluid for (Copeland et al.), 225
 - determination of, by fluorescence polarization of amniotic fluid (Blumenfeld et al.), 782
 - enhancement of, by intra-amniotic administration of thyroid hormone (Mashiach et al.), 289
 - rhesus fetal, and glucocorticoids (Johnson et al.), 905
- Lupus erythematosus, maternal systemic, and congenital heart block (Berube et al.), 595 (Comm. in brief)
- Luteinizing hormone, estrogen, and progesterone levels, temporal relationships of, to ovulation in women and infrahuman primates (Pauerstein et al.), 876
 - -releasing factor, content of, in human placenta (Siler-Khodr and Khodr), 216
 - of hypothalamus, I. Studies in human fetal endocrinology (Siler-Khodr and Khodr), 795 pituitary response to bolus and continuous intravenous infu-
 - sion of, in normal women and women with polycystic ovarian syndrome (Mortimer et al.), 630
- Lymph gland metastases in invasive squamous cell cancer of vulva (Krupp and Bohm), 943
 - nodes, para-aortic, benign glandular inclusions in, in women undergoing lymphadenectomies (Schnurr, Delgado, and Chun),
- Lymphadenectomies, benign glandular inclusions in para-aortic lymph nodes in women undergoing (Schnurr, Delgado, and Chun), 813
- Lymphatic spread pattern: endometrial sarcoma (DiSaia et al.), 104 (Comm. in brief)

- Lymphocyte-mediated cytotoxicity, spontaneous human, against tumor target cells. IV. Suppressive effect of normal pregnancy (Baines, Pross, and Millar), 741 and polymorphonuclear fetal red blood cell lysis, inhibition of,
 - by promethazine in vitro (Gusdon, Herbst, and Marriott),
- Lysis, polymorphonuclear and lymphocyte-mediated fetal red blood cell, inhibition of, by promethazine in vitro (Gusdon, Herbst, and Marriott), 391

- Manpower for obstetrics-gynecology. I. Demographic considerations and practice work load (Mendenhall et al.), 927
- Material, surface-active, in human amniotic fluid (Frosolono and Roux), 562
- Maternal and amniotic fluid 17α-hydroxyprogesterone levels during pregnancy: diagnosis of congenital adrenal hyperplasia in utero (Nagamani et al.), 791
- circulation, contribution of, to blood-borne progesterone in fetus. I. Studies on human subjects (Escarcena, Glark, and Gurpide), 462
- II. Studies on sheep (Tseng et al.), 466
- circulatory response to single dose of ritodrine hydrochloride during orthostasis in normal and hypertensive late pregnancy (Suonio, Olkkonen, and Lahtinen), 745
- and cord prolactin, progesterone, estradiol, 13,14-dihydro-15-keto-prostaglandin F_{2α}, and cord cortisol, interrelationships between, at delivery with respect to initiation of partuirtion (Haning et al.), 204
- sera, paired, concentrations of 24,25-dihydroxyvitamin D and 25-hydroxyvitamin D in (Weisman et al.), 704
- and fetal plasma from toxemic patients, effects of, on vasomotility of human umbilical artery (Mauad-Filho and Meirelles), 718
- glucose, insulin, glucagon, and free fatty acid levels, effects of hexoprenaline, \$\beta_2\$-sympathomimetic drug, on (Lipshitz and Vinik), 761
- systemic lupus erythematosus and congenital heart block (Berube et al.), 595 (Comm. in brief)
- Maturation, pulmonary, in fetal lamb and rabbit, effects of NA872 on (Van Petten, Mears, and Taylor), 35
- Maturity, fetal lung, assessment of rapid test on amniotic fluid for estimating (Copeland et al.), 225
 - determination of, by fluorescence polarization of amniotic fluid (Blumenfeld et al.), 782
 - enhancement of, by intra-amniotic administration of thyroid hormone (Mashiach et al.), 289
- Meconium aspiration syndrome following cesarean section (Carson, Simmons, and Bowes), 596 (Comm. in brief)
 Membranes, human f. al, substrate specificity of phospholipase A₂ in,
- X. Initiation of human parturition (Okazaki et al.), 432
- Menopausal gonadotropin, human, response of amenorrheic patients with normal serum prolactin to chlorpromazine during administration of (Turksoy), 887
- Menses, normal, oligomenorrhea, and secondary amenorrhea, significance of galactorrhea in patients with (Davajan et al.),
- Menstrual cycle, human, plasma dopamine-β-hydroxylase activity and norepinephrine levels during (Zacur et al.), 148
 - normal, administration of oral contraceptives, and pregnancy serum concentration of bile acids in relation to (Jones et al.), 593 (Comm. in brief)
 - three-dimensional study of endometrial mitochondria during (Worth and Lucas), 152
- Menstruating and amenorrheic mothers, serum prolactin, gonadotropins, and estradiol in, during two years' lactation (Delvoye et al.), 635
- Mestranol, ethinyl estradiol, and conjugated estrogens, pharmacologic changes in binding capacity of serum corticosteroid-binding globulin induced by, II. In vivo system in man for quantita-
- tion of estrogenicity (Moore et al.), 482

 Metabolic effects of constant hypertonic glucose infusion in welloxygenated fetuses (Robillard et al.), 199
- Metabolism, protein, influence of jejunoileal bypass on, during pregnancy (Woods et al.), 9
- Metabolites, main, endogenous levels of prostaglandin $F_{2\alpha}$ and, in plasma and endometrium of normal and dysmenorrheic women (Lundström and Gréen), 640
- Metastases, lymph gland, in invasive aquamous cell cancer of vulva (Krupp and Bohm), 943

- Method, visual semiquantitative and quantitative statistical, with use of minicomputer, evaluation of fetal heart rate variability by (Kariniemi), 588 (Comm. in brief)
- Microadenomas, pituitary, tomographic diagnosis of, in Forbes-Albright syndrome (amenorrhea-galactorrhea) (Cohen, Dorfman, and Norwood), 822
- Midcervical smears, unreliability of prenatal determination of fetal sex with use of Y-body fluorescence in (Amankwah and Bond),
- Midtrimester abortion, evaluation of balloon dilator to augment (Borten, Stubblefield, and Friedman), 156
- Midwifery, 1977 (Dillon et al.), 917
- Minicomputer, evaluation of fetal heart rate variability by visual semiquantitative method and by quantitative statistical method with use of (Kariniemi), 588 (Comm. in brief)
- Mitochondria, endometrial, three-dimensional study of, during menstrual cycle (Worth and Lucas), 152
- Monitor abnormality, intrapartum cardiac, associated with severe fetal anemia and hypoxia (Thiessen, Robinson, and Shennan), 731 (Comm. in brief)
- Monitoring, antepartum fetal heart rate, clinical application of scoring system for evaluation of (Krebs and Petres), 765
 Monophosphate, cyclic adenosine, and fetoplacental and pituitary
- hormones during late pregnancy, effects of intravenous isoxsuprine and ritodrine, with and without concomitant dexamethasone, on (Ylikorkala et al.), 302
- Morbidity, long-term, preliminary report of: intrauterine growth re-tardation (Low et al.), 534
- in regard to: intrapartum fetal asphyxia (Low et al.), 525 Morphologic correlates of therapeutic response: gestational tropho-blastic neoplasms (Deligdisch, Driscoll, and Goldstein), 801
- differences, zonal, functional significance of, in normal human placenta (Teasdale), 773
- Motherhood, abortion, and adoption: empirical study of decisionmaking during pregnancy (Bracken, Klerman, and Bracken), 251
- Mothers, menstruating and amenorrheic, serum prolactin, gonadotropins, and estradiol in, during two years' lactation (Del-
- voye et al.), 635 Movements, human fetal breathing and gross fetal body, at weeks 34 to
- 35 of gestation (Patrick et al.), 693 Müllerian adenosarcoma of uterine cervix (Fayemi, Ali, and Braun),
- 734 (Comm. in brief) Mycoplasma colonization, uterine T-, in reproductive failure (Stray-Pedersen, Eng, and Reikvam), 307
- Myometrial activity and uterine blood flow, effect of prostaglandins and other vasoactive substances on (Still and Greiss), I

- NA872, effects of, on pulmonary maturation in fetal lamb and rabbit (Van Petten, Mears, and Taylor), 35
- Neisseria gonorrhoeae, beta lactamase-producing, incidence of, in select population (Hastings et al.), 733 (Comm. in brief)
- Neonatal death, subsequent, inapparent sexual transmission of herpes simplex virus type II infection with: case report (Spence), 590 (Comm. in brief)
- respiratory distress syndrome in pregnant diabetic women, lecithin/ sphingomyelin ratio in amniotic fluid and its value for prediction of (Mueller-Heubach et al.), 28
- Neoplasia, cervical intraepithelial, cryosurgery for treatment of (Popkin, Scali, and Ahmed), 551
- Neoplasms, gestational trophoblastic: morphologic correlates of therapeutic response (Deligdisch, Driscoll, and Goldstein), 801
- Newborn infant, routine circumcision of: reappraisal (Grimes), 125 Nodes, para-aortic lymph, benign glandular inclusions in, in women undergoing lymphadenectomies (Schnurr, Delgado, and
- Chun), 813 Nonazotenic woman, postobstructive diuresis following ovarian cystectomy in (Gromis, Feldman, and Puschett), 728 (Comm. in
- Nonpregnant and pregnant sheep, systemic and uterine hemodynamic responses to dopamine in (Blanchard et al.), 669
- Norepinephrine and angiotensin, response of circulation of pregnant sheep to, before and after dexamethasone (Edelstone et al.),
- levels and plasma dopamine-\(\beta\)-hydroxylase activity during human menstrual cycle (Zacur et al.), 148

- NSC-119875 (cis-platinum [11] diamminedichloride), treatment of advanced squamous cell carcinoma of cervix with (Cohen et al.), 853 (Comm. in brief)
- Number, chromosome, of man (Tjio), 723 (Classic pages)
 - human chromosome, background to determination of (Levan), 725 (Classic pages)

0

- Obesity, effect of, on conversion of plasma androstenedione to estrone in ovulatory and anovulatory young women (Edman and MacDonald), 456
 - in postmenopausal women with and without endometrial cancer (MacDonald et al.), 448
- Obstruction, intestinal, Rh-immunized twin with, spurious amniotic fluid bilirubin in (Lavery and Cook), 233 (Comm. in brief)
- Occipital encephalocele, prenatal ultrasonic diagnosis of (Miskin et al.), 585 (Comm. in brief)
- Oligomenorrhea, normal menses, and secondary amenorrhea, sig-nificance of galactorrhea in patients with (Davajan et al.),
- Omphalocele, fetal, amniotic fluid alpha-fetoprotein elevation with, and possible mechanism for occurrence (King and Prescott), 279
- Operation and bleomycin sulfate, successful long-term palliation of Stage IV vulvar carcinoma with (Yahia, Fuller, and Cloud), 360 (Comm. in brief)
- Optical density, positive correlation of, at 650 nm. with lecithin/sphingomyelin ratios in amniotic fluid (Sbarra et al.), 788
- Oral contraceptive(s), administration of, normal menstrual cycle, and pregnancy, serum concentration of bile acids in relation to (Jones et al.), 593 (Comm. in brief)
 - steroids, factors affecting pituitary gonadotropin function in users of (Scott et al.), 817
- prostaglandin E2 and oxytocin, effect of, on uterine contractility and
- fetal heart rate patterns (Friedman and Sachtleben), 403 Orthostasis, maternal circulatory response to single dose of ritodrine hydrochloride during, in normal and hypertensive late pregnancy (Suonio, Olkkonen, and Lahtinen), 745
- n, endometrial, following abortion (Waxman Moussouris), 587 (Comm. in brief)
- Output, cardiac, and uterine blood flow in pregnant ewe (Clapp), 419 Ovarian cyst, ruptured, massive intraperitoneal hemorrhage from, secondary to anticoagulant therapy for recurrent pulmo-nary emboli (Philip), 231 (Comm. in brief)
- cystectomy in nonazotemic woman, postobstructive diuresis follow-ing (Gromis, Feldman, and Puschett), 728 (Comm. in brief)
- function, abnormal, and adenocarcinoma of endometrium in young women (Nisker, Ramzy, and Collins), 546
- syndrome, polycystic, pituitary response to bolus and continuous intravenous infusion of luteinizing hormone-releasing factor in normal women and women with (Mortimer et al.),
- Ovariectomized women, ethinyl estradiol administration and plasma steroid concentrations in (Mahajan et al.), 398
- Ovine pregnancy, effect of systemic infusions of dehydroisoandrosterone on distribution of uterine blood flow in (Rosenfeld and Worley), 385
- Ovulation in women and infrahuman primates, temporal relationships of estrogen, progesterone, and luteinizing hormone levels to (Pauerstein et al.), 876
- Ovulatory and anovulatory young women, effect of obesity on conversion of plasma androstenedione to estrone in (Edman and MacDonald), 456
- Oxygenated fetuses, well-, metabolic effects of constant hypertonic glucose infusion in (Robillard et al.), 199
- Oxytocin-augmented saline-induced abortion, fatal uterine rupture during (Grimes et al.), 591 (Comm. in brief)
 - challenge test(s), further challenge to validity of weekly interval between (Salerno and Kay), 849 (Comm. in brief) negative, case of intrauterine fetal death after (Lorenz and
 - Pagano), 232 (Comm. in brief)
- and oral prostaglandin E2, effect of, on uterine contractility and fetal heart rate patterns (Friedman and Sachtleben), 403
- plasma, in initiation of labor (Vasicka et al.), 263

Palliation, successful long-term, of Stage IV vulvar carcinoma with operation and bleomycin sulfate (Yahia, Fuller, and Cloud), 360 (Comm. in brief)

- Para-aortic lymph nodes, benign glandular inclusions in, in women undergoing lymphadenectomies (Schnurr, Delgado, and Chun), 813
- Paracervical block anesthesia, effect(s) of, III. Clinical significance of fetal heart rate patterns during labor (Cibils and Santonja-Lucas), 73 (Current developments)
 - of, on uterine activity and beat-to-beat variability of fetal heart rate (Miller et al.), 284
 - safer method for, in therapeutic abortions (McKenzie and Shaffer), 317
- Parturition, changes in cervical compliance at, independent of uterine activity (Stys, Clewell, and Meschia), 414
 - collagen changes in human uterine cervix at (Kleissl et al.), 748 human, initiation of. X. Substrate specificity of phospholipase A2 in human fetal membranes (Okazaki et al.), 432
 - initiation of, interrelationships between maternal and cord prolactin, progesterone, estradiol, 13, 14-dihydro-15-keto-prostaglandin F_{20} , and cord cortisol at delivery with respect to (Haning et al.), 204
- Pattern(s) and detectability of immunoglobulins in normal amniotic fluid throughout gestation (Cederqvist et al.), 220
 - fetal heart rate, clinical significance of, during labor. III. Effect of paracervical block anesthesia (Cibils and Santonja-Lucas), 73 (Current developments)
 - and uterine contractility, effect of oxytocin and oral prostaglandin E2 on (Friedman and Sachtleben), 403
 - contraction, changes in, associated with eclampsia (Paul, Koh, and Bernstein), 165
 - lymphatic spread: endometrial sarcoma (DiSaia et al.), 104 (Comm. in brief)
- unusual fetal heart rate (Cruikshank), 101 (Comm. in brief)
- Perforation, Dalkon Shield, of uterus and urinary bladder with calculus formation: case report (Neutz, Silber, and Merendino), 848 (Comm. in brief)
 - of urinary bladder by laparoscope (Homburg and Segal), 597 (Comm. in brief)
- Perineal tears, complete, and rectovaginal fistulas, surgical management of (Hibbard), 139
- Pharmacologic changes in binding capacity of serum corticosteroidbinding globulin induced by conjugated estrogens, mes-tranol, and ethinyl estradiol, II. In vivo system in man for
- quantitation of estrogenicity (Moore et al.), 482 Phospholipase ${\rm A}_2$ in human fetal membranes, substrate specificity of, X. Initiation of human parturition (Okazaki et al.),
- 432 Physiologic changes in binding capacity of serum corticosteroidbinding globulin, I. In vivo system in man for quantitation of estrogenicity (Moore et al.), 475
- Pituitary and fetoplacental hormones and cyclic adenosine mono-phosphate during late pregnancy, effects of intravenous isoxsuprine and ritodrine, with and without concomitant
- dexamethasone, on (Ylikorkala et al.), 302 gonadotropin function, factors affecting, in users of oral contraceptive steroids (Scott et al.), 817
- microadenomas, tomographic diagnosis of, in Forbes-Albright syndrome (amenorrhea-galactorrhea) (Cohen, Dorfman, and Norwood), 822
- release, progesterone-induced, of prolactin and gonadotropin, impairment of, in patients with hypothalamic chronic anovu-lation (Rakoff, Rigg, and Yen), 807
- response to bolus and continuous intravenous infusion of lutenizing hormone-releasing factor in normal women and women with polycystic ovarian syndrome (Mortimer et al.), 630
- Pivampicillin and ampicillin, plasma levels of ampicillin in pregnant women following administration of (Philipson), 674 Placenta, human, content of luteinizing hormone–releasing factor in
- (Siler-Khodr and Khodr), 216
- normal human, functional significance of zonal morphologic differences in (Teasdale), 773
- Placental circulations, sheep, vasoconstrictive effects of prostaglandins in (McLaughlin, Brennan, and Chez), 408
- Plasma androstenedione, conversion of, to estrone in ovulatory and anovulatory young women, effect of obesity on (Edman and MacDonald), 456
 - in postmenopausal women with and without endometrial cancer, effect of obestiy on (MacDonald et al.), 448
 - identification of estrogen product of extraglandular aromatization of (Edman et al.), 439

Plasma-Cont'd

dopamine-\(\beta\)-hydroxylase activity and norepinephrine levels during human menstrual cycle (Zacur et al.), 148

and endometrium of normal and dysmenorrheic women, endogenous levels of prostaglandin F_{2α} and its main metabolites in (Lundström and Gréen), 640

estriol, unconjugated and total, in management of pregnant diabetic patients, V. Estriol in pregnancy (Distler et al.), 424

levels of ampicillin in pregnant women following administration of ampicillin and pivampicillin (Philipson), 674

maternal and fetal, from toxemic patients, effects of, on vasomotility of human umbilical artery (Mauad-Filho and Meirelles),

oxytocin in initiation of labor (Vasicka et al.), 263

steroid concentrations and ethinyl estradiol administration in ovariectomized women (Mahajan et al.), 398

Platinum, cis-, (II) diamminedichloride (NSC-119875), treatment of advanced squamous cell carcinoma of cervix with (Cohen et al.), 853 (Comm. in brief)

Polarization fluorescence, of amniotic fluid, determination of fetal lung maturity by (Blumenfeld et al.), 782

Polycystic ovarian syndrome, pituitary response to bolus and continu-ous intravenous infusion of luteinizing hormone-releasing factor in normal women and women with (Mortimer et al.),

Polymorphonuclear and lymphocyte-mediated fetal red blood cell lysis, inhibition of, by promethazine in vitro (Gusdon, Herbst, and Marriott), 391

Polyp, cervical: new diagnostic and therapeutic approach with CO2 hysteroscopy (David, Mettler, and Semm), 662

Postcoital test, fractional, and semen analysis, comparison of (Tredway, Buchanan, and Drake), 647

Postmenopausal women, effect of diabetic status on fractionated estrogen levels in (Deutsch and Benjamin), 105 (Comm. in brief) with and without endometrial cancer, effect of obesity on conver-

sion of plasma androstenedione to estrone in (MacDonald et al.), 448

Postobstructive diuresis following ovarian cystectomy in nonazotemic woman (Gromis, Feldman, and Puschett), 728 (Comm. in brief)

Practice work load and demographic considerations, I. Manpower for obstetrics-gynecology (Mendenhall et al.), 927

Pregnancy (pregnancies), androluteoma syndrome of (Zander et al.),

cervical, diagnosis of, by ultrasound: case report (Raskin), 234 (Comm. in brief)

diabetes insipidus in: case review (Phelan, Guay, and Newman), 365 (Comm. in brief)

empirical study of decision-making during: abortion, adoption, or motherhood (Bracken, Klerman, and Bracken), 251 estriol in. V. Unconjugated and total plasma estriol in management of pregnant diabetic patients (Distler et al.), 424

influence of jejunoileal bypass on protein metabolism during (Woods

late, effects of intravenous isoxsurpine and ritodrine, with and without concomitant dexamethasone, on fetoplacental and pituitary hormones and cyclic adenosine monophosphate during (Ylikorkala et al.), 302

maternal and amniotic fluid 17α-hydroxyprogesterone levels during: diagnosis of congenital adrenal hyperplasia in utero (Nagamani et al.), 791

new approach to management of immunologic thrombocytopenic

purpura in (Ayromlooi), 235 (Comm. in brief) normal and hypertensive late, maternal circulatory response to single dose of ritodrine hydrochloride during orthostasis in (Suonio, Olkkonen, and Lahtinen), 745

menstrual cycle, and administration of oral contraceptives, serum concentration of bile acids in relation to (Jones et al.), 593 (Comm. in brief)

suppressive effect of, IV. Spontaneous human lymphocytemediated cytotoxicity against tumor target cells (Baines, Pross, and Millar), 741

132 insulin-dependent diabetic, lecithin/sphingomyelin ratio in (Tchobroutsky et al.), 754

ovine, effect of systemic infusions of dehydroisoandrosterone on distribution of uterine blood flow in (Rosenfeld and Worley), 385

triiodothyronine thyrotoxicosis in (Wallace and Gandhi), 106 (Comm. in brief)

Pregnant diabetic patients, unconjugated and total plasma estriol in management of, V. Estriol in pregnancy (Distler et al.), 424 women, lecithin/sphingomyelin ratio in amniotic fluid and its value for prediction of neonatal respiratory distress syn-

drome in (Mueller-Heubach et al.), 28

dog, inferior vena cava compression in (Abitbol), 194 ewe, cardiac output and uterine blood flow in (Clapp), 419

and nonpregnant sheep, systemic and uterine hemodynamic responses to dopamine in (Blanchard et al.), 669

patient with epilepsy, fetal circulatory collapse during induction of labor in (Webb, Petrie, and Pippenger), 727 (Comm. in brief

sheep, response of circulation of, to angiotensin and norepinephrine before and after dexamethasone (Edelstone et al.), 689

women, plasma levels of ampicillin in, following administration of ampicillin and pivampicillin (Philipson), 674

Prenatal determination of fetal sex, unreliability of, with use of Y-body fluorescence in midcervical smears (Amankwah and Bond).

ultrasonic diagnosis of occipital encephalocele (Miskin et al.), 585 (Comm. in brief)

Presentation, breech, cesarean section in management of (Lyons and Papsin), 558

at term (Bilodeau and Marier), 555

Pressure, blood, and heart rate of unanesthetized fetal lamb, effects of dopamine on (Harris and Van Petten), 211

infrahuman, and women, ovulation in, temporal relationships of estrogen, progesterone, and luteinizing hormone levels to (Pauerstein et al.), 876

Procurement and analysis, sperm, in Jewish law (Rosner), 627 Profile(s), endocrine, and clinical performance with contraceptive vaginal rings containing combination of estradiol and

d-norgestrel (Mishell et al.), 55 hormonal, as prognostic index of early threatened abortion (Jovanovic et al.), 274

Progesterone, blood-borne, in fetus, contribution of maternal circula-tion to. I. Studies on human subjects (Escarcena, Clark, and Gurpide), 462

II. Studies on sheep (Tseng et al.), 466

estrogen, and luteinizing hormone levels, temporal relationships of, to ovulation in women and infrahuman primates (Pauerstein et al.), 876

-induced pituitary release of prolactin and gonadotropin, impairment of, in patients with hypothalamic chronic anovulation (Rakoff, Rigg, and Yen), 807

maternal and cord prolactin, estradiol, 13,14-dihydro-15-keto-prostaglandin F_{2co} , and cord cortisol, interrelationships between, at delivery with respect to initiation of parturition (Haning et al.), 204

Prognostic index of early threatened abortion, hormonal profile as (Jovanovic et al.), 274

Prolactin, gonadotropin(s), and estradiol, serum, in menstruating and amenorrheic mothers during two years' lactation (Delvoye et al.), 635

impairment of progesterone-induced pituitary release of, in patients with hypothalamic chronic anovulation (Rakoff, Rigg, and Yen), 807

maternal and cord, progesterone, estradiol, 13,14-dihydro-15-keto-prostaglandin $F_{2\alpha}$, and cord cortisol, interrelationships between, at delivery with respect to initiation of parturition (Haning et al.), 204

normal serum, response of amenorrheic patients with, to chlorpromazine during administration of human menopausal gonadotropin (Turksoy), 887

Promethazine hydrochloride: use in patients with Rh isoimmunization (Stenchever), 665

in vitro, inhibition of polymorphonuclear and lymphocyte-mediated fetal red blood cell lysis by (Gusdon, Herbst, and Marriott), 391

Prophylaxis, antibiotic, endometrial and vaginal cuff bacteria recovered at elective hysterectomy during trial of (Grossman et

Prostaglandin(s) E2, oral, and oxytocin, effect of, on uterine contractility and fetal heart rate patterns (Friedman and Sachtleben), 403

F2α, arachidonic acid and other free fatty acid changes during abortion induced by (Ogburn et al.), 188

intra-amniotic, catecholamines during therapeutic abortion induced with (Brenner et al.), 178

Prostaglandin F2a-Cont'd

and its main metabolites, endogenous levels of, in plasma and endometrium of normal and dysmenorrheic women (Lundström and Gréen), 640 and other vasoactive substances, effect of, on uterine blood flow and

myometrial activity (Still and Greiss), 1

vasoconstrictive effects of, in sheep placental circulations (McLaughlin, Brennan, and Chez), 408

Protein metabolism during pregnancy, influence of jejunoileal by pass on (Woods et al.), 9

Pulmonary emboli, recurrent, massive intraperitoneal hemorrhage from ruptured ovarian cyst secondary to anticoagulant therapy for (Philip), 231 (Comm. in brief)

maturation in fetal lamb and rabbit, effects of NA872 on (Van Petten, Mears, and Taylor), 35

Purpura, immunologic thrombocytopenic, new approach to manage-ment of, in pregnancy (Ayromlooi), 235 (Comm. in brief)

Rabbit and lamb, fetal, pulmonary maturation in, effects of NA872 on (Van Petten, Mears, and Taylor), 35

vaginal tissue of, and cheek pouch of hamster, reaction of, to inserted collagen sponges treated with zinc or copper (Chvapil et al.), 63

Rape, alleged, forensic laboratory evaluation of evidence in (Soules et al.), 142

Ratio(s), lecithin/sphingomyelin, in amniotic fluid and its value for prediction of neonatal respiratory distress syndrome in pregnant diabetic women (Mueller-Heubach et al.), 28

in 132 insulin-dependent diabetic pregnancies (Tchobroutsky et al.), 754

positive correlation of optical density at 650 nm. with, in amniotic fluid (Sbarra et al.), 788

Real-time B-scan-directed amniocentesis (Platt, Manning, and Lemay), 700

Rectovaginal fistulas and complete perineal tears, surgical management of (Hibbard), 139

Relaxin concentrations, serum, in prostaglandin- and oxytocininduced labor in women (Hochman et al.), 473

Release, progesterone-induced pituitary, of prolactin and gonadotro-pin, impairment of, in patients with hypothalamic chronic

anovulation (Rakoff, Rigg, and Yen), 807
Renal transplant patients, immunosuppressed, cervical-vaginal flora of (Ohm, Scott, and Galask), 49

Reproductive failure, uterine T-mycoplasma colonization in (Stray-Pedersen, Eng, and Reikvam), 307

Residency education in 1980's (Brame and Parker), 329 Respiration, human fetal. IV. Failure of severe distress to stimulate aspiration of amniotic fluid by immature human fetus (Duenhoelter and Pritchard), 470

Respiratory .distress syndrome, neonatal, in pregnant diabetic women, lecithin/sphingomyelin ratio in amniotic fluid and its value for prediction of (Mueller-Heubach et al.), 28

Response(s) of amenorrheic patients with normal serum prolactin to chlorpromazine during administration of human meno-pausal gonadotropin (Turksoy), 887

of immature baboon fetal lung to intra-amniotic betamethasone (Kotas et al.), 712

maternal circulatory, to single dose of ritodrine hydrochloride during orthostasis in normal and hypertensive late pregnancy (Suonio, Olkkonen, and Lahtinen), 745

pituitary, to bolus and continuous intravenous infusion of luteinizing hormone-releasing factor in normal women and women

with polycystic ovarian syndrome (Mortimer et al.), 630 systemic and uterine hemodynamic, to dopamine in pregnant and nonpregnant sheep (Blanchard et al.), 669

therapeutic, morphologic correlates of: gestational trophoblastic neoplasms (Deligdisch, Driscoll, and Goldstein), 801

Retardation, intrauterine growth: preliminary report of long-term morbidity (Low et al.), 534 Rh-immunized twin with intestinal obstruction, spurious amniotic fluid

bilirubin in (Lavery and Cook), 233 (Comm. in brief) Rh isoimmunization, use in patients with: promethazine hydrochloride (Stenchever), 665

Rhesus fetal lung and glucocorticoids (Johnson et al.), 905

Ring(s), contraceptive vaginal, containing combination of estradiol and d-norgestrel, clinical performance and endocrine profiles with (Mishell et al.), 55

tubal ligation, Falope (Lalonde), 567

Ritodrine hydrochloride, single dose of, maternal circulatory response to, during orthostasis in normal and hypertensive late pregnancy (Suonio, Olkkonen, and Lahtinen), 745

and isoxsuprine, intravenous, with and without concomitant dexamethasone, effects of, on fetoplacental and pituitary hormones and cyclic adenosine monophosphate during late pregnancy (Ylikorkala et al.), 302

Roster of American obstetrical and gynecological societies, 120-123 (Roster)

Rupture, fatal uterine, during oxytocin-augmented, saline-induced abortion (Grimes et al.), 591 (Comm. in brief)

S

Saccharin (sugar substitutes), use of, and spontaneous abortion (Kline et al.), 708

Saline-induced oxytocin-augmented abortion, fatal uterine rupture during (Grimes et al.), 591 (Comm. in brief)

Sarcoma, endometrial: lymphatic spread pattern (DiSaia et al.), 104 (Comm. in brief)

Scan-directed amniocentesis, real-time B- (Platt, Manning, and Lemay), 700

Scoring system, clinical application of, for evaluation of antepartum fetal heart rate monitoring (Krebs and Petres), 765

Screening, mass, for breast cancer: current concepts (Schwartz et al.), 359 (Comm. in brief)

Semen analysis and fractional postcoital test, comparison of (Tredway, Buchanan, and Drake), 647

Serous cystadenofibroma of Fallopian tube: case report (Silverman, Artinian, and Sabin), 593 (Comm. in brief)

Serum (sera) concentration of bile acids in relation to normal menstrual cycle, administration of oral contraceptives, and pregnancy (Jones et al.), 593 (Comm. in brief)

corticosteroid-binding globulin, pharmacologic changes in binding capacity of, induced by conjugated estrogens, mestranol, and ethinyl estradiol, II. In vivo system in man for quantitation of estrogenicity (Moore et al.), 482

physiologic changes in binding capacity of, I. In vivo system in man for quantitation of estrogenicity (Moore et al.), 475

free testosterone concentration in: method for determination (Wiest et al.), 321

paired maternal-cord, concentrations of 24,25-dihydroxyvitamin D and 25-hydroxyvitamin D (Weisman et al.), 704

prolactin, gonadotropins, and estradiol in menstruating and amenorrheic mothers during two years' lactation (Delvoye et al.), 635

normal, response of amenorrheic patients with, to chlorpromazine during administration of human menopausal gonadotropin (Turksoy), 887

relaxin concentrations in prostaglandin- and oxytocin-induced labor in women (Hochman et al.), 473

Sex, fetal, unreliability of prenatal determination of, with use of Y-body fluorescence in midcervical smears (Amankwah and Bond), 300

Sexual transmission, inapparent, of herpes simplex virus type II infection with subsequent neonatal death: case report (Spence), 590 (Comm. in brief)

Sheep placental circulations, vasoconstrictive effects of prostaglandins in (McLaughlin, Brennan, and Chez), 408

pregnant and nonpregnant, systemic and uterine hemodynamic responses to dopamine in (Blanchard et al.), 669 response of circulation of, to angiotensin and norepinephrine be-

fore and after dexamethasone (Edelstone et al.), 689 studies on, II. Contribution of maternal circulation to blood-borne

progesterone in fetus (Tseng et al.), 466 Shield perforation, Dalkon, of uterus and urinary bladder with calculus formation: case report (Neutz, Silber, and Merendino), 848 (Comm. in brief)

Sickle cell disease, amniotic fluid spectral analysis in (Nelson and Donnell), 103 (Comm. in brief)

Sloughed urethra syndrome (Morgan, Farrow, and Sims), 521

Smears, midcervical, unreliability of prenatal determination of fetal sex with use of Y-body fluorescence in (Amankwah and Bond), 300

Societies, American obstetrical and gynecological, roster of, 120-123 (Roster)

Spectral analysis, amniotic fluid, in sickle cell disease (Nelson and Donnell), 103 (Comm. in brief)

Sperm procurement and analysis in Jewish law (Rosner), 627

Sphingomyelin/lecithin ratio(s) in amniotic fluid and its value for prediction of neonatal respiratory distress syndrome in pregnant diabetic women (Mueller-Heubach et al.), 28

in 132 insulin-dependent diabetic pregnancies (Tchobroutsky et

positive correlation of optical density at 650 nm. with, in amniotic fluid (Sbarra et al.), 788

Sponges, inserted collagen, treated with zinc or copper, reaction of vaginal tissue of rabbit and cheek pouch of hamster to (Chvapil et al.), 63

Spontaneous abortion(s), recurrent, embryonic developments in consecutive specimens from (Poland and Yuen), 512

and use of sugar substitutes (saccharin) (Kline et al.), 708 Squamous cell cancer, invasive, of vulva, lymph gland metastases in (Krupp and Bohm), 943

carcinoma, advanced, of cervix, treatment of, with cis-platinum (II) diamminedichloride (NSC-119875) (Cohen et al.), 853 (Comm. in brief)

human, of cervix and vagina, new tissue culture cell lines derived from (Porter et al.), 487

of uterine cervix, cellular immunity in (Levy et al.), 160 Static cystourethrogrmas, do, have role in investigation of female in-

continence? (Drutz, Shapiro, and Mandel), 516 Statistical method, quantitative, with use of minicomputer, and visual semiquantitative method, evaluation of fetal heart rate variability by (Kariniemi), 588 (Comm. in brief)

Statistics on circumcision in Canada and Australia (Wirth), 236 (Comm. in brief)

Steroid(s) concentrations, plasma, and ethinyl estradiol administration in ovariectomized women (Mahajan et al.), 398

oral contraceptive, factors affecting pituitary gonadotropin function in users of (Scott et al.), 817

Substrate specificity of phospholipase A₂ in human fetal membranes, X. Initiation of human parturition (Okazaki et al.), 432 Sugar substitutes (saccharin), use of, and spontaneous abortion (Kline

et al.), 708

Sulfate, bleomycin, and operation, successful long-term palliation of Stage IV vulvar carcinoma with (Yahia, Fuller, and Cloud), 360 (Comm. in brief)

Summary of analysis of published articles, 511 (Editorial)

Suppressive effect of normal pregnancy, IV. Spontaneous human lymphocyte-mediated cytotoxicity against tumor target cells (Baines, Pross, and Millar), 741

Surface-active material in human amniotic fluid (Frosolono and Roux), 562

Surgical management of rectovaginal fistulas and complete perineal tears (Hibbard), 139

Surviving children, intrauterine fetal transfusion, 1965-1976, with assessment of (White et al.), 933

Sympathomimetic drug, β_2 , hexoprenaline, effect(s) of, on maternal glucose, insulin, glucagon, and free fatty acid levels (Lipshitz and Vinik), 761

Syndrome, androluteoma, of pregnancy (Zander et al.), 170

Forbes-Albright (amenorrhea-galactorrhea), tomographic diagnosis of pituitary microadenomas in (Cohen, Dorfman, and Norwood), 822

meconium aspiration, following cesarean section (Carson, Simmons,

and Bowes), 596 (Comm. in brief) neonatal respiratory distress, in pregnant diabetic women, lecithin/ sphingomyelin ratio in amniotic fluid and its value for prediction of (Mueller-Heubach et al.), 28

polycystic ovarian, petuitary response to bolus and continuous intravenous infusion of luteinizing hormone-releasing factor in normal women and women with (Mortimer et al.), 630

sloughed urethra (Morgan, Farrow, and Sims), 521 System, in vivo, in man for quantitation of estrogenicity. I. Physiologic changes in binding capacity of serum corticosteroid-binding globulin (Moore et al.), 475

11. Pharmacologic changes in binding capacity of serum corticosteroid-binding globulin induced by conjugated estrogens, mestranol, and ethinyl estradiol (Moore et al.), 482

scoring, clinical application of, for evaluation of antepartum fetal heart rate monitoring (Krebs and Petres), 765

Systemic infusions of dehydroisoandrosterone, effect of, on distribution of uterine blood flow in ovine pregnancy (Rosenfeld and Worley), 385

lupus erythematosus, maternal, and congenital heart block (Berube et al.), 595 (Comm. in brief)

Systemic-Cont'd

and uterine hemodynamic responses to dopamine in pregnant and nonpregnant sheep (Blanchard et al.), 669

T-mycoplasma colonization, uterine, in reproductive failure (Stray-Pedersen, Eng, and Reikvam), 307

Target cells, tumor, spontaneous human lymphocyte-mediated cytotoxicity against. IV. Suppressive effect of normal pregnancy (Baines, Pross, and Millar), 741

Tears, complete perineal, and rectovaginal fistulas, surgical management of (Hibbard), 139

Teratoma, benign cystic, lactating breast tissue in (Oi and Dobbs), 729 (Comm. in breif)

Term, breech presentation at (Bilodeau and Marier), 555

Test(s), fractional postcoital, and semen analysis, comparison of (Tredway, Buchanan, and Drake), 647

negative oxytocin challenge, case of intrauterine fetal death after (Lorenz and Pagano), 232 (Comm. in brief)

oxytocin challenge, further challenge to validity of weekly interval between (Salerno and Kay), 849 (Comm. in brief) rapid, on amniotic fluid, assessment of, for estimating fetal lung

maturity (Copeland et al.), 225 Testosterone concentration, free, in serum: method for determination

(Wiest et al.), 321

Therapeutic abortions, safer method for paracervical block in (McKenzie and Shaffer), 317 and diagnostic approach, new, with CO2 hysteroscopy: cervical polyp

(David, Mettler, and Semm), 662 response, morphologic correlates of: gestational trophoblastic neop-

lasms (Deligdisch, Driscoll, and Goldstein), 801

Therapy, anticoagulant, for recurrent pulmonary emboli, massive intraperitoneal hemorrhage from ruptured ovarian cyst sec-

ondary to (Philip), 231 (Comm. in brief)
Thrombocytopenic purpura, immunologic, new approach to management of, in pregnancy (Ayromlooi), 235 (Comm. in

Thyroid hormone, enhancement of fetal lung maturity by intra-amniotic administration of (Mashiach et al.), 289

Thyrotoxicosis, triiodothyronine, in pregnancy (Wallace and Gandhi), 106 (Comm. in brief)

Tissue culture cell lines, new, derived from human squamous cell carcinoma of cervix and vagina (Porter et al.), 487

lactating breast, in benign cystic teratoma (Oi and Dobbs), 729 (Comm. in brief)

vaginal, of rabbit and cheek pouch of hamster, reaction of, to in-serted collagen sponges treated with zinc or copper (Chvapil et al.), 63

Tomographic diagnosis of pituitary microadenomas in Forbes-Albright syndrome (amenorrhea-galactorrhea) (Cohen, Dorfman, and Norwood), 822

Toxemic patients, maternal and fetal plasma from, effects of, on vas-omotility of human umbilical artery (Mauad-Filho and Meirelles), 718

Tract, female lower genital, ecologic niches in: cervical and vaginal bacterial flora (Bartlett et al.), 658

Transfer factor and possible applications in gynecology (Freedman et al.), 572 (Current developments)
Transfusion, intrauterine fetal, 1965-1976, with assessment of surviv-

ing children (White et al.), 933

Transmission, inapparent sexual, of herpes simplex virus type II infection with subsequent neonatal death: case report (Spence), 590 (Comm. in brief)

Transplant patients, immunosuppressed renal, cervical-vaginal flora of (Ohm, Scott, and Galask), 49

Triiodothyronine thyrotoxicosis in pregnancy (Wallace and Gandhi), 106 (Comm. in brief)

Trophoblastic neoplasms, gestational: morphologic correlates of therapeutic response (Deligdisch, Driscoll, and Goldstein), 801

Tubal ligation, Falope Ring (Lalonde), 567

Tube, Fallopian, serous cystadenofibroma of: case rerport (Silverman, Artinian, and Sabin), 593 (Comm. in brief)

Tumor target cells, spontaneous human lymphocyte-mediated cyto-oxicity against. IV. Suppressive effect of normal pregnancy (Baines, Pross, and Millar), 741

Twin, Rh-immunized, with intestinal obstruction, spurious amniotic fluid bilirubin in (Lavery and Cook), 233 (Comm. in brief)

U

- Ultrasonic diagnosis, prenatal, of occipital encephalocele (Miskin et al.), 585 (Comm. in brief)
- Ultrasound, diagnosis of cervical pregnancy by: case report (Raskin), 234 (Comm. in brief)
- Umbilical artery, human, vasomotility of, effects of maternal and fetal plasma from toxemic patients on (Mauad-Filho and Meirelles), 718
- Unconjugated and total plasma estriol in management of pregnant diabetic patients, V. Estriol in pregnancy (Distler et al.), 424 Urethra, loss of: report on 50 patients (Symmonds and Hill), 130
- syndrome, sloughed (Morgan, Farrow, and Sims), 521 Urinary bladder, perforation of, by laparoscope (Homburg and Segal),
 - 597 (Comm. in brief) and uterus, Dalkon Shield perforation of, with calculus formation:
 - case report (Neutz, Silber, and Merendino), 848 (Comm. in brief)
- Uterine activity and beat-to-beat variability of fetal heart rate, effects of paracervical block on (Miller et al.), 284
 - changes in cervical compliance at parturition independent of (Stys, Clewell, and Meschia), 414
- blood flow and cardiac output in prgnant ewe (Clapp), 419
- distribution of, in ovine pregnancy, effect of systemic infusions of dehydroisoandrosterone on (Rosenfeld and Worley), 385 and myometrial activity, effect of prostaglandins and other vas-
- oactive substances on (Still and Greiss), 1 cervix, human, collagen changes in, at parturition (Kleissl et al.), 748 Müllerian adenosarcoma of (Fayemi, Ali, and Braun), 734 (Comm. in brief)
- squamous cell carcinoma of, cellular immunity in (Levy et al.), 160 contractility and fetal heart rate patterns, effect of oxytocin and oral prostaglandin E2 on (Friedman, and Sachtleben), 403
- and missed abortion (Gustavii), 18 contraction-fetal heart rate patterns, changes in, associated with ec-
- lampsia (Paul, Koh, and Bernstein), 165 amenorrhea, and hypomenorrhea (Yaffe, Ron, and Polishuk), 599 (Comm. in brief)
- inhibiting drugs, comparative actions of (Schulman), 684
- rupture, fatal, during oxytocin-augmented saline-induced abortion (Grimes et al.), 591 (Comm. in brief)
- and systemic hemodynamic responses to dopamine in pregnant and nonpregnant sheep (Blanchard et al.), 669
- T-mycoplasma colonization in reproductive failure (Stray-Pedersen, Eng, and Reikvam), 307
- Uterus and urinary bladder, Dalkon Shield perforation of, with calculus formation: case report (Neutz, Silber, and Merendino), 848 (Comm. in brief)

- Vagina and cervix, new tissue culture cell lines derived from human squamous cell carcinoma of (Porter et al.), 487
- Vaginal and cervical bacterial flora: ecologic niches in female lower genital tract (Bartlett et al.), 658

- Vaginal and cervical-Cont'd
 - flora of immunosuppressed renal transplant patients (Ohm, Scott, and Galask), 49
- cuff and endometrial bacteria recovered at elective hysterectomy during trial of antibiotic prophylaxis (Grossman et al.),
- rings, contraceptive, containing combination of estradiol and d-norgestrel, clinical performance and endocrine profiles with (Mishell et al.), 55
- tissue of rabbit and cheek pouch of hamster, reaction of, to inserted collagen sponges treated with zinc or copper (Chvapil et al.), 63
- Vascular reactivity to angiotensin II infusion during gestation (Morris et al.), 379
- Vasoactive substances, other, effect of prostaglandins and, on uterine blood flow and myometrial activity (Still and Greiss), 1
- Vasoconstrictive effects of prostaglandins in sheep placental circula-tions (McLaughlin, Brennan, and Chez), 408
- Vasomotility of human umbilical artery, effects of maternal and fetal plasma from toxemic patients on (Mauad-Filho and Meirelles), 718
- Vena cava compression, inferior, in pregnant dog (Abitbol), 194 Verrucous carcinoma of cervix: problem in diagnosis and management (Rorat, Benjamin, and Richart), 851 (Comm. in brief)
- Virus type II infection, herpes simplex, inapparent sexual transmission of, with subsequent neonatal death: case report (Spence), 590 (Comm. in brief)
- Visual semiquantitative method and quantitative statistical method with use of minicomputer, evaluation of fetal heart rate variability by (Kariniemi), 588 (Comm. in breif)
- Vulva, lymph gland metastases in invasive squamous cell cancer of (Krupp and Bohm), 943
- Vulvar carcinoma, Stage IV, successful long-term palliation of, with operation and bleomycin sulfate (Yahia, Fuller and Cloud), 360 (Comm. in brief)

- Women, young, adenocarcinoma of endometrium and abnormal ovarian function in (Nisker, Ramzy, and Collins), 546
- Work load, practice, and demographic considerations, I. Manpower for obstetrics-gynecology (Mendenhall et al.), 927

Y-body fluorescence, unreliability of prenatal determination of fetal sex with use of, in midcervical smears (Amankwah and Bond), 300

- Zinc or copper, inserted collagen sponges treated with, reaction of vaginal tissue of rabbit and cheek pouch of hamster to (Chvapil et al.), 63
- Zonal morphologic differences, functional significance of, in normal human placenta (Teasdale), 773

Subject index*

A

Abdominal urethrocystopexy and vaginal sling urethroplasty, urodynamic evaluation of effects of, in women with stress incontinence (Henriksson and Ulmsten), 77

wall, spontaneous occurrence of progressive synergistic bacterial gangrene on (Daly, Lukowski, and Monif), 624 Aborter(s) and abortuses, cytogenetics of (Kajii and Ferrier), 33

Aborter(s) and abortuses, cytogenetics of (Kapi and Ferrier), 33 habitual, pancreatitis, cholecystitis, incompetent cervix, and premature labor in: Rare combination (Hochman, Dworkin, and Mamberg), 905 (Comm. in brief)

Abortion, early and late, comparison of women seeking (Fielding et al.), 304

elective midtrimester, hyperosmolar urea for (Burkman et al.), 10 failed, in septate uterus (McArdle), 910 (Comm. in brief)

Abortuses, aborters and, cytogenetics of (Kajii and Ferrier), 33 Abscess, pelvic, in association with intrauterine contraceptive device

Abscess, pelvic, in association with intrauterine contraceptive device (Scott), 149

Accelerations and decelerations fetal heart rate fetal movements as

Accelerations and decelerations, fetal heart rate, fetal movements associated with (Timor-Tritsch et al.), 276

Acids, free amino, in plasma throughout pregnancy (Schoengold, deFiore, and Parlett), 490 tissue concentrations of, in term human placentas (Philipps et al.),

881 unsaturated fatty, prolongation of rat gestation time by (Waltman et

al.), 735

Actinomyces israelii, cytologic detection and clinical significance of, in women using intrauterine conceptive devices (Spence et

al.), 295 Acuminata, congenital condylomata (Tang, Shermeta, and Wood), 912

(Comm. in brief)

Adenomyoma of ileum (Benisch and Peison), 582 (Comm. in brief)

Adenosine, influence of, on contractility of isolated vessels of human

Adenosine, influence of, on contractuity of isolated vessels of human placenta (Krygicz, Urban, and Małofiejew), 587 (Comm. in brief)

Adhesions, traumatic intrauterine, diagnostic and therapeutic hysteroscopy for (Sugimoto), 539

Adrenal, pituitary-, axis, primate fetal, in perinatal period (Jaffe et al.), 164

Adriamycin alone or in combination in 100 patients with carcinoma of cervix or vagina (Piver, Barlow, and Xynos), 311

African city, one, 12 United States cities and, causes of perinatal death in: Twins (Naeye et al.), 267

Age, birth weight, and sex. fetal, effect of, on cord blood immuno-

globulin values (Cederqvist, Ewool, and Litwin), 520 globulin values (Cederqvist, Ewool, and Litwin), 520 fetal, differentiation of amylase isozyme in amniotic fluid with (Ogita

et al.), 63 gestational, clinical estimation of: Rules for avoiding preterm deliv-

ery (Hertz et al.), 395 Agglutination tube test (UCG-Macrotube), new direct latex, for pregnancy, evaluation of (Mukherjee, Roth, and Batts), 701

(Comm. in brief)
Allergic dermatitis associated with administration of isoxsuprine during premature labor (Horowitz and Creasy), 225 (Comm. in

brief)
Amenorrhea-galactorrhea associated with testosterone-producing, solid granulosa cell tumor (Hatjis et al.), 226 (Comm. in

hyperprolactinemic, and abnormal sella, clinical, biochemical, and radiologic reversibility of, by thyroxine in patient with primary hypothyroidism (Tolis et al.), 850

hyperprolactinemic, treatment of, by intermittent administration of bromocryptine (CB 154) (Polatti et al.), 792 primary, isolated gonadal sex chromosome mosaicism in (Fujimoto

et al.), 699 (Comm. in brief) American Association of Obstetricians and Gynecologists, transactions,

eighty-eighth annual meeting—continued, 1-17 Amino acids, free, in plasma throughout pregnancy (Schoengold, deFiore, and Parlett), 490

МІ

Amino acids-Cont'd

tissue concentrations of, in term human placentas (Philipps et al.), 881

Aminophylline, uterine and cardiovascular effects of (Lipshitz), 716 Amniotic fluid, differentiation of amylase isozyme in, with fetal age (Ogita et al.), 63

human, developmental patterns of intestinal disaccharidases in (Potier, Melancon, and Dallaire), 73

phosphatidylglycerol in diabetic pregnancies (Cunningham et al.), $7\,19$

rhesus monkey, determination of disaturated lecithin in, as index of fetal lung maturity (Curbelo, Gail, and Farrell), 764 thromboplastic activity index of fetal maturity: Accelerated clot-

ting time (Hastwell), 650 membranes, human, microanatomy of (van Herendael, Oberti, and

Brosens), 872
Amylase isozyme in amniotic fluid, differentiation of, with fetal age
(Opira et al.) 63

(Ogita et al.), 63 Anaerobic microflora of vagina in children (Hammerschlag et al.), 853 Androgen, estrogen, and progestogen production by lipid cell tumor of ovary (Bonaventura et al.), 403

Anemia, severe, osteogenesis imperfecta and, monitoring of fetus with (Pokoly and Kiumehr), 818 (Comm. in brief)

Anesthesia, spinal, for laparoscopic tubal sterilization (Caceres and Kim), 219 (Comm. in brief)

Aneurysm, umbilical artery (Fortune and Östör), 339 (Comm. in brief) Angiotensin II, modification of vascular responsiveness to, in pregnant women by intravenously infused 5α-dihydroprogesterone (Everett et al.), 352

Anomalies, congenital, infectious mononucleosis and (Brown and Stenchever), 108 (Comm. in brief)

Antibody-coated bacteria, beta glucuronidase levels and presence of:

Comparison of two indirect methods for localizing site of urinary tract infection (Harris et al.), 647

double-, radioimmunoassay for detecting ovarian tumor-associated antigen fraction OCA in plasma, development of (Knauf and Urbach), 780

Anticoagulants, ovarian hemorrhage due to (Semchyshyn and Zuspan), 837

Antidepressants, tricyclic, effects of, on cardiovascular responses to norepinephrine and phenylephrine during pregnancy (Mason and Van Petten), 868

Antigen fraction OCA, ovarian tumor-associated, in plasma, development of double-antibody radioimmunoassay for detecting (Knauf and Urbach), 780

serial carcinoembryonic, favorable response to operation and chemotherapy in patient monitored with: Leiomyosarcoma of uterus with pulmonary metastases (Parente et al.), 812 (Comm. in brief)

Anti-Jsb, hemolytic disease of newborn due to (Purohit, Taylor, and Spivey), 755

Aorticoduodenal fistula, unique case of, following carcinoma of cervix (Gupta and Rogers), 110 (Comm. in brief)

Artery aneurysm, umbilical (Fortune and Östör), 339 (Comm. in brief)
Arthritis, rheumatoid, vaginitis complicating gold therapy for (Webster and Juden), 700 (Comm. in brief)
Aspiration biopsy, ultrasound-directed percutaneous, of periaortic

Aspiration biopsy, ultrasound-directed percutaneous, of periaortic lymph nodes in recurrence of cervical carcinoma (Berkowitz, Leavitt, and Knapp), 906

syndrome, meconium (Marshall et al.), 672

В

Bacteria, antibody-coated, beta glucuronidase levels and presence of:

Comparison of two indirect methods for localizing site of urinary tract infection (Harris et al.), 647

*May 1, 1-118; May 15, 119-232; June 1, 233-348; June 15, 349-472; July 1, 473-590; July 15, 591-706; August 1, 707-824; August 15, 825-940.

- Bacterial flora, cervical, in patients with gynecologic malignancies (Blythe), 438
- gangrene, progressive synergistic, spontaneous occurrence of, on abdominal wall (Daly, Lukowski, and Monif), 624
- Bacteriuria in puerperium: Evaluation of methods for collecting urine specimens (Eng, Torkildsen, and Christensen), 739 Banding procedure, laparoscopic tubal, complication of: Case report
- (Bell and Knab), 908 (Comm. in brief) Beam, carbon dioxide laser, treatment of cervical intraepithelial neo-
- plasia with (Carter et al.), 831
- Benign cystic teratoma of retrouterine pouch of Douglas (Lefkowitch, Fenoglio, and Richart), 818 (Comm. in brief) Biochemical, radiologic, and clinical reversibility of hyperprolactinemic galactorrhea-amenorrhea and abnormal sella by thyroxine in patient with primary hypothyroidism (Tolis et al.), 850
- Biological variation in biparietal diameter and its bearing on clinical
- ultrasonography (Jordaan), 53
 Biopsy, ultrasound-directed percutaneous aspiration, of periaortic lymph nodes in recurrence of cervical carcinoma (Berkowitz, Leavitt, and Knapp), 906
- Biparietal diameter, biological variation in, and its bearing on clinical
- ultrasonography (Jordaan), 53 Birth weight, infant death, self-selection problem, and maternal smoking (Hickey, Clelland, and Bowers), 805 (Current developments)
 - and maternal weight gain, how does maternal smoking affect? (Meyer), 888
 - sex, and age, fetal, effect of, on cord blood immunoglobulin values (Cederqvist, Ewool, and Litwin), 520
- Bleeding, postmenopausal, cytologic evaluation of endometrium in women with (Isaacs and Ross), 410
- Blood immunoglobulin values, cord, effect of fetal age, birth weight, and sex on (Cederqvist, Ewool, and Litwin), 520
- peripheral, human myometrium and, steroids in, during menstrual cycle (Runnebaum et al.), 628
- Body sizes, fetal head and, ultrasonic assessment of, in relation to normal and retarded fetal growth (Wladimiroff, Bloemsma, and Wallenburg), 857
- Books received, 472, 706, 918 Breathing, intermittent, before death in fetal lambs (Chapman et al.),
 - 894 movements, intrauterine fetal, observations of-Review (Wilds), 315 (Current developments)
- Breech presentation, term frank, randomized management of: Vagi-
- nal delivery vs. cesarean section (Collea et al.), 186 Bromocryptine (CB 154), treatment of hyperprolactinemic amenorrhea by intermittent administration of (Polatti et al.), 792

C

- Cancer, cervical, risk of, among electrocoagulated population (Kauraniemi, Räsänen-Virtanen, and Hakama), 533
- of cervix-Sexually transmitted disease (Sebastian, Leeb, and See), 620
- detection, primary-care physician and (Sack), 208
- of lower genital tract, plastic procedures in (Delgado), 775 Caproate, hydroxyprogesterone, endometrial carcinoma in Stein-Leventhal syndrome treated with (Eddy), 581 (Comm. in brief)
- Carbohydrate and lipid metabolism, effect of estrogen treatment for one year on, in women with normal and abnormal glucose tolerance test results (Spellacy, Buhi, and Birk), 87
- Carbon dioxide laser beam, treatment of cervical intraepithelial neoplasia with (Carter et al.), 831
- Carcinoembryonic antigen, serial, favorable response to operation and chemotherapy in patient monitored with: Leiomyosarcoma of uterus with pulmonary metastases (Parente et al.), 812 (Comm. in brief)
- Carcinoma, cervical, recurrence of, ultrasound-directed percutaneous aspiration biopsy of periaortic lymph nodes in (Berkowitz, Leavitt, and Knapp), 906 of cervix, unique case of aorticoduodenal fistula following (Gupta
 - and Rogers), 110 (Comm. in brief)
 - or vagina, adriamycin alone or in combination in 100 patients with (Piver, Barlow, and Xynos), 311
 - endometrial, in Stein-Leventhal syndrome treated with hydroxyprogesterone caproate (Eddy), 581 (Comm. in brief)

- Carcinoma-Cont'd
 - minute clear cell, of vagina with early metastasis to pelvic lymph nodes (Chambers, Rogers, and Julian), 223 (Comm. in
 - mixed cervical, latent herpes cervicitis and (Lauchlan), 109 (Comm. in brief)
 - squamous cell, of vulva, establishment and characterization of, in tissue culture and immunologic evaluation of host (Dodson et al.), 606
 - Stage IB, of cervix, Norwegian Radium Hospital, 1968-1970: Results of treatment and major complications. I. Lymphedema
 - (Martimbeau, Kjorstad, and Kolstad), 389 II endometrial: Two modalities of treatment (Hernandez et al.),
- Cardiac valve prostheses, pregnancy and its complications following (Lutz et al.), 460
- Cardiovascular effects, uterine and, of aminophylline (Lipshitz), 716 and respiratory function, maternal and fetal, effects of maternal hyperthermia on (Cefalo and Hellegers), 687 responses to norepinephrine and phenylephrine, effects of tricyclic
- antidepressants on, during pregnancy (Mason and Van Petten), 868
- Catechol-O-methyltransferase activity in erythrocytes of pregnant
- women (Bates et al.), 555 (Current investigation)
 Cauterization, importance of, to maintain healthy cervix (Peyton et al.),
- CB 154 (bromocryptine), treatment of hyperprolactinemic amenorrhea by intermittent administration of (Polatti et al.), 792
- Cell carcinoma, minute clear, of vagina with early metastasis to pelvic lymph nodes (Chambers, Rogers, and Julian), 223 (Comm. in brief)
 - squamous, of vulva, establishment and characterization of, in tissue culture and immunologic evaluation of host (Dodson et al.), 606
 - giant-, reparative granuloma, massive peripheral, of jaw: Pregnancy dependent tumor (Caillouette and Mattar), 176
 - passage, squamous, from peritoneal cavity to lymph glands and pulmonary lymphatics in malformed infant: Mechanism for endometriosis and pulmonary metastasis (Doshi and Fujikura), 221 (Comm. in brief)
- tumor, lipid, of ovary, androgen, estrogen, and progestogen production by (Bonaventura et al.), 403
 - testosterone-producing, solid granulosa, amenorrhea-galactor-rhea associated with (Hatjis et al.), 226 (Comm. in brief)
- Central Association of Obstetricians and Gynecologists, transactions, forty-fifth annual meeting, 349-468
- Cephalometry by real-time imaging: Critical evaluation (Hughey and Sabbagha), 825 (Clinical opinion)
- Cerebral metastases, choriocarcinoma with, coexistent with first pregnancy (Greene and McCue), 253
- Cervical bacterial flora in patients with gynecologic malignancies (Blythe), 438
- cancer, risk of, among electrocoagulated population (Kauraniemi, Räsänen-Virtanen, and Hakama), 533
- carcinoma, mixed, latent herpes cervicitis and (Lauchlan), 109 (Comm. in brief)
- recurrence of, ultrasound-directed percutaneous aspiration biopsy of periaortic lymph nodes in (Berkowitz, Leavitt, and Knapp), 906
- intraepithelial neoplasia, cryosurgical therapy of. III. Continuing follow-up (Kaufman and Irwin), 381
- treatment of, with carbon dioxide laser beam (Carter et al.), 831 Cervicitis, latent herpes, and mixed cervical carcinoma (Lauchlan), 109 (Comm. in brief)
- Cervix, cancer of-Sexually transmitted disease (Sebastian, Leeb, and See), 620
- carcinoma of, unique case of aorticoduodenal fistula following (Gupta and Rogers), 110 (Comm. in brief) healthy, importance of cauterization to maintain (Peyton et al.), 374
- incompetent, premature labor, pancreatitis, and cholecystitis in habitual aborter: Rare combination (Hochman, Dworkin, and Mamberg), 905 (Comm. in brief)
- Stage IB carcinoma of, Norwegian Radium Hospital, 1968-1970: Results of treatment and major complications. I. Lymphedema (Martimbeau, Kjorstad, and Kolstad), 389
- or vagina, carcinoma of, adriamycin alone or in combination in 100 patients with (Piver, Barlow, and Xynos), 311

- Cesarean section, prospective culturing technique for diagnosing endometritis at (Apuzzio et al.), 817 (Comm. in brief)
 - vs. vaginal delivery: Randomized management of term frank breech presentation (Collea et al.), 186
- Challenged intravaginally, mice, with herpes simplex virus types 1 and 2, effect of immunization on development of latent ganglionic infection in (Asher, Walz, and Notkins), 788
- Chemotherapy of human choriocarcinoma transplanted to nude mice (Hayashi et al.), 548
 - operation and, favorable response to, in patient monitored with se-rial carcinoembryonic antigen: Leiomyosarcoma of uterus with pulmonary metastases (Parente et al.), 812 (Comm. in brief
- Chest radiographs, serial, failure of, to predict recovery from respiratory distress syndrome (Kanto et al.), 757
- Childbirth, obstetric and psychological effects of psychoprophylactic
- preparation for (Charles et al.), 44 Children, anaerobic microflora of vagina in (Hammerschlag et al.), 853 Cholecystitis, pancreatitis, incompetent cervix, and premature labor in habitual aborter: Rare combination (Hochman, Dworkin,
- and Mamberg), 905 (Comm. in brief) Cholesterol, placental lactogen, chorionic gonadotropin, glucose, insulin, glucagon, and triglycerides, measurements of levels of: Acute effects of ritodrine infusion on maternal metabolism (Spellacy et al.), 637
- Choriocarcinoma with cerebral metastases coexistent with first pregnancy (Greene and McCue), 253
 - human, transplanted to nude mice, chemotherapy of (Hayashi et al.), 548
- primary gestational, of ovary (Benjamin and Rorat), 343 (Comm. in brief)
- Chorionic gonadotropin, glucose, insulin, glucagon, triglycerides, cholesterol, and placental lactogen, measurements of levels of: Acute effects of ritodrine infusion on maternal metabolism (Spellacy et al.), 637
 - human, diagnosis and management of pregnancy by radioreceptorassay of (Saxena and Landesman), 97 (Current devel-
 - measurements, first-trimester, as aid in diagnosis of early pregnancy disorders (Braunstein et al.), 25
- Chromosome mosaicism, isolated gonadal sex, in primary amenorrhea (Fujimoto et al.), 699 (Comm. in brief)
 - 1, inherited deletion-insertion, reproductive outcome in family with (Garver et al.), 345 (Comm. in brief)
- Y, clinical mixed gonadal dysgenesis without (Check et al.), 346 (Comm. in brief)
- Classic pages, 95-96, 217-218, 314, 469-470, 558-559, 695-696, 803-804, 903-904
- Clear cell carcinoma, minute, of vagina with early metastasis to pelvic lymph nodes (Chambers, Rogers, and Julian), 223 (Comm. in brief)
- Clinical opinion, 591-605, 825-830
- Clomiphene and conjugated estrogens, prenatal detection of familial t(1;7) (p32;p13) translocation transmitted in pregnancy occurring after administration of (Tegenkamp et al.), 815 (Comm. in brief)
- Clotting time, accelerated: Amniotic fluid thromboplastic activity index
- of fetal maturity (Hastwell), 650 Coitus, vaginal evisceration during: Case review (Hall et al.), 115 (Comm. in brief)
- Colposcopy, role of endocervical curettage in (Jafari and Sansguiri), 83 Communications in brief, 108-117, 219-228, 339-347, 581-589, 697-702, 812-822, 905-913
- Complication(s), its, pregnancy and, following cardiac valve prostheses (Lutz et al.), 460
 - of laparoscopic tubal banding procedure: Case report (Bell and Knab), 908 (Comm. in brief)

- (Sabbagha et al.), 113 (Comm. in brief)

 Diagnostic and therapeutic hysteroscopy for traumatic intrauterine adhesions (Sugimoto), 539
- adhesions (Sugimoto), 539 ultrasonography, intrauterine diagnosis of omphalocele by (Came-
- ron et al.), 821 (Comm. in brief)
 Diameter, biparietal, biological variation in, and its bearing on clinical
- ultrasonography (Jordaan), 53
 Diazepam administration, chronic, modification of ovine fetal respiratory-like activity by (Worthington, Piercy, and
- Smith), 749
 Dihydroprogesterone, 5α-, intravenously infused, modification of vascular responsiveness to angiotensin II in pregnant women
- by (Everett et al.), 352 Dioxide, carbon, laser beam, treatment of cervical intraepithelial neoplasia with (Carter et al.), 831
- Disaccharidases, intestinal, developmental patterns of, in human amniotic fluid (Potier, Melancon, and Dallaire), 73
- Disaturated lecithin in rhesus monkey amniotic fluid, determination of, as index of fetal lung maturity (Curbelo, Gail, and Farrell). 764
- Disease, Crohn's: "Its gynecologic aspect" (Donaldson), 196
- hemolytic, of newborn due to anti-Jsb (Purohit, Taylor, and Spivey),
- sexually transmitted—Cancer of cervix (Sebastian, Leeb, and See), 620
- Dissemination, local, of herpes simplex following soaking or sitz bathing (Chang), 342 (Comm. in brief)
- Distress, acute intrapartum fetal, method for management of: Intrauterine resuscitation with terbutaline (Arias), 39
- syndrome, neonatal respiratory, injection of corticosteroids into mother to prevent (Morrison et al.), 358
 - respiratory, failure of serial chest radiographs to predict recovery from (Kanto et al.), 757
- premature rupture of membranes and, relationship between (Berkowitz et al.), 503
- Dizygotic twins, prenatal diagnosis of Down syndrome in one of (Filkins et al.), 584 (Comm. in brief)

- Double-antibody radioimmunoassay for detecting ovarian tumorassociated antigen fraction OCA in plasma, development of (Knauf and Urbach), 780
- Douglas, retrouterine pouch of, benign cystic teratoma of (Lefkowitch, Fenoglio, and Richart), 818 (Comm. in brief)
- Down syndrome, prenatal diagnosis of, in one of dizygotic twins (Filkins et al.), 584 (Comm. in brief)
- Dysgenesis, clinical mixed gonadal, without Y chromosome (Check et al.), 346 (Comm. in brief)
- Dystocia, fetal cystic fibrosis presenting as, due to midgut volvulus with lethal perforation (Knox, Palmer, and Huddleston), 698 (Comm. in brief)
- Eclampsia, obfuscation of, by thrombotic thrombocytopenic purpura (Schwartz and Brenner), 18
 - E
- Eclamptic –pre-eclamptic women with postpartum hypertension, effect on: SQ 20,881 (Sullivan et al.), 707
- Education specialist: Evolution of Gynecology Teaching Associate (Kretzschmar), 367
- Elderly women, can estrogens be useful for treatment of vaginal relaxation in? (Stark et al.), 585 (Comm. in brief)
- Electrocoagulated population, risk of cervical cancer among (Kauraniemi, Räsänen-Virtanen, and Hakama), 593
- Emotional and psychosexual aspects of hysterectomy (Sloan), 598 (Clinical opinion)
- Endocervical curettage, role of, in colposcopy (Jafari and Sansguiri), 83 Endometrial carcinoma, Stage II: Two modalities of treatment (Hernandez et al.), 171
 - in Stein-Leventhal syndrome treated with hydroxyprogesterone caproate (Eddy), 581 (Comm. in brief)
- tumor, primary, metastatic melanoma simulating (Wood), 820 (Comm. in brief)
- Endometriosis, initial treatment of, with conservative surgery, reoperation after (Schenken and Malinak), 416
 - and pulmonary metastasis, mechanism for: Squamous cell passage from peritoneal cavity to lymph glands and pulmonary lymphatics in malformed infant (Doshi and Fujikura), 221 (Comm. in brief)
- Endometritis, herpesvirus hominis, in young woman wearing intrauterine contraceptive device (Abraham), 340 (Comm. in brief)
- prospective culturing technique for diagnosing, at cesarean section (Apuzzio et al.), 817 (Comm. in brief)
- Endometrium, cryocoagulation of, at uterine cornua (Droegemueller et al.), 1
- cytologic evaluation of, in women with postmenopausal bleeding (Isaacs and Ross), 410
- Endotoxin, effects of, on pregnant baboon and fetus (Morishima, Niemann, and James), 899
- Enterovaginal fistula, vaginography for (Adachi and Gold), 227 (Comm. in brief)
- Erythrocytes of pregnant women, catechol-O-methyltransferase activity in (Bates et al.), 555 (Current investigation)
- Estradiol-17β, progesterone, and human placental lactogen levels in third trimester and their respective values for detecting twin pregnancy (Batra, Sjöberg, and Åberg), 69
- Estriol-16α -glucosiduronate, direct radioimmunoassay for: Its use in determination of plasma and urine levels and renal clearance of this conjugate in pregnancy (Wright et al.), 255
- ance of this conjugate in pregnancy (Wright et al.), 255 Estrogen(s), can be useful for treatment of vaginal relaxation in elderly women? (Stark et al.), 585 (Comm. in brief)
- conjugated, clomiphene and, prenatal detection of familial t(1;7) (p32;p13) translocation transmitted in pregnancy occurring a fter administration of (Tegenkamp et al.), 815 (Comm. in brief)
- progestogen, and androgen production by lipid cell tumor of ovary (Bonaventura et al.), 403
- treatment for one year, effect of, on carbohydrate and lipid metabolism in women with normal and abnormal glucose tolerance test results (Spellacy, Buhi, and Birk), 87
- Evisceration, vaginal, during coitus: Case review (Hall et al.), 115 (Comm. in brief)

F

Failed abortion in septate uterus (McArdle), 910 (Comm. in brief) Falope Ring sterilization, laparoscopic (Chatman), 291

- Familial t(1;7)(p32;p13) translocation transmitted in pregnancy occurring after administration of clomiphene and conjugated estrogens, prenatal detection of (Tegenkamp et al.), 815 (Comm. in brief)
- Fatty acids, unsaturated, prolongation of rat gestation time by (Waltman et al.), 735
- Fetal age, birth weight, and sex, effect of, on cord blood immunoglobulin values (Cederqvist, Ewool, and Litwin), 520
 - differentiation of amylase isozyme in amniotic fluid with (Ogita et al.), 63
- breathing movements, intrauterine, observations of—Review (Wilds), 315 (Current developments)
- cardiovascular and respiratory function, maternal and, effects of maternal hyperthermia on (Cefalo amd Hellegers), 687
- cystic fibrosis presenting as dystocia due to midgut volvulus with lethal perforation (Knox, Palmer, and Huddleston), 698
- (Comm. in brief) distress, acute intrapartum, method for management of: Intrauterine resuscitation with terbutaline (Arias), 39
- head and body sizes, ultrasonic assessment of, in relation to normal and retarded fetal growth (Wladimiroff, Bloemsma, and Wallenburg), 857
- heart rate monitoring, continuous, in labor, assessment of (Kelso et al.), 526
- hyperinsulinism in rhesus isoimmunization (Brown, Brown, and Hey), 682
- lamb(s), intermittent breathing before death in (Chapman et al.), 894 pregnant sheep and, effects of dexamethasone on leukocyte counts in (Edelstone, Mueller-Heubach, and Caritis), 677
 - renal response of, to complete occlusion of umbilical cord (Daniel et al.), 514
- lung maturity, determination of disaturated lecithin in rhesus monkey amniotic fluid as index of (Curbelo, Gail, and Farrell), 764
- maternal-, hemorrhage: Its incidence and sensitizing effects (Jennings and Clauss), 725
- maturity, amniotic fluid thromboplastic activity index of: Accelerated clotting time (Hastwell), 650
- movements associated with fetal heart rate accelerations and decel-erations (Timor-Tritsch et al.), 276
- and neonatal risk, screening for, in postdate pregnancy (Schneider, Olson, and Curet), 473
- osteogenesis imperfecta congenita, diagnosis and management of, in labor (Zervoudakis et al.), 117 (Comm. in brief)
- pituitary-adrenal axis, primate, in perinatal period (Jaffe et al.), 164 respiratory-like activity, ovine, modification of, by chronic diazepam administration (Worthington, Piercy, and Smith), 749
- sheep, unanesthetized, technique for direct observation of (Maloney et al.), 281
- Fetus, influence of maternal psychological stress on (Morishima, Pedersen, and Finster), 286
- injury possibly inflicted by: Laceration of placental vein (Tuggle and Cook), 220 (Comm. in brief)
- with osteogenesis imperfecta and severe anemia, monitoring of (Pokoly and Kiumehr), 818 (Comm. in brief)
- pregnant baboon and, effects of endotoxin on (Morishima, Niemann, and James), 899
- Fibrinogen turnover in pregnant rabbits during first and last thirds of gestation (Müller-Berghaus, Moeller, and Mahn), 655
- Fibroids, submucous, new technique for and additional experience with hysteroscopic resection of (Neuwirth), 91 (Current investigation)
- Fibrosis, fetal cystic, presenting as dystocia due to midgut volvulus with lethal perforation (Knox, Palmer, and Huddleston), 698 (Comm. in brief)
- Fistula(s), aorticoduodenal, unique case of, following carcinoma of cervix (Gupta and Rogers), 110 (Comm. in brief)
- enterovaginal, vaginography for (Adachi and Gold), 227 (Comm. in
- urethrovaginal and vesicovaginal, surgical management of (Keettel et al.), 425
- Flora, cervical bacterial, in patients with gynecologic malignancies (Blythe), 438
- Fluid, amniotic, differentiation of amylase isozyme in, with fetal age (Ogita et al.), 63
- human amniotic, developmental patterns of intestinal disaccharidases in (Potier, Melancon, and Dallaire), 73
- phosphatidylglycerol, amniotic, in diabetic pregnancies (Cunningham et al.), 719

- Fluid-Cont'd
- rhesus monkey amniotic, determination of disaturated lecithin in, as index of fetal lung maturity (Curbelo, Gail, and Farrell), 764
- thromboplastic activity index, amniotic, of fetal maturity: Accelerated clotting time (Hastwell), 650
- Fraction OCA, ovarian tumor-associated antigen, in plasma, development of double-antibody radioimmunoassay for detecting (Knauf and Urbach) 780
- Frank breech presentation, term, randomized management of: Vaginal delivery vs. cesarean section (Collea et al.), 186
- Free amino acids in plasma throughout pregnancy (Schoengold, deFiore, and Parlett), 490
 - tissue concentrations of, in term human placentas (Philipps et al.), 881

- Galactorrhea, amenorrhea-, associated with testosterone-producing, solid granulosa cell tumor (Hatjis et al.), 226 (Comm. in brief)
 - hyperprolactinemic, and abnormal sella, clinical, biochemical, and radiologic reversibility of, by thyroxine in patient with primary hypothyroidism (Tolis et al.), 850
- Ganglionic infection, latent, effect of immunization on development of, in mice challenged intravaginally with herpes simplex virus types 1 and 2 (Asher, Walz, and Notkins), 788
- Gangrene, progressive synergistic bacterial, spontaneous occurrence of, on abdominal wall (Daly, Lukowski, and Monif), 624
- Genital tract, lower, plastic procedures in cancer of (Delgado), 775 Gestation, fibrinogen turnover in pregnant rabbits during first and last thirds of (Müller-Berghaus, Moeller, and Mahn), 655
- time, rat, prolongation of, by unsaturated fatty acids (Waltman et al.), 735
- 22 weeks', ultrasound diagnosis of occipitothoracic meningocele at (Sabbagha et al.), 113 (Comm. in brief)
- Gestational age, clinical estimation of: Rules for avoiding preterm delivery (Hertz et al.), 395
- choriocarcinoma, primary, of ovary (Benjamin and Rorat), 343 (Comm. in brief)
- hypertension, use of supine pressor test to prevent, in primigravid women (Thompson and Mueller-Heubach), 661 Gestationis, herpes: Clinical features of immunologically proved cases
- (Carruthers), 865
- Giant-cell reparative granuloma, massive peripheral, of jaw: Pregnancy dependent tumor (Caillouette and Mattar), 176
- Glands, lymph, and pulmonary lymphatics, squamous cell passage from peritoneal cavity to, in malformed infant: Mechanism for endometriosis and pulmonary metastasis (Doshi and Fujikura), 221 (Comm. in brief)
- Glucagon, triglycerides, cholesterol, placental lactogen, chorionic gonadotropin, glucose, and insulin, measurements of levels of: Acute effects of ritodrine infusion on maternal
- metabolism (Spellacy et al.), 637 Glucocorticoids, effect of, on maturation of premature lung membranes (Thornfeldt et al.), 143
- Glucose, insulin, glucagon, triglycerides, cholesterol, placental lactogen, and chorionic gonadotropin, measurements of levels of: Acute effects of ritodrine infusion on maternal metabolism (Spellacy et al.), 637
- tolerance test results, normal and abnormal effect of estrogen treatment for one year on carbohydrate and lipid metabolism in
- women with (Spellacy, Buhi, and Birk), 87 Glucosiduronate, estriol-16α-, direct radioimmunoassay for: Its use in determination of plasma and urine levels and renal clearance of this conjugate in pregnancy (Wright et al.), 255
- Glucuronidase, beta, levels and presence of antibody-coated bacteria: Comparison of two indirect methods for localizing site of urinary tract infection (Harris et al.), 647
- Glycoprotein, β_1 -, determinants, pregnancy-specific, two pregnancy-
- associated serum proteins with (Teisner et al.), 262
 Gold therapy for rheumatoid arthritis, vaginitis complicating (Webster and Juden), 700 (Comm. in brief)
- Gonadal dysgenesis, clinical mixed, without Y chromosome (Check et al.), 346 (Comm. in brief)
- sex chromosome mosaicism, isolated, in primary amenorrhea (Fujimoto et al.), 699 (Comm. in brief)

- Gonadotropin, chorionic, glucose, insulin, glucagon, triglycerides, cholesterol, and placental lactogen, measurements of levels of: Acute effects of ritodrine infusion on maternal metabolism (Spellacy et al.), 637
 - human chorionic, diagnosis and management of pregnancy by radioreceptorassay of (Saxena and Landesman), 97 (Current developments)
- measurements, first-trimester chorionic, as aid in diagnosis of early pregnancy disorders (Braunstein et al.), 25
- receptors of human corpus luteum during menstrual cycle and pregnancy (Halme et al.), 728
- Granuloma, massive peripheral giant-cell reparative, of jaw: Preg-nancy dependent tumor (Caillouette and Mattar), 176
- Granulosa cell tumor, testosterone-producing, solid, amenorrheagalactorrhea associated with (Hatjis et al.), 226 (Comm. in brief
- Growth, normal and retarded fetal, ultrasonic assessment of fetal head and body sizes in relation to (Wladimiroff, Bloemsma, and Wallenburg), 857
- retardation, intrauterine, diagnosis of, by simple clinical method: Measurement of uterine height (Belizán et al.), 643
- Gynecologic aspect, its: "Crohn's disease" (Donaldson), 196 malignancies, cervical bacterial flora in patients with (Blythe), 438
- Gynecology Teaching Associate, evolution of: Education specialist (Kretzschmar), 367

- Habitual aborter, pancreatitis, cholecystitis, incompetent cervix, and premature labor in: Rare combination (Hochman, Dworkin, and Mamberg), 905
- Head and body sizes, fetal, ultrasonic assessment of, in relation to normal and retarded fetal growth (Wladimiroff, Bloemsma, and Wallenburg), 857
- Heart rate accelerations and decelerations, fetal, fetal movements associated with (Timor-Tritsch et al.), 276 monitoring, continuous fetal, in labor, assessment of (Kelso et al.),
- Height, uterine, measurement of: Diagnosis of intrauterine growth retardation by simple clinical method (Belizán et al.), 643
- Hemolytic disease of newborn due to anti-Js^b (Purohit, Taylor, and Spivey), 755
- Hemorrhage, maternal-fetal: Its incidence and sensitizing effects (Jennings and Clauss), 725
- ovarian, due to anticoagulants (Semchyshyn and Zuspan), 837 Herpes cervicitis, latent, and mixed cervical carcinoma (Lauchlan), 109
- (Comm. in brief) gestationis: Clinical features of immunologically proved cases (Car-
- ruthers), 865
- simplex, local dissemination of, following soaking or sitz bathing (Chang), 342 (Comm. in brief)
- virus types 1 and 2, effect of immunization on development of latent ganglionic infection in mice challenged intravaginally with (Asher, Walz, and Notkins), 788
- Herpesvirus hominis endometritis in young woman wearing intrauterine contraceptive device (Abraham), 340 (Comm. in brief)
- Hominis, herpesvirus, endometritis in young woman wearing intrauterine contraceptive device (Abraham), 340 (Comm. in brief)
- Host, immunologic evaluation of, establishment and characterization of squamous cell carcinoma of vulva in tissue culture and (Dodson et al.), 606
- Human chorionic gonadotropin, diagnosis and management of pregnancy by radioreceptorassay of (Saxena and Landesman), 97 (Current developments)
- placental lactogen, estradiol-17\(\beta\), and progesterone levels in third trimester and their respective values for detecting twin pregnancy (Batra, Sjöberg, and Åberg), 69 Hydatidiform mole, syndromes of. I. Cytogenetic and morphologic correlations (Szulman and Surti), 665
- Hydrops fetalis, nonimmunologic (Turski et al.), 586 (Comm. in brief) Hydroxyprogesterone caproate, endometrial carcinoma in Stein-Leventhal syndrome treated with (Eddy), 581 (Comm. in
- Hyperinsulinism, fetal, in rhesus isoimmunization (Brown, Brown, and Hev), 682
- Hyperosmolar urea for elective midtrimester abortion (Burkman et al.), 10

- Hyperprolactinemic amenorrhea, treatment of, by intermittent admin
 - istration of bromocryptine (CB 154) (Polatti et al.), 792 galactorrhea-amenorrhea, and abnormal sella, clinical, biochemical, and radiologic reversibility of, by thyroxine in patient with primary hypothyroidism (Tolis et al.), 850
- Hypertension, gestational, use of supine pressor test to prevent, in primigravid women (Thompson and Mueller-Heubach), 661
- persistent pulmonary, in neonate: Development of animal model (Drummond and Bissonnette), 761
- postpartum, effect on eclamptic-pre-eclamptic women with: SQ
- 20,881 (Sullivan et al.), 707 pregnancy-induced, problems encountered in treatment of (Zuspan), 591 (Clinical opinion)
- Hypertensive pregnancies, effect of supine and lateral positions on intra-arterial pressure in (Hovinga, Aarnoudse, and Huisjes), 233
- Hyperthermia, maternal, effects of, on maternal and fetal cardiovascular and respiratory function (Cefalo and Hellegers), 687
- Hypothyroidism, primary, clinical, biochemical, and radiologic reverof hyperprolactinemic galactorrhea-amenorrhea and abnormal sella by thyroxine in patient with (Tolis et al.), 850
- Hysterectomy, emotional and psychosexual aspects of (Sloan), 598 (Clinical opinion)
 - From women to women (Richards), 446
 - vaginal, salpingo-oophorectomy at time of (Smale et al.), 122
- Hysteroscopic resection of submucous fibroids, new technique for and additional experience with (Neuwirth), 91 (Current investigation)
- Hysteroscopy, diagnostic and therapeutic, for traumatic intrauterine adhesions (Sugimoto), 539

- Ileum, adenomyoma of (Benisch and Peison), 582 (Comm. in brief) Imaging, real-time, cephalometry by: Critical evaluation (Hughey and Sabbagha), 825 (Clinical opinion)
- Immunization, effect of, on development of latent ganglionic infection in mice challenged intravaginally with herpes simplex virus
- types 1 and 2 (Asher, Walz, and Notkins), 788 Immunoglobulin values, cord blood, effect of fetal age, birth weight, and sex on (Cederqvist, Ewool, and Litwin), 520
- Immunologic aspects of malignancy (Pirofsky), 180
- evaluation of host, establishment and characterization of squamous cell carcinoma of vulva in tissue culture and (Dodson et al.), 606
- Immunologically proved cases, clinical features of: Herpes gestationis (Carruthers), 865
- Imperfecta, osteogenesis, and severe anemia, monitoring of fetus with
- (Pokoly and Kiumehr), 818 (Comm. in brief)
 Incompetent cervix, premature labor, pancreatitis, and cholecystitis in habitual aborter: Rare combination (Hochman, Dworkin, and Mamberg), 905 (Comm. in brief)
- Incontinence, stress, urodynamic evaluation of effects of abdominal urethrocystopexy and vaginal sling urethroplasty in women with (Henriksson and Ulmsten), 77
- Infant(s), course, outsome, and obesity prognosis in: Pregnancy in massively obese (Edwards et al.), 479
 - death, self-selection problem, maternal smoking, and birth weight (Hickey, Clelland, and Bowers), 805 (Current developments)
- exposed to ultrasound in utero, one-year follow-up of (Scheidt, Stanley, and Bryla), 743
- malformed, squamous cell passage from peritoneal cavity to lymph glands and pulmonary lymphatics in: Mechanism for endometriosis and pulmonary metastasis (Doshi and Fujikura), 221 (Comm. in brief)
- Infection, latent ganglionic, effect of immunization on development of, in mice challenged intravaginally with herpes simplex virus types 1 and 2 (Asher, Walz, and Notkins), 788
 - urinary tract, comparison of two indirect methods for localizing site of: Beta glururonidase levels and presence of antibodycoated bacteria (Harris et al.), 647
- Infectious mononucleosis and congenital anomalies (Brown and Stenchever), 108 (Comm. in brief)
- Infused 5α-dihydroprogesterone, intravenously, modification of vascular responsiveness to angiotensin II in pregnant women by (Everett et al.), 352

- Infusion, continuous insulin, use of, for peripartum management of pregnant diabetic women (Yeast, Porreco, and Ginsberg), 861
- ritodrine, acute effects of, on maternal metabolism: Measurements of levels of glucose, insulin, glucagon, triglycerides, cholesterol, placental lactogen, and chorionic gonadotropin (Spellacy et al.), 637
- Inherited deletion-insertion chromosome 1, reproductive outcome in family with (Garver et al.), 345 (Comm. in brief)
- Injection of corticosteroids into mother to prevent neonatal respiratory distress syndrome (Morrison et al.), 358 Injury possibly inflicted by fetus: Laceration of placental vein (Tuggle
- and Cook), 220 (Comm. in brief)
 Insertion, deletion-, chromosome 1, inherited, reproductive outcome
- Insertion, detection-, chromosome 1, inherited, reproductive outcome in family with (Garver et al.), 345 (Comm. in brief) Insulin, glucagon, triglycerides, cholesterol, placental lactogen
- Insulin, glucagon, triglycerides, cholesterol, placental lactogen, chorionic gonadotropin, and glucose, measurements of levels of: Acute effects of ritodrine infusion on maternal metabolism (Spellacy et al.), 637
- infusion, continuous, use of, for peripartum management of pregnant diabetic women (Yeast, Porreco, and Ginsberg), 861 Intestinal disaccharidases, developmental patterns of, in human am-
- Intestinal disaccharidases, developmental patterns of, in numan amniotic fluid (Potier, Melancon, and Dallaire), 73 Intra-arterial pressure, effect of supine and lateral positions on, in
- Intra-arterial pressure, effect of supine and lateral positions on, in hypertensive pregnancies (Hovinga, Aarnoudse, and Huisjes), 233
- Intraepithelial neoplasia, cervical, cryosurgical therapy of. III. Continuing follow-up (Kaufman and Irwin), 381 treatment of, with carbon dioxide laser beam (Carter et al.), 831
- treatment of, with carbon dioxide laser beam (Carter et al.), 831 Intramural pregnancy with uterine rupture (Cava and Russell), 214 Intrapartum fetal distress, acute, method for management of: Intrauterine resuscitation with terbutaline (Arias), 39
- Intrauterine adhesions, traumatic, diagnostic and therapeutic hysteroscopy for (Sugimoto), 539
 - contraceptive device(s), cytologic detection and clinical significance of Actinomyces israelii in women using (Spence et al.), 295
 - herpesvirus hominis endometritis in young woman wearing (Abraham), 340 (Comm. in brief)
- pelvic abscess in association with (Scott), 149 diagnosis of omphalocele by diagnostic ultrasonography (Cameron et al.), 821 (Comm. in brief)
- fetal breathing movements, observations of—Review (Wilds), 315 (Current developments)
- growth retardation, diagnosis of, by simple clinical method: Measurement of uterine height (Belizán et al.), 643
- resuscitation with terbutaline: Method for management of acute intrapartum fetal distress (Arias), 39
- transfusion with use of phased array ultrasonography: New technique (Frigoletto et al.), 273
- Intravaginally, mice challenged, with herpes simplex virus types 1 and 2, effect of immunization on development of latent ganglionic infection in (Asher, Walz, and Notkins), 788
- Intravenously infused 5α -dihydroprogesterone, modification of vascular responsiveness to angiotensin II in pregnant women by (Everett et al.), 352
- Isoimmunization, rhesus, fetal hyperinsulinism in (Brown, Brown, and Hey), 682
- Isoxsuprine, administration of, during premature labor, allergic dermatitis associated with (Horowitz and Creasy), 225 (Comm. in brief)
- Isozyme, amylase, in amniotic fluid, differentiation of, with fetal age (Ogita et al.), 63
- Israelii, Actinomyces, cytologic detection and clinical significance of, in women using intrauterine contraceptive devices (Spence et al.), 295
- Items, 118, 348, 590, 823-824

M

- Jaw, massive peripheral giant-cell reparative granuloma of: Pregnancy dependent tumor (Caillouette and Mattar), 176
- Jsb, anti-, hemolytic disease of newborn due to (Purohit, Taylor, and Spivey), 755

L

Labor, assessment of continuous fetal heart rate monitoring in (Kelso et al.), 526

- Labor-Cont'd
- diagnosis and management of fetal osteogenesis imperfecta congenita in (Zervoudakis et al.), 117 (Comm. in brief)
- human, plasma prostaglandin metabolites in (Lackritz et al.), 484 new classification for risk assessment during: Meconium passage (Meis et al.), 509
- premature, allergic dermatitis associated with administration of isoxsuprine during (Horowitz and Creasy), 225 (Comm. in brief)
 - incompetent cervix, pancreatitis, and cholecystitis in habitual aborter: Rare combination (Hochman, Dworkin, and Mamberg), 905 (Comm. in brief)
- Laceration of placental vein: Injury possibly inflicted by fetus (Tuggle and Cook), 220 (Comm. in brief)
- Lactogen, human placental, estradiol-17β, and progesterone levels in third trimester and their respective values for detecting twin pregnancy (Batra, Sjöberg, and Åberg), 69
- placental, chorionic gonadotropin, glucose, insulin, glucagon, triglycerides, and cholesterol, measurements of levels of: Acute effects of ritodrine infusion on maternal metabolism (Spellacy et al.), 637
- Laparoscopic Falope Ring sterilization (Chatman), 291
- tubal banding procedure, complication of: Case report (Bell and Knab), 908 (Comm. in brief)
 - sterilization, spinal anesthesia for (Caceres and Kim), 219 (Comm. in brief)
- Laser beam, carbon dioxide, treatment of cervical intraepithelial neoplasia with (Carter et al.), 831
- plasia with (Carter et al.), 831 Latent ganglionic infection, effect of immunization on development of, in mice challenged intravaginally with herpes simplex virus types 1 and 2 (Asher, Walz, and Notkins), 788
- herpes cervicitis and mixed cervical carcinoma (Lauchlan), 109 (Comm. in brief)
- Lateral positions, supine and, effect of, on intra-arterial pressure in hypertensive pregnancies (Hovinga, Aarnoudse, and Huisjes), 233
- Latex agglutination tube test (UCG-Macrotube), new direct, for pregnancy, evaluation of (Mukherjee, Roth, and Batts), 701 (Comm. in brief)
- Lecithin, disaturated, in rhesus monkey amniotic fluid, determination of, as index of fetal lung maturity (Curbelo, Gail, and Farrell), 764
- Leiomyosarcoma of uterus with pulmonary metastases: Favorable response to operation and chemotherapy in patient monitored with serial carcinoembryonic antigen (Parente et al.), 812 (Comm. in brief)
- Leukocyte counts, effects of dexamethasone on, in pregnant sheep and fetal lambs (Edelstone, Mueller-Heubach, and Caritis), 677
- Ligament repair, Cooper, of vaginal vault prolapse twenty-eight years later (Langmade, Oliver, and White), 134
- Lipid cell tumor of ovary, androgen, estrogen, and progestogen production by (Bonaventura et al.), 403
- metabolism, carbohydrate and, effect of estrogen treatment for one year on, in women with normal and abnormal glucose tolerance test results (Spellacy, Buhi, and Birk), 87
- Loading test, dehydroepiandrosterone sulfate, clinical value of, in normal and pathologic pregnancies (Strecker et al.), 239

 Lung matrix, feat, determination of discussive discipling in physics
- Lung maturity, fetal, determination of disaturated lecithin in rhesus monkey amniotic fluid as index of (Curbelo, Gail, and Farrell), 764
- membranes, premature, effect of glucocorticoids on maturation of (Thornfeldt et al.), 143
- Luteum, human corpus, gonadotropin receptors of, during menstrual cycle and pregnancy (Halme et al.), 728
- Lymph glands and pulmonary lymphatics, squamous cell passage from peritoneal cavity to, in malformed infant: Mechanism for endometriosis and pulmonary metastasis (Doshi and Fujikura), 221 (Comm. in brief)
- nodes, pelvic, minute clear cell carcinoma of vagina with early metastasis to (Chambers, Rogers, and Julian), 223 (Comm. in brief)
- periaortic, ultrasound-directed percutaneous aspiration biopsy of, in recurrence of cervical carcinoma (Berkowitz, Leavitt, and Knapp), 906
- Lymphatics, pulmonary, lymph glands and, squamous cell passage from peritoneal cavity to, in malformed infant: Mechanism for endometriosis and pulmonary metastasis (Doshi and Fujikura), 221 (Comm. in brief)

Lymphedema, I. Stage IB carcinoma of cervix, Norwegian Radium Hospital, 1968-1970: Results of treatment and major complications (Martimbeau, Kjorstad, and Kolstad), 389

M

- Malformed infant, squamous cell passage from peritoneal cavity to lymph glands and pulmonary lymphatics in: Mechanism for endometriosis and pulmonary metastasis (Doshi and Fujikura), 221 (Comm. in brief)
- Malignancy (malignancies), gynecologic, cervical bacterial flora in patients with (Blythe), 438
- immunologic aspects of (Pirofsky), 180

- Smith, and Gallagher), 845 Maternal-fetal hemorrhage: Its incidence and sensitizing effects (Jennings and Clauss), 725
- hyperthermia, effects of, on maternal and fetal cardiovascular and respiratory function (Cefalo and Hellegers), 687
- metabolism, acute effects of ritodrine infusion on: Measurements of glucose, insulin, glucagon, triglycerides, cholesterol, placental lactogen, and chorionic gonadotropin (Spellacy et al.), 637
- peripheral testosterone levels during first half of pregnancy (Klinga, Bek, and Runnebaum), 60
- psychological stress, influence of, on fetus (Morishima, Pedersen, and Finster), 286
- and Finster), 286 smoking, birth weight, infant death, and self-selection problem (Hickey, Clelland, and Bowers), 805 (Current developments)
- how does, affect birth weight and maternal weight gain? (Meyer),
- Maturation of premature lung membranes, effect of glucocorticoids on
- (Thornfeldt et al.), 143
 Maturity, fetal, amniotic fluid thromboplastic activity index of: Accel
 - erated clotting time (Hastwell), 650 lung, determination of disaturated lecithin in rhesus monkey amniotic fluid as index of (Curbelo, Gail, and Farrell), 764
- Meconium aspiration syndrome (Marshall et al.), 672 passage: New classification for risk assessment during labor (Meis et
- passage: New classification for risk assessment during labor (Meis al.), 509
- Medical societies, regional specialty (Breese), 119
- Melanoma, metastatic, simulating primary endometrial tumor (Wood), 820 (Comm. in brief)
- Membranes, human amniotic, microanatomy of (van Herendael, Oberti, and Brosens), 872 premature lung, effect of glucocorticoids on maturation of
- (Thornfeldt et al.), 143
 rupture of, and respiratory distress syndrome, relationship be-
- tween (Berkowitz et al.), 503

 Meningocele, occipitothoracic, ultrasound diagnosis of, at 22 weeks
- Meningocele, occipitothoracic, ultrasound diagnosis of, at 22 weeks gestation (Sabbagha et al.), 113 (Comm. in brief)
- Menstrual cycle and pregnancy, gonadotropin receptors of human corpus luteum during (Halme et al.), 728
- steroids in human myometrium and peripheral blood during (Runnebaum et al.), 628 Metabolism, carbohydrate and lipid, effect of estrogen treatment for
- Metabolism, carbohydrate and lipid, effect of estrogen treatment for one year on, in women with normal and abnormal glucose tolerance test results (Spellacy, Buhi, and Birk), 87
- maternal, acute effects of ritodrine infusion on: Measurements of glucose, insulin, glucagon, triglycerides, cholesterol, placental lactogen, and chorionic gonadotropin (Spellacy et al.), 637
- Metabolites, plasma prostaglandin, in human labor (Lackritz et al.), 484
- Metastasis (metastases), cerebral, choriocarcinoma with, coexistent with first pregnancy (Greene and McCue), 253
- early, to pelvic lymph nodes, minute clear cell carcinoma of vagina with (Chambers, Rogers, and Julian), 223 (Comm. in brief)
- pulmonary, endometriosis and, mechanism for: Squamous cell passage from peritoneal cavity to lymph glands and pulmonary lymphatics in malformed infant (Doshi and Fujikura), 221 (Comm. in brief)
- leiomyosarcoma of uterus with: Favorable response to operation and chemotherapy in patient monitored with serial carcinoembryonic antigen (Parente et al.), 812 (Comm. in brief)

- Metastatic melanoma simulating primary endometrial tumor (Wood), 820 (Comm. in brief)
- Methyltransferase, catechol-O-, activity in erythrocytes of pregnant women (Bates et al.), 555 (Current investigation)
- Microanatomy of human amniotic membranes (van Herendael, Oberti, and Brosens), 872
- Microflora, anaerobic, of vagina in children (Hammerschlag et al.), 853 Midgut volvulus with lethal perforation, fetal cystic fibrosis presenting as dystocia due to (Knox, Palmer, and Huddleston), 698 (Comm. in brief)
- Midtrimester abortion, elective, hyperosmolar urea for (Burkman et al.), 10
- Minilaparotomy tubal sterilization (Sandmire), 453
- Mole, hydatidiform, syndromes of. I. Cytogenetic and morphologic correlations (Szulman and Surti), 665
- Monitored, patient, with serial carcinoembryonic antigen, favorable response to operation and chemotherapy in: Leiomyosarcoma of uterus with pulmonary metastases (Parente et al.), 812 (Comm. in brief)
- Monitoring, continuous fetal heart rate, in labor, assessment of (Kelso et al.), 526
 - of tissue pH, evaluation of, in cats (Hochberg et al.), 770
- of fetus with osteogenesis imperfecta and severe anemia (Pokoly and Kiumehr), 818 (Comm. in brief)
- Mononucleosis, infectious, and congenital anomalies (Brown and Stenchever), 108 (Comm. in brief)
- Morbidity, perinatal, diabetic pregnancy and (Kitzmiller et al.), 560 (Current developments)
- Morphologic correlations, cytogenetic and, I. Syndromes of hydatidiform mole (Szulman and Surth), 665

 Mosaicism isolated governous company amenorthes
- Mosaicism, isolated gonadal sex chromosome, in primary amenorrhea (Fujimoto et al.), 699 (Comm. in brief)
- Mother(s), injection of corticosteroids into, to prevent neonatal respiratory distress syndrome (Morrison et al.), 358
 - nursing, prolactin levels in (Bunner, VanderLaan, and Vander-Laan), 250
- Movements, fetal, associated with fetal heart rate accelerations and decelerations (Timor-Tritsch et al.), 276
- intrauterine fetal breathing, observations of—Review (Wilds), 315 (Current developments)
- Myometrial and placental tissues, human, steroid concentrations in, at week 39 of pregnancy (Ferré et al.), 500
- Myometrium and peripheral blood, human, steroids in, during menstrual cycle (Runnebaum et al.), 628

N

- Neonatal respiratory distress syndrome, injection of corticosteroids into mother to prevent (Morrison et al.), 358
- risk, fetal and, screening for, in postdate pregnancy (Schneider, Olson, and Curet), 473
- Neonate, persistent pulmonary hypertension in: Development of animal model (Drummond and Bissonnette), 761
- Neoplasia, cervical intraepithelial, cryosurgical therapy of. III. Continuing follow-up (Kaufman and Irwin), 381
- treatment of, with carbon dioxide laser beam (Carter et al.), 831 Newborn, hemolytic disease of, due to anti-Jsb (Purohit, Taylor, and
- Spivey), 755 Nodes, pelvic lymph, minute clear cell carcinoma of vagina with early metastasis to (Chambers, Rogers, and Julian), 223 (Comm.
 - in brief)
 periaortic lymph, ultrasound-directed percutaneous aspiration
 biopsy of, in recurrence of cervical carcinoma (Berkowitz,
- Leavitt, and Knapp), 906 Nongravid uterine vasculatures, reactivities of: Effects of norepinephrine (Greiss), 778
- Nonimmunologic hydrops fetalis (Turski et al.), 586 (Comm. in brief) Norepinephrine, effects of: Reactivities of nongravid uterine vasculatures (Greiss), 778
- and phenylephrine, effects of tricyclic antidepressants on cardiovascular responses to, during pregnancy (Mason and Van Pet-
- plasma levels of, during periovulatory period in normal women (Badano et al.), 299
- Norwegian Radium Hospital, Stage IB carcinoma of cervix, 1968-1970: Results of treatment and major complications. I. Lymphedema (Martimbeau, Kjorstad, and Kolstad), 389

Nursing mothers, prolactin levels in (Bunner, VanderLaan, and VanderLaan), 250

0

- Obese, massively, pregnancy in: Course, outcome, and obesity prognosis of infant (Edwards et al.), 479
- Obesity prognosis, course, and outcome of infant: Pregnancy in massively obese (Edwards et al.), 479
- Obstetric and psychological effects of psychoprophylactic preparation for childbirth (Charles et al.), 44
- OCA, ovarian tumor-associated antigen fraction, in plasma, development of double-antibody radioimmunoassay for detecting (Knauf and Urbach), 780
- Occipitothoracic meningocele, ultrasound diagnosis of, at 22 weeks' gestation (Sabbagha et al.), 113 (Comm. in brief)
- Occlusion, complete tabal, tubal pregnancy distal to, following sterilization (Metz and Mastrojanni), 911 (Comm. in brief)
 - of umbilical cord, renal response of fetal lamb to (Daniel et al.),
- Omphalocele, intrauterine diagnosis of, by diagnostic ultrasonography (Cameron et al.), 821 (Comm. in brief)
- Operation and chemotherapy, favorable response to, in patient monitored with serial carcinoembryonic antigen: Leiomyosarcoma of uterus with pulmonary metastases (Parente et al.), 812 (Comm. in brief)
- Osteogenesis imperfecta congenita, fetal, diagnosis and management of, in labor (Zervoudakis et al.), 117 (Comm. in brief)
 - severe anemia, monitoring of fetus with (Pokoly and Kume^hr), 818 (Comm. in brief)
- Ovarian hemorrhage due to anticoagulants (Semchyshyn and Zuspan), 837
- tumor-associated antigen fraction OCA in plasma, development of double-antibody radioimmunoassay for detecting (Knauf and Urbach), 780
- Ovary, lipid cell tumor of, androgen, estrogen, and progestogen production by (Bonaventura et al.), 403
 - malignant teratoma of: Prognostic factors and treatment (Curry, Smith, and Gallagher), 845
 - primary gestational choriocarcinoma of (Benjamin and Rorat), 343 (Comm. in brief)

- Pacific Coast Obstetrical and Gynecological Society, transactions, forty-fourth annual meeting, 119-216
- Pancreatitis, cholecystitis, incompetent cervix, and premature labor in habitual aborter: Rare combination (Hochman, Dworkin, and Mamberg), 905 (Comm. in brief)
- Pelvic abscess in association with intrauterine contraceptive device (Scott), 149
- lymph nodes, minute clear cell carcinoma of vagina with early metastasis to (Chambers, Rogers, and Julian), 223 (Comm. in
- Percutaneous aspiration biopsy, ultrasound-directed, of periaortic lymph nodes in recurrence of cervical carcinoma (Ber-
- kowitz, Leavitt, and Knapp), 906 Perforation, lethal, fetal cystic fibrosis presenting as dystocia due to midgut volvulus with (Knox, Palmer, and Huddleston), 698
- (Comm. in brief) Periaortic lymph nodes, ultrasound-directed percutaneous aspiration biopsy of, in recurrence of cervical carcinoma (Berkowitz,
- Leavitt, and Knapp), 906 Perinatal data system, computerized, for region (Jennett et al.), 157 death, causes of, in 12 United States cities and one African city:
- Twins (Naeye et al.), 267 morbidity, diabetic pregnancy and (Kitzmiller et al.), 560 (Current developments)
- period, primate fetal pituitary-adrenal axis in (Jaffe et al.), 164 Periovulatory period, plasma levels of norepinephrine during, in nor-
- mal women (Badano et al.), 299 Peripartum management of pregnant diabetic women, use of contin-
- ous insulin infusion for (Yeast, Porreco, and Ginsberg), 861 Peripheral blood, human myometrium and, steroids in, during menstrual cycle (Runnebaum et al.), 628

- Peritoneal cavity, squamous cell passage from, to lymph glands and pulmonary lymphatics in malformed infant: Mechanism for endometriosis and pulmonary metastasis (Doshi and Fujikura), 221 (Comm. in brief)
- pH, tissue, evaluation of continuous monitoring of, in cats (Hochberg et al.), 770
- Phased array ultrasonography, intrauterine transfusion with use of: New technique (Frigoletto et al.), 273
- Phenylephrine, norepinephrine and, effects of tricyclic antidepressants on cardiovascular responses to, during pregnancy (Mason and Van Petten), 868
- Phosphatidylglycerol, amniotic fluid, in diabetic pregnancies (Cunningham et al.), 719
- Physician, primary-care, and cancer detection (Sack), 208
- Pituitary-adrenal axis, primate fetal, in perinatal period (Jaffe et al.), 164
- Placenta(s), human, influence of adenosine on contractility of isolated vessels of (Krygicz, Urban, and Małofiejew), 587 (Comm. in brief)
- term human, tissue concentrations of free amino acids in (Philipps et al.), 881
- Placental lactogen, chorionic gonadotropin, glucose, insulin, glucagon, triglycerides, and cholesterol, measurements of levels of: Acute effects of ritodrine infusion on maternal metabolism (Spellacy et al.), 637
 - human, estradiol-17\(\beta\), and progesterone levels in third trimester and their respective values for detecting twin pregnancy (Batra, Sjöberg, and Åberg), 69
- tissues, human myometrial and, steroid concentrations in, at week 39 of pregnancy (Ferré et al.), 500 vein, laceration of: Injury possibly inflicted by fetus (Tuggle and
- Cook), 220 (Comm. in brief)
- Plasma, development of double-antibody radioimmunoassay for detecting ovarian tumor-associated antigen fraction OCA in (Knauf and Urbach), 780
- free amino acids in, throughout pregnancy (Schoengold, deFiore, and Parlett), 490
- levels of norepinephrine during periovulatory period in normal women (Badano et al.), 299
- prostaglandin metabolites in human labor (Lackritz et al.), 484
- and urine levels and renal clearance of this conjugate, its use in determination of, in pregnancy: Direct radioimmunoassay for estriol-16α -glucosiduronate (Wright et al.), 255
- Plastic procedures in cancer of lower genital tract (Delgado), 775 Position(s), left lateral Sims*, practical considerations for routine application of, for vaginal delivery (Irwin), 129
- supine and lateral, effect of, on intra-arterial pressure in hypertensive pregnancies (Hovinga, Aarnoudse, and Huisjes), 233
- pregnancy, screening for fetal and neonatal risk in (Schneider, Olson, and Curet), 473
- Postmenopausal bleeding, cytologic evaluation of endometrium in women with (Isaacs and Ross), 410
- Postpartum hypertension, effect on eclamptic-pre-eclamptic women with: SQ 20,881 (Sullivan et al.), 707
- Potpourri (Goplerud), 349
- Pouch, retrouterine, of Douglas, benign cystic teratoma of (Lef-kowitch, Fenoglio, and Richart), 818 (Comm. in brief)
 Pre-eclamptic, eclamptic-, women with postpartum hypertension, ef-fect on: SQ 20,881 (Sullivan et al.), 707
- Pregnancy (pregnancies)-associated serum proteins, two, with pregnancy-specific β_1 -glycoprotein determinants (Teisner et al.), 262
- dependent tumor: Massive peripheral giant-cell reparative granuloma of jaw (Caillouette and Mattar), 176
- diabetic, amniotic fluid phosphatidylglycerol in (Cunningham et al.), 719 and perinatal morbidity (Kitzmiller et al.), 560 (Current develop-
- ments) diagnosis and management of, by radioreceptorassay of human
- chorionic gonadotropin (Saxena and Landesman), 97 (Current developments) disorders, early, first-trimester chorionic gonadotropin
- surements as aid in diagnosis of (Braunstein et al.), 25
- effects of tricyclic antidepressants on cardiovascular responses to norepinephrine and phenylephrine during (Mason and Van Petten), 868
- evaluation of new direct latex agglutination tube test (UCG-Macrotube) for (Mukherjee, Roth, and Batts), 701 (Comm. in brief)

Pregnancy (pregnancies)—Cont'd

first, choriocarcinoma with cerebral metastases coexistent with (Greene and McCue), 253

free amino acids in plasma throughout (Schoengold, deFiore, and Parlett), 490

hypertensive, effect of supine and lateral positions on intra-arterial pressure in (Hovinga, Aarnoudse, and Huisjes), 233

-induced hypertension, problems encountered in treatment of (Zuspan), 591 (Clinical opinion)

intramural, with uterine rupture (Cava and Russell), 214

and its complications following cardiac valve prostheses (Lutz et al.), 460

use in determination of plasma and urine levels and renal clearance of this conjugate in: Direct radioimmunoassay for estriol-16α -glucosiduronate (Wright et al.), 255 in massively obese: Course, outcome, and obesity prognosis of infant

(Edwards et al.), 479

maternal peripheral testosterone levels during first half of (Klinga, Bek, and Runnebaum), 60

menstrual cycle and, gonadotropin receptors of human corpus luteum during (Halme et al.), 728

normal and pathologic, clinical value of dehydroepiandrosterone sulfate loading test in (Strecker et al.), 239

occurring after administration of clomiphene and conjugated estrogens, prenatal detection of familial t(1;7)(p32;p13) translo-cation transmitted in (Tegenkamp et al.), 815 (Comm. in

postdate, screening for fetal and neonatal risk in (Schneider, Olson, and Curet), 473

steroid concentrations in human myometrial and placental tissues at week 39 of (Ferré et al.), 500

tubal, distal to complete tubal occlusion following sterilization (Metz and Mastroianni), 911 (Comm. in brief)

twin, human placental lactogen, estradiol-17\u03bb, and progesterone levels in third trimester and their respective values for detecting (Batra, Sjöberg, and Åberg), 69

Pregnant baboon and fetus, effects of endotoxin on (Morishima, Niemann, and James), 899

diabetic women, use of continuous insulin infusion for peripartum management of (Yeast, Porreco, and Ginsberg), 861

rabbits, fibrinogen turnover in, during first and last thirds of gestation (Müller-Berghaus, Moeller, and Mahn), 655 sheep and fetal lambs, effects of dexamethasone on leukocyte counts

in (Edelstone, Mueller-Heubach, and Caritis), 677 women, catechol-O-methyltransferase activity in erythrocytes of

(Bates et al.), 555 (Current investigation) modification of vascular responsiveness to angiotensin II in, by intravenously infused 5α-dihydroprogesterone (Everett et

al.), 352 Premature labor, allergic dermatitis associated with administration of isoxsuprine during (Horowitz and Creasy), 225 (Comm. in

incompetent cervix, pancreatitis, and cholecystitis in habitual

aborter: Rare combination (Hochman, Dworkin, and Mamberg), 905 (Comm. in brief)
lung membranes, effect of glucocorticoids on maturation of (Thomfeldt et al.), 143

rupture of membranes and respiratory distress syndrome, relation-

ship between (Berkowitz et al.), 503 Prenatal detection of familial t(1;7)(p32;p13) translocation transmitted in pregnancy occurring after administration of clomiphene and conjugated estrogens (Tegenkamp et al.), 815 (Comm.

diagnosis of Down syndrome in one of dizygotic twins (Filkins et al.), 584 (Comm. in brief)

Preoperative localization of virilizing tumors by selective venous sampling (Weiland et al.), 797

Presentation, term frank breech, randomized management of: Vaginal delivery vs. cesarean section (Collea et al.), 186

Pressor test, supine, use of, to prevent gestational hypertension in primigravid women (Thompson and Mueller-Heubach), 661

Pressure, intra-arterial, effect of supine and lateral positions on, in hypertensive pregnancies (Hovinga, Aarnoudse, and Huisjes), 233

Preterm delivery, rules for avoiding: Clinical estimation of gestational age (Hertz et al.), 395

Primary amenorrhea, isolated gonadal sex chromosome mosaicism in (Fujimoto et al.), 699 (Comm. in brief)

Primary-Cont'd

-care physician and cancer detection (Sack), 208

Primigravid women, use of supine pressor test to prevent gestational hypertension in (Thompson and Mueller-Heubach), 661

Progesterone, human placental lactogen, and estradiol-17β levels in third trimester and their respective values for detecting twin pregnancy (Batra, Sjöberg, and Åberg), 69

Progestogen, androgen, and estrogen production by lipid cell tumor of ovary (Bonaventura et al.), 403

Prolactin levels in nursing mothers (Bunner, VanderLaan, and VanderLaan), 250

Prolapse, vaginal vault, Cooper ligament repair of, twenty-eight years later (Langmade, Oliver, and White), 134 Prostaglandin metabolites, plasma, in human labor (Lackritz et al.), 484

Prostheses, cardiac valve, pregnancy and its complications following (Lutz et al.), 460

Proteins, two pregnancy-associated serum, with pregnancy-specific eta_1 -glycoprotein determinants (Teisner et al.), 262 Psychological effects, obstetric and, of psychoprophylactic preparation

for childbirth (Charles et al.), 44

stress, maternal, influence of, on fetus (Morishima, Pedersen, and Finster), 286

Psychoprophylactic preparation for childbirth, obstetric and psychological effects of (Charles et al.), 44

Psychosexual aspects, emotional and, of hysterectomy (Sloan), 598 (Clinical opinion)

Puerperium, bacteriuria in: Evaluation of methods for collecting urine specimens (Eng, Torkildsen, and Christensen), 739

Pulmonary hypertension, persistent, in neonate: Development of ani-

mal model (Drummond and Bissonnette), 761 lymphatics, lymph glands and, squamous cell passage from peritoneal cavity to, in malformed infant: Mechanism for endometriosis and pulmonary metastasis (Doshi and Fujikura), 221 (Comm. in brief)

metastases, leiomyosarcoma of uterus with: Favorable response to operation and chemotherapy in patient monitored with serial carcinoembryonic antigen (Parente et al.), 812 (Comm. in brief)

Purpura, thrombotic thrombocytopenic, obfuscation of eclampsia by (Schwartz and Brenner), 18

Radiographs, serial chest, failure of, to predict recovery from respiratory distress syndrome (Kanto et al.), 757

Radioimmunoassay, direct, for estriol-16α-glucosiduronate: Its use in determination of plasma and urine levels and renal clearance of this conjugate in pregnancy (Wright et al.), 255

double-antibody, for detecting ovarian tumor-associated antigen fraction OCA in plasma, development of (Knauf and Urbach), 780

Radiologic, clinical, and biochemical reversibility of hyperprolac-tinemic galactorrhea-amenorrhea and abnormal sella by thyroxine in patient with primary hypothyroidism (Tolis et al.), 850

Radioreceptorassay of human chorionic gonadotropin, diagnosis and management of pregnancy by (Saxena and Landesman), 97 (Current developments)

Radium Hospital, Norwegian, Stage IB carcinoma of cervix, 1968-1970: Results of treatment and major complications. I. Lymphedema (Martimbeau, Kjorstad, and Kolstad), 389

Real-time imaging, cephalometry by: Critical evaluation (Hughey and Sabbagha), 825 (Clinical opinion)

Receptors, gonadotropin, of human corpus luteum during menstrual cycle and pregnancy (Halme et al.), 728

Recurrence of cervical carcinoma, ultrasound-directed percutaneous aspiration biopsy of periaortic lymph nodes in (Berkowitz, Leavitt, and Knapp), 906

Region, computerized perinatal data system for (Jennett et al.), 157 Regional specialty medical societies (Breese), 119

Renal clearance, plasma and urine levels and, of this conjugate, its use in determination of, in pregnancy: Direct radioimmunoassay for estriol-16α-glucosiduronate (Wright et al.), 255

response of fetal lamb to complete occlusion of umbilical cord (Daniel et al.), 514

Reoperation after initial treatment of endometriosis with conservative surgery (Schenken and Malinak), 416

- Repair, Cooper ligament, of vaginal vault prolapse twenty-eight years later (Langmade, Oliver, and White), 134
- transabdominal, of cystocele, 20 year experience, compared with traditional vaginal approach (Macer), 203
- Reparative granuloma, massive peripheral giant-cell, of jaw: Pregnancy dependent tumor (Caillouette and Mattar), 176 Reproductive outcome in family with inherited deletion-insertion
- Reproductive outcome in family with inherited deletion-insertic chroniosome 1 (Garver et al.), 345 (Comm. in brief)
- Resection, hysteroscopic, of submucous fibroids, new technique for and additional experience with (Neuwirth), 91 (Current investigation)
- Respiratory distress syndrome, failure of serial chest radiographs to predict recovery from (Kanto et al.), 757
 - neonatal, injection of corticosteroids into mother to prevent (Morrison et al.), 358
 - premature rupture of membranes and, relationship between (Berkowitz et al.), 503
 - function, maternal and fetal cardiovascular and, effects of maternal hyperthermia on (Cefalo and Hellegers), 687
- -like activity, ovine fetal, modification of, by chronic diazepam administration (Worthington, Piercy, and Smith), 749
- Resuscitation, intrauterine, with terbutaline: Method for management of acute intrapartum fetal distress (Arias), 39
- Retardation, intrauterine growth, diagnosis of, by simple clinical method: Measurement of uterine height (Belizán et al.), 643
- Retarded fetal growth, normal and, ultrasonic assessment of fetal head and body sizes in relation to (Wladimiroff, Bloemsma, and Wallenburg), 857
- Retrouterine pouch of Douglas, benign cystic teratoma of (Lefkowitch, Fenoglio, and Richart), 818 (Comm. in brief)
- Rhesus isoimmunization, fetal hyperinsulinism in (Brown, Brown, and Hey), 682
- Rheumatoid arthritis, vaginitis complicating gold therapy for (Webster and Juden), 700 (Comm. in brief)
- Ritodrine infusion, acute effects of, on maternal metabolism: Measurements of levels of glucose, insulin, glucagon, triglycerides, cholesterol, placental lactogen, and chorionic gonadotropin (Spellacy et al.), 637
- Rupture, premature, of membranes and respiratory distress syndrome, relationship between (Berkowitz et al.), 503
- uterine, intramural pregnancy with (Cava and Russell), 214 Ruptured utero-ovarian vein syndrome: Case report (Hager), 697 (Comm. in brief)

5

- Salpingo-oophorectomy at time of vaginal hysterectomy (Smale et al.),
- Section, cesarean, prospective culturing technique for diagnosing endometritis at (Apuzzio et al.), 817 (Comm. in brief)
- dometritis at (Apuzzio et al.), 817 (Comm. in brief)
 vs. vaginal delivery: Randomized management of term frank
 breech presentation (Collea et al.), 186
- breech presentation (Collea et al.), 186 Self-selection problem, maternal smoking, birth weight, infant death, and (Hickey, Clelland, and Bowers), 805
- Sella, abnormal, hyperprolactinemic galactorrhea-amenorrhea and, clinical, biochemical, and radiologic reversibility of, in pa-
- tient with primary hypothyroidism (Tolis et al.), 850 Sensitizing effects, its incidence and: Maternal-fetal hemorrhage (Jennings and Clauss), 725
- Septate uterus, failed abortion in (McArdle), 910 (Comm. in brief) Serum proteins, two pregnancy-associated, with pregnancy-specific
- β₁-glycoprotein determinants (Teisner et al.), 262 Sex, age, and birth weight, fetal, effect of, on cord blood immunoglobulin values (Cederqvist, Ewool, and Litwin), 520
- chromosome mosaicism, isolated gonadal, in primary amenorrhea (Fujimoto et al.), 699 (Comm. in brief)
- Sexually transmitted disease—Cancer of cervix (Sebastian, Leeb, and See), 620
- Simplex, herpes, local dissemination of, following soaking or sitz bathing (Chang), 342 (Comm. in brief)
 - virus types 1 and 2, herpes, effect of immunization on development of latent ganglionic infection in mice challenged intravaginally with (Asher, Walz, and Notkins), 788
- Sims' position, left lateral, practical considerations for routine application of, for vaginal delivery (1rwin), 129
- Sitz bathing, soaking or, local dissemination of herpes simplex following (Chang), 342 (Comm. in brief)

- Sizes, fetal head and body, ultrasonic assessment of, in relation to normal and retarded fetal growth (Wladimiroff, Bloemsma, and Wallenburg), 857
- Sling urethroplasty, vaginal, abdominal urethrocystopexy and, urodynamic evaluation of effects of, in women with stress incontinence (Henriksson and Ulmsten), 77
- Smoking, maternal, birth weight, infant death, and self-selection problem (Hickey, Clelland, and Bowers), 805 (Current developments)
 - how does, affect birth weight and maternal weight gain? (Meyer),
- Soaking or sitz bathing, local dissemination of herpes simplex following (Chang), 342 (Comm. in brief)
- ing (Chang), 342 (Comm. in brief) Societies, regional specialty medical (Breese), 119
- Spinal anesthesia for laparoscopic tubal sterilization (Caceres and Kim), 219 (Comm. in brief)
- SQ 20,881: Effect on eclamptic-pre-eclamptic women with postpartum hypertension (Sullivan et al.), 707
- Squamous cell carcinoma of vulva, establishment and characterization of, in tissue culture and immunologic evaluation of host (Dodson et al.), 606
 - passage from peritoneal cavity to lymph glands and pulmonary lymphatics in malformed infant: Mechanism for endometriosis and pulmonary metastasis (Doshi and Fujikura), 221 (Comm. in brief)
- Stage IB carcinoma of cervix, Norwegian Radium Hospital, 1968-1970: Results of treatment and major complications. 1. Lymphedema (Martimbeau, Kjorstad, and Kolstad), 389
- II endometrial carcinoma: Two modalities of treatment (Hernandez et al.), 171
- Stein-Leventhal syndrome, endometrial carcinoma in, treated with hydroxyprogesterone caproate (Eddy), 581 (Comm. in brief)
- Sterilization, laparoscopic Falope Ring (Chatman), 291
 - tubal, spinal anesthesia for (Caceres and Kim), 219 (Comm. in brief)
 - minilaparotomy tubal (Sandmire), 453
- tubal pregnancy distal to complete tubal occlusion following (Metz and Mastroianni), 911 (Comm. in brief)
- Steroid(s) concentrations in human myometrial and placental tissues at week 39 of pregnancy (Ferré et al.), 500
- in human myometrium and peripheral blood during menstrual cycle (Runnebaum et al.), 628
- Stress incontinence, urodynamic evaluation of effects of abdominal urethrocystopexy and vaginal sling urethroplasty in women with (Henriksson and Ulmsten), 77
- maternal psychological, influence of, on fetus (Morishima, Pedersen, and Finster), 286
- Submucous fibroids, new technique for and additional experience with hysteroscopic resection of (Neuwirth), 91 (Current investigation)
- Sulfate, dehydroepiandrosterone, loading test, clinical value of, in
- normal and pathologic pregnancies (Strecker et al.), 239
 Supine and lateral positions, effect of, on intra-arterial pressure in
 hypertensive pregnancies (Hovinga, Aarnoudse, and
 Huisjes), 233
- pressor test, use of, to prevent gestational hypertension in primigravid women (Thompson and Mueller-Heubach), 661
- Surgery, conservative, reoperation after initial treatment of endometriosis with (Schenken and Malinak), 416
- Surgical management of urethrovaginal and vesicovaginal fistulas (Keettel et al.), 425
- Syndrome(s), Down, prenatal diagnosis of, in one of dizygotic twins (Filkins et al.), 584 (Comm. in brief)
- of hydatidiform mole. I. Cytogenetic and morphologic correlations (Szulman and Surti), 665
- meconium aspiration (Marshall et al.), 672
- neonatal respiratory distress, injection of corticosteroids into mother to prevent (Morrison et al.), 358
- respiratory distress, failure of serial chest radiographs to predict recovery from (Kanto et al.), 757 premature rupture of membranes and, relationship between
- (Berkowitz et al.), 503
- ruptured utero-ovarian vein: Case report (Hager), 697 (Comm. in brief)
- Stein-Leventhal, endometrial carcinoma in, treated with hydroxyprogesterone caproate (Eddy), 581 (Comm. in brief)
- Synergistic bacterial gangrene, progressive, spontaneous occurrence of, on abdominal wall (Daly, Lukowski, and Monif), 624

T

- t(1;7)(p32;p13) translocation, familial, transmitted in pregnancy occurring after administration of clomiphene and conjugated estrogens, prenatal detection of (Tegenkamp et al.), 815 (Comm. in brief)
- Teaching Associate, Gynecology, evolution of: Education specialist (Kretzschmar), 367
- Teratoma, benign cystic, of retrouterine pouch of Douglas (Lef-kowitch, Fenoglio, and Richart), 818 (Comm. in brief)
- malignant, of ovary: Prognostic factors and treatment (Curry, Smith, and Gallagher), 845
- Terbutaline, intrauterine resuscitation with: Method for management of acute intrapartum fetal distress (Arias), 39
- Term frank breech presentation, randomized management of: Vaginal delivery vs. cesarean section (Collea et al.), 186
- human placentas, tissue concentrations of free amino acids in (Philipps et al.), 881
- Test, dehydroepiandrosterone sulfate loading, clinical value of, in
- normal pathologic pregnancies (Strecker et al.), 239 results, normal and abnormal glucose tolerance, effect of estrogen treatment for one year on carbohydrate and lipid metabolism in women with (Spellacy, Buhi, and Birk), 87
- supine pressor, use of, to prevent gestational hypertension in primigravid women (Thompson and Mueller-Heubach), 661
- (UCG-Macrotube), new direct latex agglutination tube, for pregnancy, evaluation of (Mukherjee, Roth, and Batts), 701 (Comm. in brief)
- Testosterone levels, maternal peripheral, during first half of pregnancy (Klinga, Bek, and Runnebaum), 60
- -producing, solid granulosa cell tumor, amenorrhea-galactorrhea associated with (Hatjis et al.), 226 (Comm. in brief)
- Therapeutic hysteroscopy, diagnostic and, for traumatic intrauterine adhesions (Sugimoto), 539
- Therapy, cryosurgical, of cervical intraepithelial neoplasia. III. Continuing follow-up (Kaufman and Irwin), 381 gold, for rheumatoid arthritis, vaginitis complicating (Webster and
- Juden), 700 (Comm. in brief)
- Thrombocytopenic purpura, thrombotic, obfuscation of eclampsia by (Schwartz and Brenner), 18
- Thromboplastic activity index, amniotic fluid, of fetal maturity: Accelerated clotting time (Hastwell), 650
- Thrombotic thrombocytopenic purpura, obfuscation of eclampsia by (Schwartz and Brenner), 18
- Thyroxine, clinical biochemical, and radiologic reversibility of hyperprolactinemic galactorrhea-amenorrhea and abnormal sella by, in patient with primary hypothyroidism (Tolis et al.), 850
- Tissue(s) concentrations of free amino acids in term human placentas (Philipps et al.), 881
 - culture, establishment and characterization of squamous cell carcinoma of vulva in, and immunologic evaluation of host (Dodson et al.), 606
 - human myometrial and placental, steroid concentrations in, at week 39 of pregnancy (Ferré et al.), 500
- pH, evaluation of continuous monitoring of, in cats (Hochberg et al.), 770
- Tolerance test results, normal and abnormal glucose, effect of estrogen treatment for one year on carbohydrate and lipid metabolism in women with (Spellacy, Buhi, and Birk), 87
- Transabdominal repair of cystocele, 20 year experience, compared with traditional vaginal approach (Macer), 203
 Transactions, eighty-eighth annual meeting, American Association of Obstetricians and Gynecologists—continued, 1-17
- forty-fifth annual meeting, Central Association of Obstetricians and Gynecologists, 349-468
- -fourth annual meeting, Pacific Coast Obstetrical and Gynecologi-cal Society, 119-216 Transfusion, intrauterine, with use of phased array ultrasonography:
- New technique (Frigoletto et al.), 273 Translocation, familial t(1;7)(p32;p13), transmitted in pregnancy occurring after administration of clomiphene and conjugated
- estrogens, prenatal detection of (Tegenkamp et al.), 815 (Comm. in brief) Transmitted disease, sexually-Cancer of cervix (Sebastian, Leeb, and See), 620
- Transplanted, human choriocarcinoma, to nude mice, chemotherapy of (Hayashi et al.), 548

- Traumatic intrauterine adhesions, diagnostic and therapeutic hysteroscopy for (Sugimoto), 539
- Treated, Stein-Leventhal syndrome, with hydroxyprogesterone caproate, endometrial carcinoma in (Eddy), 581 (Comm. in
- Treatment of cervical intraepithelial neoplasia with carbon dioxide laser beam (Carter et al.), 831
 - estrogen, for one year, effect of, on carbohydrate and lipid metabolism in women with normal and abnormal glucose tolerance test results (Spellacy, Buhi, and Birk), 87
- of hyperprolactinemic amenorrhea by intermittent administration of bromocryptine (CB 154) (Polatti et al.), 792
- initial, of endometriosis with conservative surgery, reoperation after (Schenken and Malinak), 416
- of pregnancy-induced hypertension, problems encountered in (Zuspan), 591 (Clinical opinion)
- prognostic factors and: Malignant teratoma of ovary (Curry, Smith, and Gallagher), 845
- results of, and major complications: Stage IB carcinoma of cervix, Norwegian Radium Hospital, 1968-1970. I. Lymphedema (Martimbeau, Kjorstad, and Kolstad), 389
- two modalities of: Stage II endometrial carcinoma (Hernandez et al.), 171
- of vaginal relaxation in elderly women, can estrogens be useful for? (Stark et al.), 585 (Comm. in brief)
- Tricyclic antidepressants, effects of, on cardiovascular responses to norepinephrine and phenylephrine during pregnancy (Mason and Van Petten), 868
- Triglycerides, cholesterol, placental lactogen, chorionic gonadotropin, glucose, insulin, and glucagon, measurements of levels of: Acute effects of ritodrine infusion on maternal metabolism (Spellacy et al.), 637
- Trimester, first-, chorionic gonadotropin measurements as aid in diagnosis of early pregnancy disorders (Braunstein et al.), 25
- third, human placental lactogen, estradiol-17\(\beta\), and progesterone levels in, and their respective values for detecting twin pregnancy (Batra, Sjöberg, and Åberg), 69
- Tubal banding procedure, laparoscopic, complication of: Case report (Bell and Knab), 908 (Comm. in brief)
 - pregnancy distal to complete tubal occlusion following sterilization (Metz and Mastroianni), 911 (Comm. in brief)
- sterilization, laparoscopic, spinal anesthesia for (Caceres and Kim), 219 (Comm. in brief)
- minilaparotomy (Sandmire), 453 Tube test (UCG-Macrotube), new direct latex agglutination, for preg-
- nancy, evaluation of (Mukherjee, Roth, and Batts), 701 (Comm. in brief)
- Tumor(s)-associated antigen fraction OCA, ovarian, in plasma, development of double-antibody radioimmunoassay for detecting (Knauf and Urbach), 780
 - lipid cell, of ovary, androgen, estrogen, and progestogen production by (Bonaventura et al.), 403
 - pregnancy dependent: Massive peripheral giant-cell reparative granuloma of jaw (Caillouette and Mattar), 176
 - primary endometrial, metastatic melanoma simulating (Wood), 820 (Comm. in brief)
 - testosterone-producing, solid granulosa cell, amenorrheagalactorrhea associated with (Hatjis et al.), 226 (Comm. in brief)
- virilizing, preoperative localization of, by selective venous sampling (Weiland et al.), 797
- Twin(s): Causes of perinatal death in 12 United States cities and one African city (Naeye et al.), 267
 - dizygotic, prenatal diagnosis of Down syndrome in one of (Filkins et al.), 584 (Comm. in brief)
 - pregnancy, human placental lactogen, estradiol-17\(\beta\), and progesterone levels in third trimester and their respective values for detecting (Batra, Sjöberg, and Åberg), 69

- UCG-Macrotube (new direct latex agglutination tube test for pregnancy), evaluation of (Mukherjee, Roth, and Batts), 701 (Comm. in brief)
- Ultrasonic assessment of fetal head and body sizes in relation to normal and retarded fetal growth (Wladimiroff, Bloemsma, and Wallenburg), 857
- Ultrasonography, clinical, biological variation in biparietal diameter and its bearing on (Jordaan), 53

Ultrasonography-Cont'd

diagnostic, intrauterine diagnosis of omphalocele by (Cameron et al.), 821 (Comm. in brief)

phased array, intrauterine transfusion with use of: New technique (Frigoletto et al.), 273

Ultrasound diagnosis of occipitothoracic meningocele at 22 weeks' gestation (Sabbagha et al.), 113 (Comm. in brief)

-directed percutaneous aspiration biopsy of periaortic lymph nodes in recurrence of cervical carcinoma (Berkowitz, Leavitt, and Knapp), 906

one-year follow-up of infants exposed to, in utero (Scheidt, Stanley, and Bryla), 743

Umbilical artery aneurysm (Fortune and Östör), 339 (Comm. in brief) cord, renal response of fetal lamb to complete occlusion of (Daniel et al.) 514

Unanesthetized fetal sheep, technique for direct observation of (Maloney et al.), 281

United States cities, 12, and one African city, causes of perinatal death in: Twins (Naeye et al.), 267

Unsaturated fatty acids, prolongation of rat gestation time by (Waltman et al.), 735

Urea, hyperosmolar, for elective midtrimester abortion (Burkman et al.), 10

Urethrocystopexy, abdominal, and vaginal sling urethroplasty, urodynamic evaluation of effects of, in women with stress incontinence (Henriksson and Ulmsten), 77

Urethroplasty, vaginal sling, abdominal urethrocystopexy and, urodynamic evaluation of effects of, in women with stress incontinence (Henriksson and Ulmsten), 77

Urethroscopy and cystometry, office, review of (Aldridge, Beaton, and Nanzig), 432

Urethrovaginal and vesicovaginal fistulas, surgical management of (Keettel et al.), 425

Urinary tract infection, comparison of two indirect methods for localizing site of: Beta glucuronidase levels and presence of

antibody-coated bacteria (Harris et al.), 647 Urine levels, plasma and, and renal clearance of this conjugate, its use in determination of, in pregnancy: Direct radioimmunoassay for estriol-16\alpha-glucosiduronate (Wright et al.), 255

specimens, evaluation of methods for collecting: Bacteriuria in puerperium (Eng, Torkildsen, and Christensen), 739

Urodynamic evaluation of effects of abdominal urethrocystopexy and vaginal sling urethroplasty in women with stress incontinence (Henriksson and Ulmsten), 77

Uterine and cardiovascular effects of aminophylline (Lipshitz), 716 cornua, cryocoagulation of endometrium at (Droegemueller et al.), 1 height, measurement of: Diagnosis of intrauterine growth retardation by simple clinical method (Belizán et al.), 643

rupture, intramural pregnancy with (Cava and Russell), 214 vasculatures, nongravid, reactivities of: Effects of norepinephrine (Greiss), 778

Utero, one-year follow-up of infants exposed to ultrasound in (Scheidt, Stanley, and Bryla), 743

-ovarian vein syndrome, ruptured: Case report (Hager), 697

Uterus, leiomyosarcoma of, with pulmonary metastases: Favorable response to operation and chemotherapy in patient monitored with serial carcinoembryonic antigen (Parente et al.), 812 (Comm. in brief)

septate, failed abortion in (McArdle), 910 (Comm. in brief)

Vagina, anaerobic microflora of, in children (Hammerschlag et al.), 853

carcinoma of cervix or, adriamycin alone or in combination in 100 patients with (Piver, Barlow, and Xynos), 311

minute clear cell carcinoma of, with early metastasis to pelvic lymph nodes (Chambers, Rogers, and Julian), 223 (Comm. in brief

Vaginal approach, traditional, transabdominal repair of cystocele, 20

year experience, compared with (Macer), 203 delivery, practical considerations for routine application of left lateral Sims' position for (Irwin), 129

vs. cesarean section: Randomized management of term frank breech presentation (Collea et al.), 186

evisceration during coitus: Case review (Hall et al.), 115 (Comm. in brief)

hysterectomy, salpingo-oophorectomy at time of (Smale et al.), 122 relaxation in elderly women, can estrogens be useful for treatment of? (Stark et al.), 585 (Comm. in brief)

sling urethroplasty, abdominal urethrocystopexy and, urodynamic evaluation of effects of, in women with stress incontinence (Henriksson and Ulmsten), 77

vault prolapse, Cooper ligament repair of, twenty-eight years later (Langmade, Oliver, and White), 134

Vaginismus (Lamont), 632

Vaginitis complicating gold therapy for rheumatoid arthritis (Webster

and Juden), 700 (Comm. in brief)
Vaginography for enterovaginal fistula (Adachi and Gold), 227 (Comm. in brief)

Valve prostheses, cardiac, pregnancy and its complications following (Lutz et al.), 460

Vascular responsiveness to angiotensin II, modification of, in pregnant women by intravenously infused 5α-dihydroprogesterone (Everett et al.), 352

Vasculatures, nongravid uterine, reactivities of effects of norepinephrine (Greiss), 778

Vein, placental, laceration of: Injury possibly inflicted by fetus (Tuggle and Cook), 220 (Comm. in brief)

syndrome, ruptured utero-ovarian: Case report (Hager), 697 (Comm. in brief)

Venous sampling, selective, preoperative localization of virilizing tumors by (Weiland at al.), 797

Vesicovaginal fistulas, urethrovaginal and, surgical management of (Keettel et al.), 425 Vessels, isolated, of human placenta, influence of adenosine on

contractility of (Krygicz, Urban, and Małofiejew), 587 (Comm. in brief)

Virilizing tumors, preoperative localization of, by selective venous sampling (Weiland et al.), 797 Virus types 1 and 2, herpes simplex, effect of immunization on de-

velopment of latent ganglionic infection in mice challenged intravaginally with (Asher, Walz, and Notkins), 788

Volvulus, midgut, with lethal perforation, fetal cystic fibrosis presenting as dystocia due to (Knox, Palmer, and Huddleston), 698 (Comm. in brief)

Vulva, squamous cell carcinoma of, establishment and characterization of, in tissue culture and immunologic evaluation of host (Dodson et al.), 606

Weight, birth, infant death, self-selection problem, and maternal smoking (Hickey, Clelland, and Bowers), 805 (Current develop-

and maternal weight gain, how does maternal smoking affect? (Meyer), 888

sex, and age, fetal, effect of, on cord blood immunoglobulin values (Cederqvist, Ewool, and Litwin), 520

Y chromosome, clinical mixed gonadal dysgenesis without (Check et al.), 346 (Comm. in brief)

Subject index*

A

Abdominoplasty, panniculectomy and (Pratt and Irons), 165

ABO-incompatible maternal-fetal unit, self-limited hemolytic transfusion reaction in (Bergin, Cefalo, and Lewis), 115 (Comm. in brief)

Abortion and contraception: Adolescent sexual activity (Gispert and Falk), 620

by curettage, gestational age limit of twelve weeks for (Grimes and Cates), 207 (Clinical opinion)

legalized: Effect on national trends of maternal and abortion-related mortality (1940 through 1976) (Cates et al.), 211 (Clinical opinion)

legally induced, deaths caused by pulmonary thromboembolism after (Kimball, Hallum, and Cates), 169

performed with plastic suction curet, complication of: Intrauterine loss of curet tip (McElin and Giese), 343 (Comm. in brief)
Abscess, postpartum solitary lung (Good and Waite), 338 (Comm. in

Acceleration tests fetal study of (Payburn Dubring and Donaldson)

Acceleration tests, fetal, study of (Rayburn, Duhring, and Donaldson), 33

Accident, apparently trivial motor vehicle, fetal skull fracture from (Cumming and Wren), 342 (Comm. in brief)

Acid levels, serum bile, and pruritus in cholestasis of pregnancy, effect of cholestyramine and phenobarbital on (Laaukainen), 501

Activity, adolescent sexual: Contraception and abortion (Gispert and Falk), 620

electrical and mechanical, of rat uterus in vivo during estrous cycle (Ishikawa and Fuchs), 611

Adnexal malignancy detected by cervical cytology (Fox), 148

Adolescent pregnancy: Jackson, Mississippi, experience (Sherline and A-Davidson), 245

sexual activity: Contraception and abortion (Gispert and Falk), 620 Age, fetal gestational, in high-risk pregnancies, assessment of, by amniotic fluid analyses and ultrasound mensuration (Robertson et al.), 192

limit, gestational, of twelve weeks for abortion by curettage (Grimes and Cates), 207 (Clinical opinion)

34 to 35 weeks' gestational, patterns of human fetal breathing activity at (Patrick, Natale, and Richardson), 507

Agenesis, Müllerian duct, with unilateral functioning segment of rudimentary uterine horn (Knab and Blanco), 222 (Comm. in brief)

Aggregation, platelet, and oral contraceptives (Shevde et al.), 303 Aldosterone, desoxycorticosterone, and cortisol, sequential studies of secretory patterns of, I. Desoxycorticosterone in normal

pregnancy (Nolten et al.), 414 Alveolar wash of rabbit in utero, labeling of phosphatidylcholine in (Jobe, Mannino, and Gluck), 53

Amenorrhea, hyperprolactinemic, antiserotonin treatment of: Longterm follow-up with metergoline, methysergide, and cyproheptadine (Crosignani et al.), 307

American Gynecological Society, transactions, one hundred and first annual meeting, 709-821, 833-884

Journal of Obstetrics and Gynecology, consultants, 829-832

Amniocentesis, fetal heart rate reaction to, as indicator of fetal wellbeing (Harrigan and Marino), 49

midtrimester diagnostic, significance of meconium in (King, Prescott, and Pernoll), 667

Amniotic fluid analyses and ultrasound mensuration, assessment of fetal gestational age in high-risk pregnancies by (Robertson et al.), 192 Amniotic fluid-Cont'd

cortisol in normal and diabetic pregnant women and relation to respiratory disease in neonate (Brazy, Crenshaw, and Brumley), 567 (Current investigation)

fetal lung tissue and, effect of hypoxia on lecithin concentration in, in rats (Nelson, McPherson, and Eguchi), 226 (Comm. in hyief).

pulmonary maturity as determined by fluorescent polarization

of (Elrad et al.), 681 lipase in two cases of duodenal obstruction (Mohide and Hill), 221 (Comm. in brief)

palmitic/stearic ratio of, in diabetic and nondiabetic pregnancies and relationship to development of respiratory distress syndrome (O'Neil, Davies, and Siu), 519

plasma, and urine, polyamines in, during normal pregnancy (Russell et al.), 649

quantitation of sickle cell and normal hemoglobins in, by radioimmunoassay (Garver et al.), 697 (Comm. in brief)

Analysis, graphic, of labor, evolution of (Friedman), 824 (Classic pages) Anesthesia, general and spinal, neonatal neurobehavioral tests following cesarean section under (Hodgkinson et al.), 670

influence of—fetal and neonatal circulatory responses to hypovolemia, IV. Circulatory shock in pregnant sheep (Nuwayhid et al.), 658

Angiotensin antagonist, specific, (Sar¹) (Ala³) angiotensin II, effect of, on blood pressure and renin-angiotensin system in conscious pregnant ewe and fetus (Broughton Pipkin and O'Brien), 7

-renin system, pregnancy hypertension, and parity (Symonds and Broughton Pipkin), 473

II, pressor responsiveness to, in women with pregnancy-induced hypertension, oral administration of theophylline to modify (Everett et al.), 359

sensitivity to, and sheep uteroplacental circulations, effects of indomethacin on (McLaughlin, Brennan, and Chez), 430 Antepartum behavioral state, studies of, in human fetus at term

(Timor-Tritsch et al.), 524 evaluation of pre-ejection period of fetal cardiac cycle (Murata et al.),

fetal heart rate testing: Nonstress test (Evertson and Paul), 895 (Clinical opinion)

Antibody, antigen-, complexes, search for, in pre-eclampsia: Further evidence against immunologic pathogenesis (Knox et al.), 87 (Current investigation)

Antigen-antibody complexes, search for, in pre-eclampsia: Further evidence against immunologic pathogenesis (Knox et al.), 87 (Current investigation)

Antihistamine and/or glucocorticoid, effects of, on prolactin response to surgical procedures (Chapler, Sherman, and Swanson), 367

Antiserotonin treatment of hyperprolactinemic amenorrhea: Longterm follow-up with metergoline, methysergide, and cyproheptadine (Crosignani et al.), 307

Anuria, sudden, in pregnant woman with solitary kidney (Fox et al.), 583 (Comm. in brief)
Anxiety, plasma catecholamines, and plasma cortisol, maternal, rela-

tionship of, to progress in labor (Lederman et al.), 495 Artificial insemination, hydatidiform mole as complication of (Stone), 696 (Comm. in brief)

696 (Comm. in brief)
Ascites, transitory fetal: Ultrasound diagnosis (Platt, Collea, and Joseph), 906 (Comm. in brief)

Aspiration, fatal meconium, "in utero": Case report (Manning, Schreiber, and Beckwitt Turkel), 111 (Comm. in brief)

^{*}September 1, 1-118; September 15, 119-234; October 1, 235-346; October 15, 347-472; November 1, 473-588; November 15, 589-708; December 1, 709-898; December 15, 899-938

Avitene, acute postoperative retroperitoneal fibrosis and ureteral obstruction secondary to use of (Chung, Menon, and Dillon), 908 (Comm. in brief)

B

- B streptococcal infection, experimental Group, in rhesus monkey. I.
- Disease production in neonate (Larsen et al.), 686 Ballantyne's triple edema syndrome: Prenatal diagnosis with ultrasound and maternal renal biopsy findings (Quagliarello et al.), 580 (Comm. in brief)
- Behavioral state, antepartum, studies of, in human fetus at term (Timor-Tritsch et al.), 524
- mesothelioma simulating uterine leiomyoma (Wood and Bouchelle), 225 (Comm. in brief)
- Beta cell simulator, pancreatic, studies with, in third trimester of pregnancies complicated by diabetes (Santiago, Clarke, and Arias),
- Bile acid levels, serum, and pruritus in cholestasis of pregnancy, effect
- of cholestyramine and phenobarbital on (Laatikainen), 501 Binding reserve, serum cholesterol, serum lipids and, effects of steroids on (Roth et al.), 151
- specific, to cytosol receptor, and in vitro potency on human endometrium: Synthetic progestins (Shapiro, Dyer, and Colás), 549
- Biopsy findings, maternal renal, and ultrasound, prenatal diagnosis with: Ballantyne's triple edema syndrome (Quagliarello et al.), 580 (Comm. in brief)
- Birth in sheep, surge of fetal plasma triiodothyronine before (Nwosu et al), 489
- Blood flow, mammary, and plasma progesterone, relationship of changes in, at time of parturition in ewe (Burd et al.), 385 organ, cardiac output and its distribution and, in fetal lamb during
 - ritodrine administration (Siimes et al.), 42 and oxygen uptake in uterine and umbilical circulations, relation-
 - ship between (Clapp), 410 uterine, in pregnant Western ewes, effects of chlormethiazone on (Hopkinson et al.), 909 (Comm. in brief)
 - vaginal, during menstrual cycle (Abrams, Kalra, and Wilcox), 396
- pressure and renin-angiotensin system, effect of specific angiotensin antagonist (Sar1) (Ala8) angiotensin II on, in conscious pregnant ewe and fetus (Broughton Pipkin and O'Brien), 7
- sampling, fetal, complication of vacuum extractor after: Fetal hemorrhage (Roberts and Stone), 109 (Comm. in brief)
- velocity waveforms, fetal (McCallum et al.), 425 Books received, 234, 707, 916
- Botryoides, sarcoma, of vagina in childhood, treated by irradiation and vaginal reconstruction (Patchell, Shirkey, and Saenger), 339 (Comm. in brief)
- Bound, membrane-, and free ribosomes in maternal rat liver, changes
- in, during starvation (Hayashi, Prinzo, and Hayashi), 766 Breathing activity, human fetal, patterns of, at 34 to 35 weeks' gesta
 - tional age (Patrick, Natale, and Richardson), 507 human fetal: Relationship to fetal condition (Platt et al.), 514
 - movements, fetal, effects of human maternal venous plasma glucose concentrations on (Natale, Patrick, and Richardson), 36
 - human fetal, occurrence of, and maternal ethanol ingestion (Fox et al.), 354
- Breech delivery, vaginal frank, of hydrocephalic fetus after transabdominal encephalocentesis (Borno et al.), 336 (Comm. in
- Bulk of normal placenta, distribution of (Fried), 675

al.), 545

JMI

- Candidiasis, vulvovaginal, treated with clotrimazole cream in seven days compared with fourteen-day treatment with miconazole cream (Robertson), 321
- Carcinoma, early vulvar (Kunschner, Kanbour, and David), 599 ovarian and cervical, toxicity manifestations following intravenous
- Corynebacterium parvum administration to patients with (Gall et al.), 555 primary, of Fallopian tube: Surprise finding in postpartum tubal
- ligation (Starr et al.), 344 (Comm. in brief) squamous cell, of vulva, preoperative radiation therapy in manage-
- ment of: Preliminary report (Acosta et al.), 198 of cervix, chemotherapy for: Doxorubicin-methyl CCNU (Day et

- Cardiac cycle, fetal, antepartum evaluation of pre-ejection period of (Murata et al.), 278
- output and its distribution and organ blood flow in fetal lamb during ritodrine administration (Siimes et al.), 42
- systolic time intervals in fetal monkeys: Pre-ejection period (Murata et al.), 285
- Cardiovascular response, dramatic pyrexic and, to intravaginal prostaglandin E2 (Phelan et al.), 28
- Care problem, major perinatal health: Iatrogenic prematurity due to elective termination of uncomplicated pregnancy (Flaksman, Vollman, and Benfield), 885 (Clinical opinion)
- Castration, premenopausal, and incremental dosages of conjugated equine estrogens, effect of, on plasma follicle-stimulating hormone, luteinizing hormone, and estradiol (Utian et al.), 997
- Catecholamines, plasma, plasma cortisol, and anxiety, maternal, rela-
- tionship of, to progress in labor (Lederman et al.), 495 CCNU, methyl-doxorubicin: Chemotherapy for squamous carcinoma of cervix (Day et al.), 545
- Cell carcinoma, squamous, of vulva, preoperative radiation therapy in management of: Preliminary report (Acosta et al.), 198
- dysplasia, vaginal and cervical squamous, in women exposed to diethylstilbestrol in utero (Burke, Antonioli, and Rosen), 537
- hemoglobinopathies, sickle, use of partial exchange transfusion preoperatively in patients with (Morrison, Whybrew, and Bucovaz), 59
- sickle, and normal hemoglobins, quantitation of, in amniotic fluid by radioimmunoassay (Garver et al.), 697 (Comm. in brief)
- simulator, pancreatic beta, studies with, in third trimester of pregnancies complicated by diabetes (Santiago, Clarke, and Arias),
- Cervical cytology, adnexal malignancy detected by (Fox), 148
- dilatation monitoring, continuous, by ultrasonic methods during labor (Moss et al.), 16
- and ovarian carcinoma, toxicity manifestations following intravenous Corynebacterium parvum administration to patients with (Gall et al.), 555
- and vaginal squamous cell dysplasia in women exposed to diethylstilbestrol in utero (Burke, Antonioli, and Rosen), 537
- Cervix, chemotherapy for squamous carcinoma of: Doxorubicin-methyl CCNU (Day et al.), 545
- dilatation of, and urea (Droegemueller et al.), 775
- Cesarean section, postmortem (Arthur), 175
 - under general and spinal anesthesia, neonatal neurobehavioral tests following cesarean section under (Hodgkinson et al.),
- Changes in free and membrane-bound ribosomes in maternal rat liver during starvation (Hayashi, Prinzo, and Hayashi), 766
- in mammary blood flow and plasma progesterone, relationship of, at time of parturition in ewe (Burd et al.), 385
- Chemotherapy for squamous carcinoma of cervix: Doxorubicinmethyl CCNU (Day et al.), 545
- Childhood, sarcoma botryoides of vagina in, treated by irradiation and vaginal reconstruction (Patchell, Shirkey, and Saenger), 339 (Comm. in brief)
- Chlormethiazone, effects of, on uterine blood flow in pregnant Western ewes (Hopkinson et al.), 909 (Comm. in brief)
- Cholestasis of pregnancy, effect of cholestyramine and phenobarbital on pruritus and serum bile acid levels in (Laatikainen), 501
- Cholesterol binding reserve, serum, serum lipids and, effects of steroids on (Roth et al.), 151
- Cholestyramine and phenobarbital, effect of, on pruritus and serum bile acid levels in cholestasis of pregnancy (Laatikainen), 501
- Choriocarcinoma with metastasis in postmenopausal woman (Dougherty, Cunningham, and Mickal), 700 (Comm. in brief)
- Chorionic gonadotropin, human, early detection of, in urine by simple immunoassays (Lau et al.), 691 (Current investigation) Chronic rhesus monkey preparation (Macaca mulatta), plasma cortisol
- in (Socol et al.), 421 Cilia, role of, in fertility: Evaluation by selective microsurgical mod-
- ification of rabbit oviduct (Eddy et al.), 814 Circulation(s), fetoplacental, sampling. III. Combined laparoscopyfetoscopy in pregnant macaque for hemoglobin identification (Davidson et al.), 833
- sheep uteroplacental, and sensitivity to angiotensin II, effects of indomethacin on (McLaughlin, Brennan, and Chez), 430
- uterine and umbilical, relationship between blood flow and oxygen uptake in (Clapp), 410

- Circulatory responses to systemic infusions of estrone and estradiol-17α in nonpregnant, oophorectomized ewes (Rosenfeld and Rivera), 442
- shock in pregnant sheep. IV. Fetal and neonatal circulatory responses to hypovolemia-influence of anesthesia (Nuwayhid et al.), 658
- Circumcision, elective, recurrence of pneumothorax as possible complication of (Auerbach and Scanlon), 583 (Comm. in brief)
- Clamp, noncrushing vascular, for pelvic surgery, development of (Masterson, Sullivan, and Townsend), 113 (Comm. in brief)
- Classic pages, 90-91, 215-219, 324, 471-472, 571-572, 694-695, 822-827. 901-902
- Clinical opinion, 207-214, 589-598, 885-900
- Clotrimazole cream, vulvovaginal candidiasis treated with, in seven days compared with fourteen-day treatment with miconazole cream (Robertson), 321
- Communications in brief, 107-117, 220-227, 336-345, 579-585, 696-701, 903-910
- Complexes, antigen-antibody, search for, in pre-eclampsia: Further evidence against immunologic pathogenesis (Knox et al.), 87 (Current investigation)
- Complication(s) of abortion performed with plastic suction curet: Intrauterine loss of curet tip (McElin and Giese), 343 (Comm. in brief)
- of artificial insemination, hydatidiform mole as (Stone), 696 (Comm. in brief)
- obstetric: Myotonia dystrophica (Webb et al.), 265
- possible, of elective circumcision, recurrence of pneumothorax as (Auerbach and Scanlon), 583 (Comm. in brief) of vacuum extractor after fetal blood sampling: Fetal hemorrhage
- (Roberts and Stone), 109 (Comm. in brief)
- Computers, use of, in labor an 1 delivery suite: Overview (Rosen, Sokol, and Chik), 589 (Clinical opinion)
- Concentration(s), human maternal venous plasma glucose, effects of, on fetal breathing movements (Natale, Patrick, and Richardson), 36
- lecithin, in fetal lung tissue and amniotic fluid, effect of hypoxia on, in rats (Nelson, McPherson, and Eguchi), 226 (Comm. in brief)
- serum, of dehydroisoandrosterone sulfate, effect of oral contraceptive treatment on (Madden et al.), 380
- Condition, fetal, relationship to: Human fetal breathing (Platt et al.),
- Congenital neuroblastoma, association of hydrops fetalis with (Moss and Kaplan), 905 (Comm. in brief)
- Conjugated equine estrogens, incremental dosages of, and pre-menopausal castration, effect of, on plasma folliclestimulating hormone, luteinizing hormone, and estradiol (Utian et al.), 297
- Consort patient: Single-dose metronidazole for trichomonal vaginitis (Dykers), 579 (Comm. in brief)
- Consultants for American Journal of Obstetrics and Gynecology, 829-
- Contraception and abortion: Adolescent sexual activity (Gispert and Falk), 620
- oral and intrauterine: A 1978 risk assessment (Rosenfield), 92 (Current developments)
- Contraceptive(s) device(s), intrauterine, ovarian pregnancy associated with (Gray and Ruffolo), 134
 - progesterone-releasing intrauterine, effect of, on uterine secretion of prostaglandin F_{2α} and life-span of corpora lutea in ewe (Murdoch et al.), 81
- oral, development of (Chang), 217 (Classic pages) and focal nodular hyperplasia of liver (Kinch and Lough), 717 and platelet aggregation (Shevde et al.), 303
- treatment, oral, effect of, on serum concentration of dehydroisoandrosterone sulfate (Madden et al.), 380
- Control, neural, of gonadotropin secretion in primates (Vande Wiele, Antunes, and Ferin), 752
- Conversion of maternal plasma dehydroisoandrosterone sulfate to 16α -hydroxydehydroisoandrosterone sulfate, estradiol, and estriol, study of kinetics of (Madden, Gant, and MacDonald),
- Corpora lutea, human, of term pregnancies, gonadotropin receptors in (Rao, Sanfilippo, and Carman), 581 (Comm. in brief) life-span of, uterine secretion of prostaglandin $F_{2\alpha}$ and, effect of
 - progesterone-releasing intrauterine contraceptive device on, in ewe (Murdoch et al.), 81

- Correspondence, 228-233, 702-706, 911-915
- Corticosteroids, transfer and metabolism of, in perfused human placenta (Levitz, Jansen, and Dancis), 363
- Cortisol, amniotic fluid, in normal and diabetic pregnant women, and relation to respiratory disease in neonate (Brazy, Crenshaw, and Brumley), 567 (Current investigation)
- desoxycorticosterone, and aldosterone, sequential studies of secretory patterns of, I. Desoxycorticosterone in normal pregnancy (Nolten et al.), 414
- plasma, anxiety, and plasma catecholamines, maternal, relationship of, to progress in labor (Lederman et al.), 495
- in chronic rhesus monkey preparation (Macaca mulatta) (Socol et al.), 421
- Corynebacterium parvum administration, intravenous, to patients with ovarian and cervical carcinoma, toxicity manifestations following (Gall et al.), 555
- Cream, clotrimazole, vulvovaginal candidiasis treated with, in seven days compared with fourteen-day treatment with miconazole cream (Robertson), 321
- Curet, plastic suction, complication of abortion performed with: Intrauterine loss of curet tip (McElin and Giese), 343 (Comm. in brief)
- Curettage, abortion by, gestational age limit of twelve weeks for (Grimes and Cates), 207 (Clinical opinion)
- Current developments, 92-106, 325-335, 573-578
- investigation, 87-89, 567-570, 691-693
- Cycle, estrous, electrical and mechanical activity of rat uterus in vivo during (Ishikawa and Fuchs), 611
- fetal cardiac, antepartum evaluation of pre-ejection period of (Murata et al.), 278 menstrual, vaginal blood flow during (Abrams, Kalra, and Wilcox),
- Cycling women, normally, pattern of sexual steroids, prolactin, and gonadotropic hormones during prolactin inhibition in (Schulz et al.) 561
- Cynomolgus monkeys (Macaca fascicularis), intrauterine ethanolinduced termination of pregnancy in (Dubin et al.), 783
- Cyproheptadine, metergoline, and methysergide, long-term follow-up with: Antiserotonin treatment of hyperprolactinemic amenorrhea (Crosignani et al.), 307
- Cysts of female external genitalia in newborn infant (Merlob et al.), 607 Cytology, cervical, adnexal malignancy detected by (Fox), 148
- Cytoplasmic estrogen and progesterone receptors, distribution of, in human endometrium (Tsibris et al.), 449
- Cytosol receptor, specific binding to, and in vitro potency on human endometrium: Synthetic progestins (Shapiro, Dyer, and Colás), 549

D

- Deaths caused by pulmonary thromboembolism after legally induced abortion (Kimball, Hallum, and Cates), 169
 - maternal, from ectopic pregnancy in South Atlantic region, 1960 through 1976 (May, Miller, and Greiss), 140
- Decelerations, variable, V. Clinical significance of fetal heart rate patterns during labor (Cibils), 791
- Deficiency, possible ovulatory, after tubal ligation (Berger, Radwanska, and Hammond), 699 (Comm. in brief)
- Dehydroisoandrosterone sulfate, effect of oral contraceptive treatment on serum concentration of (Madden et al.), 380
 - maternal plasma, study of kinetics of conversion of, to 16α-hy-droxydehydroisoandrosterone sulfate, estradiol, and estriol (Madden, Gant, and MacDonald), 392
- Delivered primates, prematurely, improved ventilation of, following tracheal deposition of surfactant (Enhorning et al.), 529
- Deliveries, home, safe alternative to-single-unit delivery system (Notelovitz), 889 (Clinical opinion)
- Delivery and labor suite, use of computers in: Overview (Rosen, Sokol, and Chik), 589 (Clinical opinion)
- system, single-unit-safe alternative to home deliveries (Notelovitz), 889 (Clinical opinion)
- vaginal frank breech, of hydrocephalic fetus after transabdominal
- encephalocentesis (Borno et al.), 336 (Comm. in brief) Deposition of surfactant, tracheal, improved ventilation of prematurely delivered primates following (Enhorning et al.), 529
- Desoxycorticosterone in normal pregnancy. I. Sequential studies of secretory patterns of desoxycortisoterone, aldosterone, and cortisol (Nolten et al.), 414

- Detection, early, of human chorionic gonadotropin in urine by simple immunoassays (Lau et al.), 691 (Current investigation)
- Development in first year of life and fetal heart rate patterns (Painter, Depp, and O'Donoghue), 271
- Device(s), intrauterine contraceptive, ovarian pregnancy associated with (Gray and Ruffolo), 134
- progesterone-releasing intrauterine contraceptive, effect of, on uterine secretion of prostaglandin F2α and life-span of corpora lutea in ewe (Murdoch et al.), 81
- Dexamethasone and terbutaline, therapy with, for premature labor, pulmonary edema occurring after: Case report (Stubblefield), 341 (Comm. in brief)
- Diabetes, studies with pancreatic beta cell simulator in third trimester of pregnancies complicated by (Santiago, Clarke, and Arias), 455
- Diabetic and nondiabetic pregnancies, palmitic/stearic ratio of amniotic fluid in, and relationship to development of respiratory distress syndrome (O'Neil, Davies, and Siu), 519
- and normal pregnant women, amniotic fluid cortisol in, and relation to respiratory disease in neonate (Brazy, Crenshaw, and Brumley), 567 (Current investigation)
- Diagnosis, prenatal, with ultrasound and maternal renal biopsy findings: Ballantyne's triple edema syndrome (Quagliarello et al.), 580 (Comm. in brief)
- of Sheehan's syndrome using sequential pituitary stimulation test (DiZerega, Kletzky, and Mishell), 348
- ultrasound: Transitory fetal ascites (Platt, Collea, and Joseph), 906 (Comm. in brief)
- Diagnostic amniocentesis, midtrimester, significance of meconium in (King, Prescott, and Pernoll), 667
- Diethylstilbestrol in utero, vaginal and cervical squamous cell dysplasia in women exposed to (Burke, Antonioli, and Rosen), 537
- Dilatation of cervix and urea (Droegemueller et al.), 775 monitoring, continuous cervical, by ultrasonic methods during labor
- (Moss et al.), 16 Disease production in neonate, 1. Experimental Group B streptococcal infection in rhesus monkey (Larsen et al.), 686 respiratory, in neonate, amniotic fluid cortisol in normal and diabetic
- pregnant women and relation to (Brazy, Crenshaw, and Brumley), 567 (Current investigation)
- Disorders, neurological, and pregnancy (Aminoff), 325 (Current developments)
- Distress, fetal, alarming sign of: Sinusoidal pattern (Gal et al.), 903 (Comm. in brief)
- syndrome, respiratory, palmitic/stearic ratio of amniotic fluid in diabetic and nondiabetic pregnancies and relationship to devel-opment of (O'Neil, Davies, and Siu), 519 Distribution of bulk of normal placenta (Fried), 675
- - of cytoplasmic estrogen and progesterone receptors in human endometrium (Tsibris et al.), 449
- Diuresis, water, inhibition of menstrual uterine motility during (Cobo, Cifuentes, and De Villamizar), 313
- Dosages, incremental, or conjugated equine estrogens, and premenopausal castration, effect of, on plasma folliclestimulating hormone, luteinizing hormone, and estradiol (Utian et al.), 297
- Dose metronidazole, single-, for trichomonal vaginitis: Patient and consort (Dykers), 579 (Comm. in brief)
- Doxorubicin-methyl CCNU: Chemotherapy for squamous carcinoma of cervix (Day et al.), 545
- Drug prescribing during pregnancy (Brocklebank et al.), 235
- Duct agenesis, Müllerian, with unilateral functioning segment of rudimentary uterine horn (Knab and Blanco), 222 (Comm. in brief)
- Duodenal obstruction, amniotic fluid lipase in two cases of (Mohide and Hill), 221 (Comm. in brief)
- Duration of egg transport by human oviduct, studies on. II. Ovum location at various intervals following luteinizing hormone peak (Croxatto et al.), 629
- Dysautonomia, familial, pregnancy in (Porges, Axelrod, and Richards), 485
- Dysplasia, vaginal and cervical squamous cell, in women exposed to diethylstilbestrol in utero (Burke, Antonioli, and Rosen), 537

- E.-Cont'd
- oral prostaglandin, induction of labor with, in normal and high-risk pregnancies (Nelson and Bryans), 642
- Ectopic pregnancy, maternal deaths from, in South Atlantic region, 1960 through 1976 (May, Miller, and Greiss), 140
- Edema, massive, of ovary, wedge resection in (Kleiner et al.), 107 (Comm. in brief)
- -proteinuria-hypertension gestosis, severe (Goodlin, Cotton, and Haesslein), 595 (Clinical opinion)
- pulmonary, occurring after therapy with dexamethasone and terbutaline for premature labor: Case report (Stubblefield), 341 (Comm. in brief)
- syndrome, Ballantyne's triple: Prenatal diagnosis with ultrasound and maternal renal biopsy findings (Quagliarello et al.), 580 (Comm. in brief)
- Editorial, 347
- Education and integration of midlevel health-care practitioners in obstetrics and gynecology: Experience of training program in Washington State (Briggs et al.), 68
- Egg transport by human oviduct, studies on duration of. II. Ovum location at various intervals following luteinizing hormone peak (Croxatto et al.), 629
- Electrical and mechanical activity of rat uterus in vivo during estrous cycle (Ishikawa and Fuchs), 611
- Encephalocentesis, transabdominal, vaginal frank breech delivery of hydrocephalic fetus after (Borno et al.), 336 (Comm. in brief)
- Endometrium, human, distribution of cytoplasmic estrogen and progesterone receptors in (Tsibris et al.), 449 in vitro potency on, and specific binding to cytosol receptor: Syn
 - thetic progestins (Shapiro, Dyer, and Colás), 549
- Equine estrogens, conjugated, incremental dosages of, and premenopausal castration, effect of, on plasma folliclestimulating hormone, luteinizing hormone, and estradiol (Utian et al.), 297
- Esophageal manometry in pregnant and nonpregnant women (Ulmsten and Sundström), 260
- Estradiol, 16α-hydroxydehydroisoandrosterone sulfate, and estriol, study of kinetics of conversion of maternal plasma dehydroisoandrosterone sulfate to (Madden, Gant, and Mac-Donald), 392
 - -17 α and estrone, circulatory responses to systemic infusions of, in nonpregnant, oophorectomized ewes (Rosenfeld and Rivera),
- effect of passive immunization against, on regulatory profile and character of labor in rat (Csapo et al.), 464
- follicle-stimulating hormone, and luteinizing hormone, plasma, effect of premenopausal castration and incremental dosages of conjugated equine estrogens on (Utian et al.), 297
- transfer of, to human milk (Nilsson, Nygren, and Johansson), 653 Estriol, 16α-hydroxydehydroisoandrosterone sulfate, and estradiol,
- study of kinetics of conversion of maternal plasma dehydroisoandrosterone sulfate to (Madden, Gant, and MacDonald), 392 Estrogen(s), conjugated equine, incremental dosages of, and pre-
- menopausal castration, effect of, on plasma follicle-stimulating hormone, luteinizing hormone, and estradiol (Utian et al.), 297
- effect of, on hypothalamic structure and function (Naftolin and Brawer), 758
- production and origin of, in two true hermaphrodites (Aiman, Hemsell, and MacDonald), 401
- and progesterone receptors, cytoplasmic, distribution of, in human endometrium (Tsibris et al.), 449
- Estrone and estradiol-17α, circulatory responses to systemic infusions of, in nonpregnant, oophorectomized ewes (Rosenfeld and Rivera), 442
- Estrous cycle, electrical and mechanical activity of rat uterus in vivo during (Ishikawa and Fuchs), 611 Ethanol-induced termination, intrauterine, of pregnancy in cynomol-
- gus monkeys (Macaca fascicularis) (Dubin et al.), 783 ingestion, maternal, and occurrence of human fetal breathing movements (Fox et al.), 354
- Evolution of graphic analysis of labor (Friedman), 824 (Classic pages) of thinking in fetal respiratory physiology (Meschia), 806
- Ewe(s), nonpregnant oophorectomized, circulatory responses to sys temic infusions of estrone and estradiol- 17α in (Rosenfeld and Rivera), 442
 - pregnant Western, effects of chlormethiazone on uterine blood flow in (Hopkinson et al.), 909 (Comm. in brief)

Ewes-Cont'd

relationship of changes in mammary blood flow and plasma progesterone at time of parturition in (Burd et al.), 385 Examination, pelvic, professional patient-instructors in teaching of

Exchange transfusion, partial, use preoperatively in patients with sickle cell hemoglobinopathies (Morrison, Whybrew, and Bucovaz), 59

"Expectant management," results of, characteristics of patients with placenta previa and results of (Brenner, Edelman, and Hendricks), 180

Exposure, repeated intrauterine, to oxytocin, clinical and neu-

robehavioral effects of: Prospective study (Scanlon et al.), 294 Extractor, vacuum, complication of, after fetal blood sampling: Fetal hemorrhage (Roberts and Stone), 109 (Comm. in brief)

F

 $F_{2\alpha}$, prostaglandin, uterine secretion of, and life-span of corpora lutea, effect of progesterone-releasing intrauterine contraceptive device on, in ewe (Murdoch et al.), 81

Failure, intermittent ovarian, case of (Schreiber, Davajan, and Kletzky), 698 (Comm. in brief)

Fallopian tube, primary carcinoma of: Surprise finding in postpartum tubal ligation (Starr et al.), 344 (Comm. in brief)

Familial dysautonomia, pregnancy in (Porges, Axelrod, and Richards), 485

Female external genitalia, cysts of, in newborn infant (Merlob et al.), 607

Fertility, role of cilia in: Evaluation by selective microsurgical modification of rabbit oviduct (Eddy et al.), 814

Fetal acceleration tests, study of (Rayburn, Duhring, and Donaldson),

ascites, transitory: Ultrasound diagnosis (Platt, Collea, and Joseph), 906 (Comm. in brief)

blood velocity waveforms (McCallum et al.), 425

breathing activity, human, patterns of, at 34 to 35 weeks' gestational age (Patrick, Natale, and Richardson), 507

human: Relationship to fetal condition (Platt et al.), 514

movements, effects of human maternal venous plasma glucose concentrations on (Natale, Patrick, and Richardson), 36 human, occurrence of, and maternal ethanol ingestion (Fox et

al.), 354 cardiac cycle, antepartum evaluation of pre-ejection period of

(Murata et al.), 278 distress, alarming sign of: Sinusoidal pattern (Gal et al.), 903 (Comm. in brief)

gestational age in high-risk pregnancies, assessment of, by amniotic fluid analyses and ultrasound mensuration (Robertson et al.), 192

heart rate pattern(s), clinical significance of, during labor. V. Variable decelerations (Cibils), 791

patterns and development in first year of life (Painter, Depp, and O'Donoghue), 271

pattern, sinusoidal, resolution of, following intrauterine trans-fusion (Hatjis et al.), 109 (Comm. in brief)

reaction to amniocentesis as indicator of fetal well-being (Harrigan and Marino), 49

testing, antepartum: Nonstress test (Evertson and Paul), 895 (Clinical opinion)

hemorrhage: Complication of vacuum extractor after fetal blood sampling (Roberts and Stone), 109 (Comm. in brief)

lamb, cardiac output and its distribution and organ blood flow in, during ritodrine administration (Siimes et al.), 42

lung maturation (Herbert et al.), 373

tissue and amniotic fluid, effect of hypoxia on lecithin concentration in, in rats (Nelson, McPherson, and Eguchi), 226 (Comm. in brief)

maternal-, unit, ABO-incompatible, self-limited hemolytic transfusion reaction in (Bergin, Cefalo, and Lewis), 115 (Comm. in brief)

monkeys, cardiac systolic time intervals in: Pre-ejection period (Murata et al.), 285

and neonatal circulatory responses to hypovolemia—influence of anesthesia, IV. Circulatory shock in pregnant sheep (Nuwayhid et al.), 658

plasma triiodothyronine, surge of, before birth in sheep (Nwosu et al.), 489

Fetal-Cont'd

pulmonary maturity as determined by fluorescent polarization of amniotic fluid (Elrad et al.), 681 respiratory physiology, evolution of thinking in (Meschia), 806

skull fracture from apparently trivial motor vehicle accident (Cumming and Wren), 342 (Comm. in brief)

Fetoplacental circulation, sampling. III. Combined laparoscopyfetoscopy in pregnant macaque for hemoglobin identification (Davidson et al.), 833

Fetoscopy-laparoscopy, combined, in pregnant macaque for hemo-globin identification, III. Sampling fetoplacental circulation (Davidson et al.), 833

Fetus, conscious pregnant ewe and, effect of specific angiotensin antagonist (Sar¹) (Ala®) angiotensin II on blood pressure and renin-angiotensin system in (Broughton Pipkin and O'Brien),

human, studies of antepartum behavioral state in, at term (Timor-Tritsch et al.), 524

hydrocephalic, vaginal frank breech delivery of, after transabdomi-

nal encephalocentesis (Borno et al.), 336 (Comm. in brief) Fibrolipoleiomyoma, uterine: Report of case with discussion of histogenesis (Honoré), 635

Fibrosis, acute postoperative retroperitoneal, and ureteral obstruction secondary to use of Avitene (Chung, Menon, and Dillon), 908 (Comm. in brief)

Flow, blood, and oxygen uptake in uterine and umbilical circulations, relationship between (Clapp), 410

mammary blood, and plasma progesterone, relationship of changes in, at time of parturition in ewe (Burd et al.), 385

organ blood, cardiac output and its distribution and, in fetal lamb during ritodrine administration (Siimes et al.), 42

uterine blood, in pregnant Western ewes, effects of chlormethiazone on (Hopkinson et al.), 909 (Comm. in brief) vaginal blood, during menstrual cycle (Abrams, Kalra, and Wilcox),

Fluid, amniotic, fetal lung tissue and, effect of hypoxia on lecithin concentration in, in rats (Nelson, McPherson, and Eguchi), 226 (Comm. in brief)

pulmonary maturity as determined by fluorescent polarization of (Elrad et al.), 681

palmitic/stearic ratio of, in diabetic and nondiabetic pregnancies and relationship to development of respiratory distress syndrome (O'Neil, Davies, and Siu), 519

plasma, and urine, polyamines in, during normal pregnancy (Russell et al.), 649

quantitation of sickle cell and normal hemoglobins in, by radioimmunoassay (Garver et al.), 697 (Comm. in brief)

analyses, amniotic, and ultrasound mensuration, assessment of fetal gestational age in high-risk pregnancies by (Robertson et al.), 192

cortisol, amniotic, in normal and diabetic pregnant women and relation to respiratory disease in neonate (Brazy, Crenshaw, and Brumley), 567 (Current investigation)

lipase, amniotic, in two cases of duodenal obstruction (Mohide and Hill), 221 (Comm. in brief)

Fluorescent polarization of amniotic fluid, fetal pulmonary maturity as determined by (Elrad et al.), 681

Focal nodular hyperplasia of liver and oral contraceptives (Kinch and Lough), 717

Follicle-stimulating hormone, luteinizing hormone, and estradiol, plasma, effect of premenopausal castration on incremental dosages of conjugated equine estrogens on (Utian et al.), 297 response, pituitary luteinizing hormone and, to gonadotropin-

releasing hormone, effect of varying prolactin levels on (Spellacy et al.), 157 Fracture, fetal skull, from apparently trivial motor vehicle accident

(Cumming and Wren), 342 (Comm. in brief) Free and membrane-bound ribosomes in maternal rat liver, changes

in, during starvation (Hayashi, Prinzo, and Hayashi), 766 Function and structure, hypothalamic, effect of estrogens on (Naftolin and Brawer), 758

G

General and spinal anesthesia, neonatal neurobehavioral tests following cesarean section under (Hodgkinson et al.), 670

Genital herpes simplex virus infection, treatment of, with photodynamic inactivation (Kaufman et al.), 861

- Genital-Cont'd
- mycoplasma infections (Friberg), 573 (Current developments) surgical reconstruction, review of—Male transsexualism (Turner,
- Edlich, and Edgerton), 119 tract, female, sarcoidosis of (Chalvardjian), 78
- Genitalia, female external, cysts of, in newborn infant (Merlob et al.), 607
- Gestational age, fetal, in high-risk pregnancies, assessment of, by amnoitic fluid analyses and ultrasound mensuration (Robertsen et al.). 192
 - limit of twelve weeks for abortion by curettage (Grimes and Cates), 207 (Clinical opinion)
 - 34 to 35 weeks', patterns of human fetal breathing activity at (Patrick, Natale, and Richardson), 507
- Gestosis, severe edema-proteinuria-hypertension (Goodlin, Cotton, and Haesslein), 595 (Clinical opinion)
 Glucocorticoid and/or antihistamine, effects of, on prolactin response
- Glucocorticoid and/or antihistamine, effects of, on prolactin response to surgical procedures (Chapler, Sherman, and Swanson),
- Glucose concentrations, human maternal venous plasma, effects of, on fetal breathing movements (Natale, Patrick, and Richardson), 36
- Goals, resident training, in obstetrics and gynecology for 1980's (Peckham), 709
- Gonadotropic hormones, sexual steroids, and prolactin, pattern of, during prolactin inhibition in normally cycling women (Schulz et al.), 561
- Gonadotropin(s), human chorionic, early detection of, in urine by simple immunoassays (Lau et al.), 691 (Current investigation)
- and prolactin, analysis of secretory patterns of, during twenty-four hours in lactating women before and after resumption of menses (Madden et al.), 436
- receptors in human corpora lutea of term pregnancies (Rao, Sanfilippo, and Carman), 581 (Comm. in brief)
- -releasing hormone, effect of varying prolactin levels on pituitary luteinizing hormone and follicle-stimulating hormone response to (Spellacy et al.), 157
- secretion in primates, neural control of (Vande Wiele, Antunes, and Ferin), 752
- Gonorrhea in pregnancy (Edwards et al.), 637
- Graphic analysis of labor, evolution of (Friedman), 824 (Classic pages) Gravid uterus, early rupture of (Lazarus), 224 (Comm. in brief)
- Group B streptococcal infection, experimental, in rhesus monkey. I. Disease production in neonate (Larsen et al.), 686
- Gynecology, obstetrics and, education and integration of midlevel health-care practitioners in: Experience of training program in Washington State (Briggs et al.), 68
 - for 1980's, resident training goals in (Peckham), 709

Н

- Health-care practitioners, midlevel, education and integration of, in obstetrics and gynecology: Experience of training program in Washington State (Briggs et al.), 68
 - problem, major perinatal: latrogenic prematurity due to elective termination of uncomplicated pregnancy (Flaksman, Vollman, and Benfield), 885 (Clinical opinion)
- Heart rate pattern(s), fetal, clinical significance of, during labor. V. Variable decelerations (Cibils), 791
 - fetal, and development in first year of life (Painter, Depp, and O'Donoghue), 271
 - sinusoidal fetal, resolution of, following intrauterine transfusion (Hatjis et al.), 109 (Comm. in brief)
 - reaction, fetal, to amniocentesis as indicator of fetal well-being (Harrigan and Marino), 49 testing, antepartum fetal: Nonstress test (Evertson and Paul), 895
- (Člinical opinion)

 Hemoglobinopathies, sickle cell, use of partial exchange transfusion preoperatively in patients with (Morrison, Whybrew, and
- Bucovaz), 59
 Hemoglobins, sickle cell and normal, quantitation of, in amniotic fluid by radioimmunoassay (Garver et al.), 697 (Comm. in brief)
- Hemolytic transfusion reaction, self-limited, in ABO-incompatible maternal-fetal unit (Bergin, Cefalo, and Lewis), 115 (Comm. in brief)

- Hemorrhage, fetal: Complication of vacuum extractor after fetal blood sampling (Roberts and Stone), 109 (Comm. in brief)
- Hermaphrodites, two true, production and origin of estrogen in (Aiman, Hemsell, and MacDonald), 401
- Herpes simplex virus infection, genital, treatment of, with photodynamic inactivation (Kaufman et al.), 861
- Hemoglobin identification, combined laparoscopy-fetoscopy in pregnant macaque for, III. Sampling fetoplacental circulation (Davidson et al.), 833
- Histogenesis, report of case with discussion of: Uterine fibrolipoleiomyoma (Honoré), 635
- Home deliveries, safe alternative to—single-unit delivery system (Notelovitz), 889 (Clinical opinion)
- Hormone(s), gonadotropic, sexual steroids, and prolactin, pattern of, during prolactin inhibition in normally cycling women (Schulz et al.), 561
- luteinizing, and follicle-stimulating hormone response, pituitary, to gonadotropin-releasing hormone, effect of varying prolactin levels on (Spellacy et al.), 157
- peak, luteinizing, ovum location at various intervals following, II. Studies on duration of egg transport by human oviduct (Croxatto et al.), 629
- plasma follicle-stimulating and luteinizing, and plasma estradiol, effect of premenopausal castration and incremental dosages of conjugated equine estrogens on (Utian et al.), 297
- Horn, rudimentary uterine, unilateral functioning segment of, Müllerian duct agenesis with (Knab and Blanco), 222 (Comm. in brief)
- Human chorionic gonadotropin, early detection of, in urine by simple immunoassays (Lau et al.), 691 (Current investigation)
- corpora lutea of term pregnancies, gonadotropin receptors in (Rao, Sanfilippo, and Carman), 581 (Comm. in brief)
- endometrium, distribution of cytoplasmic estrogen and progesterone receptors in (Tsibris et al.), 449
- in vitro potency on, and specific binding to cytosol receptor: Synthetic progestins (Shapiro, Dyer, and Colás), 549
- fetal breathing activity, patterns of, at 34 to 35 weeks' gestational age (Patrick, Natale, and Richardson), 507
 - movements, occurrence of, and maternal ethanol ingestion (Fox et al.), 354
- Relationship to fetal condition (Platt et al.), 514
- fetus at term, studies of antepartum behavioral state in (Timor-Tritsch et al.), 524
- milk, transfer of estradiol to (Nilsson, Nygren, and Johansson), 653 oviduct, studies on duration of egg transport by. II. Ovum location at various intervals following luteinizing hormone peak (Croxatto et al.), 629
- placenta, perfused, transfer and metabolism of corticosteroids in (Levitz, Jansen, and Dancis), 363
- Hydatidiform mole as complication of artificial insemination (Stone), 696 (Comm. in brief)
 - syndromes of. II. Morphologic evolution of complete and partial mole (Szulman and Surti), 20
- Hydrocephalic fetus, vaginal frank breech delivery of, after transabdominal encephalocentesis (Borno et al.), 336 (Comm. in brief)
- Hydrops fetalis, association of, with congenital neuroblastoma (Moss and Kaplan), 905 (Comm. in brief)
- Hydroxydehydroisoandrosterone sulfate, 16α-, estradiol, and estriol, study of kinetics of conversion of maternal plasma dehydroisoandrosterone sulfate to (Madden, Gant, and MacDonald), 392
- Hyperplasia, focal nodular, of liver and oral contraceptives (Kinch and Lough), 717
- Hyperprolactinemic amenorrhea, antiserotonin treatment of: Longterm follow-up with metergoline, methysergide, and cyproheptadine (Crosignani et al.), 307
- Hypertension-edema-proteinuria gestosis, severe (Goodlin, Cotton, and Haesslein), 595 (Clinical opinion)
- pregnancy-induced, oral administration of theophylline to modify pressor responsiveness to angiotensin II in women with (Everett et al.), 359
- parity, and renin-angiotensin system (Symonds and Broughton Pipkin), 473
- Hypothalamic structure and function, effect of estrogens on (Naftolin and Brawer), 758
- Hypovolemia, fetal and neonatal circulatory responses to—influence of anesthesia, IV. Circulatory shock in pregnant sheep (Nuwayhid et al.), 658

Hypoxia, effect of, on lecithin concentration in fetal lung tissue and amniotic fluid in rats (Nelson, McPherson, and Eguchi), 226 (Comm. in brief)

1

- Iatrogenic prematurity due to elective termination of uncomplicated pregnancy: Major perinatal health care problem (Flaksman, Vollman, and Benfield), 885 (Clinical opinion)
- Immunization, passive, against estradiol, effect of, on regulatory profile and character of labor in rat (Csapo et al.) 464
 Immunoassays, simple, early detection of human chorionic gonado-
- tropin in urine by (Lau et al.), 691 (Current investigation)
 Immunologic and medical considerations in tuberculin-sensitized pregnant patients (Covelli and Wilson), 256
- pathogenesis, further evidence against: Search for antigen-antibody complexes in pre-eclampsia (Knox et al.), 87 (Current investigation)
- Inactivation, photodynamic, treatment of genital herpes simplex virus infection with (Kaufman et al.), 861
- Incontinence, "recurrent" stress urinary (Hodgkinson), 844
- Indomethacin, effects of, on sheep uteroplacental circulations and sensitivity to angiotensin II (McLaughlin, Brennan, and Chez), 430
- Induced abortion, legally, deaths caused by pulmonary thromboembolism after (Kimball, Hallum, and Cates), 169
- Induction of labor with oral prostaglandin E₂ in normal and high-risk pregnancies (Nelson and Bryans), 642
- Infant, newborn, cysts of female external genitalia in (Merlob et al.), 607
- Infection(s), experimental Group B streptococcal, in rhesus monkey. I.

 Disease production in peopate (Larsen et al.), 686
- Disease production in neonate (Larsen et al.), 686 genital herpes simplex virus, treatment of, with photodynamic inac-
- tivation (Kaufman et al.), 861 mycoplasma (Friberg), 573 (Current developments)
- Infusions, systemic, of estrone and estradiol-17\alpha, circulatory responses to, in nonpregnant, oophorectomized ewes (Rosenfeld and Rivera), 442
- Ingestion, maternal ethanol, and occurrence of human fetal breathing movements (Fox et al.), 354
- Inhibition of menstrual uterine motility during water diuresis (Cobo, Cifuentes, and De Villamizar), 313
- prolactin, pattern of sexual steroids, prolactin, and gonadotropic hormones during, in normally cycling women (Schulz et al.), 561
- Insemination, artificial, hydatidiform mole as complication of (Stone), 696 (Comm. in brief)
- Intervals, cardiac systolic time, in fetal monkeys: Pre-ejection period (Murata et al.), 285
- Intrauterine contraception, oral and: A 1978 risk assessment (Rosenfield), 92 (Current developments)
 - contraceptive device(s), ovarian pregnancy associated with (Gray and Ruffolo), 134
 - progesterone-releasing, effect of, on uterine secretion of prostaglandin $F_{2\alpha}$ and life-span of corpora lutea in ewe (Murdoch et al.), 81
- ethanol-induced termination of pregnancy in cynomolgus monkeys (Macaca fascicularis) (Dubin et al.), 783
- exposure, repeated, to oxytocin, clinical and neurobehavioral effects of: Prospective study (Scanlon et al.), 294
- loss of curet tip: Complication of abortion performed with plastic suction curet (McElin and Giese), 343 (Comm. in brief)
- transfusion, resolution of sinusoidal fetal heart rate pattern following (Hatjis et al.), 109 (Comm. in brief)
- Intravaginal prostaglandin E₂, dramatic pyrexic and cardiovascular response to (Phelan et al.), 28
- Intravenous Corynebacterium parvum administration to patients with ovarian and cervical carcinoma, toxicity manifestations following (Gall et al.), 555
- Irradiation and vaginal reconstruction, sarcoma botryoides of vagina in childhood, treated by (Patchell, Shirkey, and Saenger), 339 (Comm. in brief)
- Items, 118, 346, 586-589, 828

1

- J. Marion Sims, reappraisals of (Kaiser), 878
- Jackson, Mississippi, experience: Adolescent pregnancy (Sherline and A-Davidson), 245

- K
- Kidney, solitary, sudden anuria in pregnant woman with (Fox et al.), 583 (Comm. in brief)
- Kinetics of conversion of maternal plasma dehydroisoandrosterone sulfate to 16α-hydroxydehydroisoandrosterone sulfate, estradiol, and estriol, study of (Madden, Gant, and MacDonald), 392

1

- Labeling of phosphatidylcholine in alveolar wash of rabbits in utero (Jobe, Mannino, and Gluck), 53
- Labor, character of, and regulatory profile in rat, effect of passive immunization against estradiol on (Csapo et al.), 464
- clinical significance of fetal heart rate patterns during. V. Variable decelerations (Cibils), 791
- continuous cervical dilatation monitoring by ultrasonic methods during (Moss et al.), 16
- and delivery suite, use of computers in: Overview (Rosen, Sokol, and Chik), 589 (Clinical opinion)
- evolution of graphic analysis of (Friedman), 824 (Classic pages) induction of, with oral prostaglandin E₂ in normal and high-risk pregnancies (Nelson and Bryans), 642
- pregnancies (Nelson and Bryans), 642 premature, and premature rupture of membranes (Miller, Pupkin, and Crenshaw), 1
- pulmonary edema occurring after therapy with dexamethasone and terbutaline for: Case report (Stubblefield), 341 (Comm. in
- relationship of maternal anxiety, plasma catecholamines, and plasma cortisol to progress in (Lederman et al.), 495
- Lactating woman, analysis of secretory patterns of prolactin and gonadotropins during twenty-four hours in, before and after resumption of menses (Madden et al.), 436
- Laparoscopy-fetoscopy, combined, in pregnant macaque for hemoglobin identification, III. Sampling fetoplacental circulation (Davidson et al.), 833
- Lecithin concentration in fetal lung tissue and amniotic fluid, effect of hypoxia on, in rats (Nelson, McPherson, and Eguchi), 226 (Comm. in brief)
- (Comm. in brief)
 Legalized abortion: Effect on national trends of maternal and abortion-related mortality (1940 through 1976) (Cates et al.),
- 211 (Clinical opinion)
 Legally induced abortion, deaths caused by pulmonary thromboembolism after (Kimball, Hallum, and Cates), 169
- Leiomyoma, uterine, benign mesothelioma simulating (Wood and Bouchelle), 225 (Comm. in brief)
- Levels, serum bile acid, and pruritus in cholestasis of pregnancy, effect of cholestyramine and phenobarbital on (Laatikainen),
- Ligation, postpartum tubal, surprise finding in: Primary carcinoma of Fallopian tube (Starr et al.), 344 (Comm. in brief)
- tubal, possible ovulatory deficiency after (Berger, Radwanska, and Hammond), 699 (Comm. in brief)
- Lipase, amniotic fluid, in two cases of duodenal obstruction (Mohide and Hill) 921 (Comm. in brief)
- and Hill), 221 (Comm. in brief) Lipids, serum, and serum cholesterol binding reserve, effects of steroids on (Roth et al.), 151
- Liver, focal nodular hyperplasia of, and oral contraceptives (Kinch and Lough), 717
- maternal rat, changes in free and membrane-bound ribosomes in, during starvation (Hayashi, Prinzo, and Hayashi), 766
- transplant patient, successful pregnancy in (Walcott et al.), 340 (Comm. in brief)
- Location, ovum, at various intervals following luteinizing hormone peak, II. Studies on duration of egg transport by human oviduct (Croxatto et al.), 629
- oviduct (Croxatto et al.), 629 Lung abscess, postpartum solitary (Good and Waite), 338 (Comm. in brief)
 - maturation, fetal (Herbert et al.), 373
 - tissue, fetal, and amniotic fluid, effect of hypoxia on lecithin concentration in, in rats (Nelson, McPherson, and Eguchi), 226 (Comm. in brief)
- Luteinizing and follicle-stimulating hormone and estradiol, plasma, effect of premenopausal castration and incremental dosages of conjugated equine estrogens on (Utian et al.), 297
- hormone and follicle-stimulating hormone response, pituitary, to gonadotropin-releasing hormone, effect of varying prolactin levels on (Spellacy et al.), 157

Luteinizing hormone—Cont'd

peak, ovum location at various intervals following, II. Studies on duration of egg transport by human oviduct (Croxatto et al.), 629

M

Macaca fascicularis (cynomolgus monkeys), intrauterine ethanolinduced termination of pregnancy in (Dubin et al.), 783

mulatta preparation, chronic, (rhesus monkey), plasma cortisol in (Socol et al.), 421

Macaque, pregnant, combined laparoscopy-fetoscopy in, for hemoglobin identification, 111. Sampling fetoplacental circulation (Davidson et al.), 833

Malignancy, adnexal, detected by cervical cytology (Fox), 148 Mammalian ovulation, investigation of, with in vitro perfused rabbit ovary preparation (Wallach, Wright, and Hamada), 728

Mammary blood flow and plasma progesterone, relationship of changes in, at time of parturition in ewe (Burd et al.), 385 Manometry, esophageal, in pregnant and nonpregnant women

(Ulmsten and Sundström), 260

Maternal and abortion-related mortality (1940 through 1976), effect on national trends of: Legalized abortion (Cates et al.), 211 (Clinical opinion)

(Clinical opinion)
anxiety, plasma catecholamines, and plasma cortisol, relationship of,
to pregress in labor (Lederman et al.), 495

to pregress in labor (Lederman et al.), 495 deaths from ectopic pregnancy in South Atlantic region, 1960 through 1976 (May, Miller, and Greiss), 140 ethanol investion and occurrence of human fetal breathing move-

ethanol ingestion and occurrence of human fetal breathing movements (Fox et al.), 354

-fetal unit, ABO-incompatible, self-limited hemolytic transfusion reaction in (Bergin, Cefalo, and Lewis), 115 (Comm. in brief)

plasma dehydroisoandrosterone sulfate, study of kinetics of conversion of, to 16α-hydroxydehydroisoandrosterone sulfate, estradiol, and estriol (Madden, Gant, and MacDonald), 392

rat liver, changes in free and membrane-bound ribosomes in, during starvation (Hayashi, Prinzo, and Hayashi), 766

renal biopsy findings and ultrasound, prenatal diagnosis with: Ballantyne's triple edema syndrome (Quagliarello et al.), 580 (Comm. in brief)

venous plasma glucose concentrations, human, effects of, on fetal breathing movements (Natale, Patrick, and Richardson), 36 Maturation, fetal lung (Herbert et al.), 373

Maturity, fetal pulmonary, as determined by fluorescent polarization of amniotic fluid (Elrad et al.), 681

Mechanical and electrical activity of rat uterus in vivo during estrous cycle (Ishikawa and Fuchs), 611

Meconium aspiration, fatal, "in utero": Case report (Manning, Schreiber, and Beckwitt Turkel), 111 (Comm. in brief)

significance of, in midtrimester diagnostic amniocentesis (King, Prescott, and Pernoll), 667

Medical and immunologic considerations in tuberculin-sensitized pregnant patients (Covelli and Wilson), 256

Membrane(s)-bound and free ribosomes in maternal rat liver, changes in, during starvation (Hayashi, Prinzo, and Hayashi), 766 premature rupture of, premature labor and (Miller, Pupkin, and Crenshaw), 1

Menses, analysis of secretory patterns of prolactin and gonadotropins during twenty-four hours in lactating woman before and after resumption of (Madden et al.), 436

Menstrual cycle, vaginal blood flow during (Abrams, Kalra, and Wilcox), 396

uterine motility, inhibition of, during water diuresis (Cobo, Cifuentes, and De Villamizar), 313

Mesothelioma, benign, simulating uterine leiomyoma (Wood and Bouchelle), 225 (Comm. in brief)

Metabolism and transfer of corticosteroids in perfused human placenta (Levitz, Jansen, and Dancis), 363

Metastasis, choriocarcinoma with, in postmenopausal women (Dougherty, Cunningham, and Mickal), 700 (Comm. in brief)

Metergoline, methysergide, and cyproheptadine, long-term follow-up with: Antiserotonin treatment of hyperprolactinemic amenorrhea (Crosignani et al.), 307

Methyl CCNU-doxorubicin: Chemotherapy for squamous carcinoma of cervix (Day et al.), 545

Methysergide, metergoline, and cyproheptadine, long-term follow-up with: Antiserotonin treatment of hyperprolactinemic amenorrhea (Crosignani et al.), 307

Metronidazole, single-dose, for trichomonal vaginitis: Patient and consort (Dykers), 579 (Comm. in brief)

Miconazole cream, fourteen-day treatment with, vulvovaginal candidiasis treated with clotrimazole cream in seven days compared with (Robertson), 321

Micropenis and allied conditions, technique of surgical sex reassignment for (Jones, Park, and Rock), 870

Microsurgical modification, selective, of rabbit oviduct, evaluation by: Role of cilia in fertility (Eddy et al.), 814

Midtrimester diagnostic amniocentesis, significance of meconium in (King, Prescott, and Pernoll), 667

Milk, human, transfer of estradiol to (Nilsson, Nygren, and Johansson), 653

Mississippi, Jackson, experience: Adolescent pregnancy (Sherline and A-Davidson), 245

Modification, selective microsurgical, of rabbit oviduct, evaluation by: Role of cilia in fertility (Eddy et al.), 814

Mole, hydatidiform, as complication of artificial insemination (Stone), 696 (Comm. in brief)

syndromes of. II. Morphologic evolution of complete and partial mole (Szulman and Surti), 20

Monitoring, continuous cervical dilatation, by ultrasonic methods during labor (Moss et al.), 16

Monkey(s), cynomolgus (Macaca fascicularis), intrauterine ethanolinduced termination of pregnancy in (Dubin et al.), 783

fetal, cardiac systolic time intervals in: Pre-ejection period (Murata et al.), 285

preparation, chronic rhesus, (Macaca mulatta), plasma cortisol in (Socol et al.), 421

rhesus, experimental Group B streptococcal infection in. I. Disease production in neonate (Larsen et al.), 686

Mortality (1940 throuh 1976), maternal and abortion-related, effect on national trends of: Legalized abortion (Cates et al.), 211 (Clinical opinion)

Motility, menstrual uterine, inhibition of during water diuresis (Cobo, Cifuentes, and De Villamizar), 313

Motor vehicle accident, apparently trivial, fetal skull fracture from (Cumming and Wren), 342 (Comm. in brief)

Movement(s), fetal breathing, effects of human maternal venous plasma glucose concentrations on (Natale, Patrick, and Richardson), 36

human fetal breathing, occurrence of, and maternal ethanol ingestion (Fox et al.), 354

Müllerian duct agenesis with unilateral functioning segment of rudimentary uterine horn (Knab and Blanco), 222 (Comm. in brief)

Mycoplasma infections, genital (Friberg), 573 (Current developments) Myotonia dystrophica: Obstetric complications (Webb et al.), 265

N

National trends, effect on, of maternal and abortion-related mortality (1940 through 1976): Legalized abortion (Cates et al.), 211 (Clinical opinion)

Neonatal and fetal circulatory responses to hypovolemia—influence of anesthesia, IV. Circulatory shock in pregnant sheep (Nuwayhid et al.), 658

neurobehavioral tests following cesarean section under general and spinal anesthesia (Hodgkinson et al.), 670

Neonate, disease production in, I. Experimental Group B streptococcal infection in rhesus monkey (Larsen et al.), 686

respiratory disease in, amniotic fluid cortisol in normal and diabetic pregnant women and relation to (Brazy, Crenshaw, and Brumley), 567 (Current investigation)

Nephrosclerosis diagnosed at pregnancy, late follow-up in women with (Peyser et al.), 480

Neural control of gonadotropin secretion in primates (Vande Wiele, Antunes, and Ferin), 752

Neurobehavioral and clinical effects of repeated intrauterine exposure to oxytocin: Prospective study (Scanlon et al.), 294 tests, neonatal, following cesarean section under general and spinal

anesthesia (Hodgkinson et al.), 670 Neuroblastoma, congenital, association of hydrops fetalis with (Moss and Kaplan), 905 (Comm. in brief)

- Neurological disorders and pregnancy (Aminoff), 325 (Current developments)
- Newborn infant, cysts of female external genitalia in (Merlob et al.), 607
- Nodular hyperplasia, focal, of liver and oral contraceptives (Kinch and Lough), 717
- Noncrushing vascular clamp for pelvic surgery, development of (Mas-terson, Sullivan, and Townsend), 113 (Comm. in brief)
- Nondiabetic and diabetic pregnancies, palmitic/stearic ratio of amni-otic fluid in, and relationship to development of respiratory distress syndrome (O'Neil, Davies, and Siu), 519
- Nonpregnant, oophorectomized ewes, circulatory responses to systemic infusions of estrone and estradiol- 17α in (Rosenfeld and Rivera), 442
- and pregnant women, esophageal manometry in (Ulmsten and Sunström), 260
- Nonstress test: Antepartum fetal heart rate testing (Evertson and Paul), 895 (Clinical opinion).

0

- Obstetric(s) complications: Myotonia dystrophica (Webb et al.), 265 and gynecology, education and integration of midlevel health-care practitioners in: Experience of training program in Washington State (Briggs et al.), 68
- for 1980's, resident training goals in (Peckham), 709 Obstruction, duodenal, amniotic fluid lipase in two cases of (Mohide
- and Hill), 221 (Comm. in brief) ureteral, and acute postoperative retroperitoneal fibrosis secondary
- to use of Avitene (Chung, Menon, and Dillon), 908 (Comm. in brief) Oophorectomized nonpregnant ewes, circulatory responses to systemic
- infusions of estrone and estradiol-17α in (Rosenfeld and Rivera), 442
- Oral administration of theophylline to modify pressor responsiveness to angiotensin II in women with pregnancy-induced hypertension (Everett et al.), 359
 - contraceptive(s), development of (Chang), 217 (Classic pages) and focal nodular hyperplasia of liver (Kinch and Lough), 717
 - and platelet aggregation (Shevde et al.), 303 treatment, effect of, on serum concentration of dehydroisoandros-
 - terone sulfate (Madden et al.), 380 and intrauterine contraception: A 1978 risk assessment (Rosenfield),
- 92 (Current developments) prostaglandin E2, induction of labor with, in normal and high-risk
- pregnancies (Nelson and Bryans), 642 Organ blood flow, cardiac output and its distribution and, in fetal lamb
- during ritodrine administration (Siimes et al.), 42 and production of estrogen in two true hermaphrodites (Aiman, Hemsell, and MacDonald), 401
- Output, cardiac, and its distribution and organ blood flow in fetal lamb during ritodrine administration (Siimes et al.), 42
- Ovarian and cervical carcinoma, toxicity manifestations following intravenous Corynebacterium parvum administration to patients with (Gall et al.), 555
- failure, intermittent, case of (Schreiber, Davajan, and Kletzky), 698 (Comm. in brief)
- pregnancy associated with intrauterine contraceptive devices (Gray and Ruffolo), 134
- Ovary preparation, in vitro perfused rabbit, investigation of mammalian ovulation with (Wallach, Wright, and Hamada), 728
- wedge resection in massive edema of (Kleiner et al.), 107 (Comm. in brief)
- Oviduct, human, studies on duration of egg transport by. II. Ovum location at various intervals following luteinizing hormone peak (Croxatto et al.), 629
- rabbit, evaluation by selective microsurgical modification of: Role of cilia in fertility (Eddy et al.), 814
- Ovulation, mammalian, investigation of, with in vitro perfused rabbit ovary preparation (Wallach, Wright, and Hamada), 728
- Ovulatory deficiency, possible, after tubal ligation (Berger, Radwanska, and Hammond), 699 (Comm. in brief) Ovum location at various intervals following luteinizing hormone peak,
- II. Studies on duration of egg transport by human oviduct (Croxatto et al.), 629
- Oxygen uptake and blood flow in uterine and umbilical circulations, relationship between (Clapp), 410

Oxytocin, clinical and neurobehavioral effects of repeated intrauterine exposure to: Prospective study (Scanlon et al.), 294

- Palmitic/stearic ratio of amniotic fluid in diabetic and nondiabetic pregnancies and relationship to development of respiratory distress syndrome (O'Neil, Davies, and Siu), 519
- Pancreatic beta cell simulator, studies with, in third trimester of pregnancies complicated by diabetes (Santiago, Clarke, and Arias),
- Panniculectomy and abdominoplasty (Pratt and Irons), 165
- Papers of Society for Gynecologic Investigation, 348-470
 Parity, pregnancy hypertension, and renin-angiotensin system (Symonds and Broughton Pipkin), 473
- Parturition in ewe, relationship of changes in mammary blood flow and plasma progesterone at time of (Burd et al.), 385
- Pathogenesis, immunologic, further evidence against: Search for antigen-antibody complexes in pre-eclampsia (Knox et al.), 87 (Current investigation)
- Patient-instructors, professional, in teaching of pelvic examination (Livingstone and Ostrow), 64
- Pattern(s), fetal heart rate, clinical significance of, during labor. V. Variable decelerations (Cibils), 791
 - rate, and development in first year of life (Painter, Depp, and O'Donoghue), 271
 - of human fetal breathing activity at 34 to 35 weeks' gestational age (Patrick, Natale, and Richardson), 507
 - secretory, of desoxycorticosterone, aldosterone, and cortisol, sequential studies of, I. Desoxycorticosterone in normal pregnancy (Nolten et al.), 414
 - of prolactin and gonadotropins, analysis of, during twenty-four hours in lactating woman before and after resumption of menses (Madden et al.), 436
- of sexual steroids, prolactin, and gonadotropic hormones during prolactin inhibition in normally cycling women (Schulz et al.),
- sinusoidal: Alarming sign of fetal distress (Gal et al.), 903 (Comm. in brief)
- Peak, luteinizing hormone, ovum location at various intervals follow-ing, II. Studies on duration of egg transport by human oviduct (Croxatto et al.), 629
- Pelvic examination, professional patient-instructors in teaching of (Livingstone and Ostrow), 64
- surgery, development of noncrushing vascular clamp for (Mas-terson, Sullivan, and Townsend), 113 (Comm. in brief)
- Perfused human placenta, transfer and metabolism of corticosteroids
- in (Levitz, Jansen, and Dancis), 363 rabbit ovary preparation, in vitro, investigation of mammalian ovulation with (Wallach, Wright, and Hamada), 728
- Perinatal health care problem, major: Iatrogenic prematurity due to elective termination of uncomplicated pregnancy (Flaksman, Vollman, and Benfield), 885 (Clinical opinion)
- Period, pre-ejection: Cardiac systolic time intervals in fetal monkeys (Murata et al.), 285
- of fetal cardiac cycle, antepartum evaluation of (Murata et al.), 278 Phenobarbital and cholestyramine, effect of, on pruritus and serum bile acid levels in cholestasis of pregnancy (Laatikainen), 501
- Phosphatidylcholine, labeling of, in alveolar wash of rabbits in utero (Jobe, Mannino, and Gluck), 53
- Photodynamic inactivation, treatment of genital herpes simplex virus infection with (Kaufman et al.), 861
- Physiology, fetal respiratory, evolution of thinking in (Meschia), 806 Pituitary luteinizing hormone and follicle-stimulating hormone response to gonadotropin-releasing hormone, effect of varying prolactin levels on (Spellacy et al.), 157
- stimulation test, sequential, diagnosis of Sheehan's syndrome using (DiZerega, Kletzky, and Mishell), 348
- tumors and pregnancy (Magyar and Marshall), 739
- Placenta, normal, distribution of bulk of (Fried), 675 perfused human, transfer and metabolism of corticosteroids in (Levitz, Jansen, and Dancis), 363
- previa, characteristics of patients with, and results of "expectant management" (Brenner, Edelman, and Hendricks), 180
- Plasma, amniotic fluid, and urine, polyamines in, during normal pregnancy (Russell et al.), 649
- catecholamines, plasma cortisol, and anxiety, maternal, relationship of, to progress in labor (Lederman et al.), 495

Plasma-Cont'd

cortisol in chronic rhesus monkey preparation (Macaca mulatta), (Socol et al.), 421

dehydroisoandrosterone sulfate, maternal, study of kinetics of conversion of, to 16α-hydroxydehydroisoandrosterone sulfate, estradiol, and estriol (Madden, Gant, and MacDonald), 392

follicle-stimulating hormone, luteinizing hormone, and estradiol, effect of premenopausal castration and incremental dosages of conjugated equine estrogens on (Utian et al.), 297

glucose concentrations, human maternal venous, effects of, on fetal breathing movements (Natale, Patrick, and Richardson), 36 progesterone and mammary blood flow, relationship of changes in,

at time of parturition in ewe (Burd et al.), 385 triiodothyronine, fetal, surge of, before birth in sheep (Nwosu et al.), 489

Plastic suction curet, complication of abortion performed with: Intrauterine loss of curet tip (McElin and Giese), 343 (Comm. in brief)

Platelet aggregation and oral contraceptives (Shevde et al.), 303 Pneumothorax, recurrence of, as possible complication of elective circumcision (Auerbach and Scanlon), 583 (Comm. in brief)

Polarization, fluorescent, of amniotic fluid, fetal pulmonary maturity as determined by (Elrad et al.), 681

Polyamines in amniotic fluid, plasma, and urine during normal pregnancy (Russell et al.), 649

Postmenopausal woman, choriocarcinoma with metastasis in (Dougherty, Cunningham, and Mickal), 700 (Comm. in brief)
Postmortem cesarean section (Arthur), 175

Postmortem cesarean section (Arthur), 175
Postoperative retroperitoneal fibrosis, acute, and ureteral obstruction
secondary to use of Avitene (Chung, Menon, and Dillon), 908
(Comm. in brief)

Postpartum solitary lung abscess (Good and Waite), 338 (Comm. in brief)

tubal ligation, surprise finding in: Primary carcinoma of Fallopian tube (Starr et al.), 344 (Comm. in brief)

Potency, in vitro, on human endometrium and specific binding to cytosol receptor: Synthetic progestins (Shapiro, Dyer, and Colás), 549

Practitioners, midlevel health-care, education and integration of, in obstetrics and gynecology: Experience of training program in Washington State (Briggs et al.), 68

Pre-eclampsia, search for antigen-antibody complexes in: Further evidence against immunologic pathogenesis (Knox et al.), 87 (Current investigation)

Pre-ejection period: Cardiac systolic time intervals in fetal monkeys (Murata et al.), 285

of fetal cardiac cycle, antepartum evaluation of (Murata et al.), 278
Pregnancies complicated by diabetes, studies with pancreatic beta cell
simulator in third trimester of (Santiago, Clarke, and Arias),

diabetic and nondiabetic, palmitic/stearic ratio of amniotic fluid in, and relationship to development of respiratory distress syndrome (O'Neil Davies and Sin) 510

drome (O'Neil, Davies, and Siu), 519 high-risk, assessment of fetal gestational age in, by amniotic fluid analyses and ultrasound mensuration (Robertson et al.), 192 normal and high-risk, induction of labor with oral prostaglandin E₂

in (Nelson and Bryans), 642 term, gonadotropin receptors in human corpora lutea of (Rao, Sanfilippo, and Carman), 581 (Comm. in brief)

Pregnancy, adolescent: Jackson, Mississippi, experience (Sherline and A-Davidson), 245

cholestasis of, effect of cholestyramine and phenobarbital on pruritus and serum bile acid levels in (Laatikainen), 501

drug prescribing during (Brocklebank et al.), 235 ectopic, maternal deaths from, in South Atlantic region, 1960 through 1976 (May, Miller, and Greiss), 140

in familial dysautonomia (Porges, Axelrod, and Richards), 485 gonorrhea in (Edwards et al.), 637

hypertension, parity, and renin-angiotensin system (Symonds and Broughton Pipkin), 473

 -induced hypertension, oral administration of theophylline to modify pressor responsiveness to angiotensin II in women with (Everett et al.), 359

intrauterine ethanol-induced termination of, in cynomolgus monkeys (Macaca fascicularis) (Dubin et al.), 783

late follow-up in women with nephrosclerosis diagnosed at (Peyser et al.), 480

and neurological disorders (Aminoff), 325 (Current developments)

IMI

Pregnancy—Cont'd

normal, desoxycorticosterone in. I. Sequential studies of secretory patterns of desoxycorticosterone, aldosterone, and cortisol (Nolten et al.), 414

polyamines in amniotic fluid, plasma, and urine during (Russell et al.), 649

ovarian, associated with intrauterine contraceptive devices (Gray and Ruffolo), 134

and pituitary tumors (Magyar and Marshall), 739

splenic rupture in (Ellis and Cantor), 220 (Comm. in brief) successful, in liver transplant patient (Walcott et al.), 340 (Comm. in brief)

uncomplicated, iatrogenic prematurity due to elective termination of: Major perinatal health care problem (Flaksman, Vollman, and Benfield), 885 (Clinical opinion)

Pregnant ewe, conscious, and fetus, effect of specific angiotensin antagonist (Sar¹) (Ala®) angiotensin II on blood pressure and renin-angiotensin system in (Broughton Pipkin and O'Brien),

macaque, combined laparoscopy-fetoscopy in, for hemoglobin identification, III. Sampling fetoplacental circulation (Davidson et al.). 833

al.), 833 and nonpregnant women, esophageal manometry in (Ulmsten and Sunström), 260

patients, tuberculin-sensitized, immunologic and medical considerations in (Covelli and Wilson), 256

sheep, circulatory shock in. IV. Fetal and neonatal circulatory responses to hypovolemia—influence of anesthesia (Nuwayhid et al.), 658

Western ewes, effects of chlormethiazone on uterine blood flow in (Hopkinson et al.), 909 (Comm. in brief)

woman with solitary kidney, sudden anuria in (Fox et al.), 583 (Comm. in brief)

women, normal and diabetic, amniotic fluid cortisol in, and relation to respiratory disease in neonate (Brazy, Crenshaw, and Brumley), 567 (Current investigation)

Premature labor and premature rupture of membranes (Miller, Pupkin, and Crenshaw), 1

pulmonary edema occurring after therapy with dexamethasone and terbutaline for: Case report (Stubblefield), 341 (Comm. in brief)

Prematurely delivered primates, improved ventilation of, following tracheal deposition of surfactant (Enhorning et al.), 529

Prematurity, iatrogenic, due to elective termination of uncomplicated pregnancy: Major perinatal health care problem (Flaksman, Vollman, and Benfield), 885 (Clinical opinion)

Premenopausal castration and incremental dosages of conjugated equine estrogens, effect of, on plasma follicle-stimulating hormone, luteinizing hormone, and estradiol (Utian et al.), 297

Prenatal diagnosis with ultrasound and maternal renal biopsy findings: Ballantyne's triple edema syndrome (Quagliarello et al.), 580 (Comm. in brief)

Preoperative radiation therapy in management of squamous cell carcinoma of vulva: Preliminary report (Acosta et al.), 198

Preoperatively, use of partial exchange transfusion, in patients with sickle cell hemoglobinopathies (Morrison, Whybrew, and Bucovaz), 59

Preparation, chronic rhesus monkey, (Macaca mulatta), plasma cortisol in (Socol et al.), 421

in vitro perfused rabbit ovary, investigation of mammalian ovulation with (Wallach, Wright, and Hamada), 728

Prescribing, drug, during pregnancy (Brocklebank et al.), 235

Pressor responsiveness to angiotensin II in women with pregnancyinduced hypertension, oral administration of theophylline to modify (Everett et al.), 359 Primary carcinoma of Fallopian tube: Surprise finding in postpartum

tubal ligation (Starr et al.), 344 (Comm. in brief)

Primates, neural control of gonadotropin secretion in (Vande Wiele, Antunes, and Ferin), 752 prematurely delivered, improved ventilation of, following tracheal

deposition of surfactant (Enhorning et al.), 529
Problem, major perinatal health care: latrogenic prematurity due to

elective termination of uncomplicated pregnancy (Flaksman, Vollman, and Benfield), 885 (Clinical opinion) Procedures, surgical, effects of antihistamine and/or glucocorticoid

Procedures, surgical, effects of antihistamine and/or glucocorticoid on prolactin response to (Chapler, Sherman, and Swanson), 367

- Production and origin of estrogen in two true hermaphrodites (Aiman, Hemsell, and MacDonald), 401
- Profile, regulatory, and character of labor in rat, effect of passive immunization against estradiol on (Csapo et al.), 464
- Progesterone and estrogen receptors, cytoplasmic, distribution of, in human endometrium (Tsibris et al.), 449
 - plasma, and mammary blood flow, relationship of changes in, at time of parturition in ewe (Burd et al.), 385
 - -releasing intrauterine contraceptive device, effect of, on uterine secretion of prostaglandin $F_{2\alpha}$ and life-span of corpora lutea in ewe (Murdoch et al.), 81
- Progestins, synthetic: In vitro potency on human endometrium and specific binding to cytosol receptor (Shapiro, Dyer, and Colás), 549
- Prolactin and gonadotropins, analysis of secretory patterns of, during twenty-four hours in lactating woman before and after resumption of menses (Madden et al.), 436
- levels, varying, effect of, on pituitary luteinizing hormone and follicle-stimulating hormone response to gonadotropinreleasing hormone (Spellacy et al.), 157
- response to surgical procedures, effects of antihistamine and/or glucocorticoid on (Chapler, Sherman, and Swanson), 367
- sexual steroids, and gonadotropic hormones, pattern of, during prolactin inhibition in normally cycling women (Schulz et al.), 561
- Prostaglandin E2, intravaginal, dramatic pyrexic and cardiovascular response to (Phelan et al.), 28
 - oral, induction of labor with, in normal and high-risk pregnancies (Nelson and Bryans), 642
- F_{2α}, uterine secretion of, and life-span of corpora lutea, effect of progesterone-releasing intrauterine contraceptive device on, in ewe (Murdoch et al.), 81
- Proteinuria-edema-hypertension gestosis, severe (Goodlin, Cotton, and Haesslein), 595 (Clinical opinion)
- Pruritus and serum bile acid levels in cholestasis of pregnancy, effect of cholestyramine and phenobarbital on (Laatikainen), 501
- Pulmonary edema occurring after therapy with dexamethasone and terbutaline for premature labor: Case report (Stubblefield), 341 (Comm. in brief)
- maturity, fetal, as determined by fluorescent polarization of amniotic fluid (Elrad et al.), 681
- thromboembolism, deaths caused by, after legally induced abortion (Kimball, Hallum, and Cates), 169
- Pyrexic and cardiovascular response, dramatic, to intravaginal prostaglandin E2 (Phelan et al.), 28

- Rabbit ovary preparation, in vitro perfused, investigation of mammalian ovulation with (Wallach, Wright, and Hamada), 728 oviduct, evaluation by selective microsurgical modification: Role of
- cilia in fertility (Eddy et al.), 814 Radiation therapy, preoperative, in management of squamous cell
- carcinoma of vulva: Preliminary report (Acosta et al.), 198 Radioimmunoassay, quantitation of sickle cell and normal hemoglo-
- bins in amniotic fluid by (Garver et al.), 697 (Comm. in brief) Rat, effect of passive immunization against estradiol on regulatory
- profile and character of labor in (Csapo et al.), 464 liver, maternal, changes in free and membrane-bound ribosomes in, during starvation (Hayashi, Prinzo, and Hayashi), 766
- uterus, electrical and mechanical activity of, in vivo during estrous cycle (Ishikawa and Fuchs), 611
- patterns, fetal heart, clinical significance of, during labor. V. Variable decelerations (Cibils), 791
 - heart, and development in first year of life (Painter, Depp, and O'Donoghue), 271
- testing, antepartum fetal heart: Nonstress test (Evertson and Paul), 895 (Clinical opinion)
- Ratio, palmitic/stearic, of amniotic fluid in diabetic and nondiabetic pregnancies and relationship to development of respiratory
- distress syndrome (O'Neil, Davies, and Siu), 519
 Reassignment, surgical sex, technique of, for micropenis and allied conditions (Jones, Park, and Rock), 870
- Receptor(s), cytoplasmic estrogen and progesterone, distribution of, in human endometrium (Tsibris et al.), 449
- cytosol, specific binding to, and in vitro potency on human endometrium: Synthetic progestins (Shapiro, Dyer, and Colás), 549
- gonadotropin, in human corpora lutea of term pregnancies (Rao, Sanfilippo, and Carman), 581 (Comm. in brief)

- Reconstruction, genital surgical, review of-Male transsexualism (Turner, Edlich, and Edgerton), 119
 - vaginal, and irradiation, sarcoma botryoides of vagina in childhood, treated by (Patchell, Shirkey, and Saenger), 339 (Comm. in brief)
- Recurrence of pneumothorax as possible complication of elective cir-cumcision (Auerbach and Scanlon), 583 (Comm. in brief)
- Regulatory profile and character of labor in rat, effect of passive immunization against estradiol on (Csapo et al.), 464
- Releasing, gonadotropin-, hormone, effect of varying prolactin levels on pituitary luteinizing hormone and follicle-stimulating hormone response to (Spellacy et al.), 157
- Renal biopsy findings, maternal, and ultrasound, prenatal diagnosis with: Ballantyne's triple edema syndrome (Quagliarello et al.), 580 (Comm. in brief)
- Renin-angiotensin system, blood pressure and, effect of specific an-giotensin antagonist (Sar¹) (Ala⁸) angiotensin II on, in conscious pregnant ewe and fetus (Broughton Pipkin and O'Brien), 7
 - pregnancy hypertension, and parity (Symonds and Broughton Pipkin), 473
- Resection, wedge, in massive edema of ovary (Kleiner et al.), 107 (Comm. in brief)
- Resident training goals in obstetrics and gynecology for 1980's (Peckham), 709
- Respiratory disease in neonate, amniotic fluid cortisol in normal and diabetic pregnant and relation to (Brazy, Crenshaw, and Brumley), 567 (Current investigation)
- distress syndrome, palmitic/stearic ratio of amniotic fluid in diabetic and nondiabetic pregnancies and relationship to development of (O'Neil, Davies, and Siu), 519
- physiology, fetal, evolution of thinking in (Meschia), 806 Response(s), circulatory, to systemic infusions of estrone and estradiol-17α in nonpregnant, oophorectomized ewes (Rosen-
- feld and Rivera), 442 fetal and neonatal circulatory, to hypovolemia-influence of anesthesia, IV. Circulatory shock in pregnant sheep (Nuwayhid et
- al.), 658 prolactin, to surgical procedures, effects of antihistamine and/ or glucocorticoid on (Chapler, Sherman, and Swanson),
- 367 Retroperitoneal fibrosis, acute postoperative, and ureteral obstruction secondary to use of Avitene (Chung, Menon, and Dillon), 908
- (Comm. in brief) Rhesus monkey, experimental Group B streptococcal infection in. I. Disease production in neonate (Larsen et al.), 686
 - preparation, chronic, (Macaca mulatta), plasma cortisol in (Socol et al.), 421
- Ribsomes, free and membrane-bound, in maternal rat liver, changes in, during starvation (Hayashi, Prinzo, and Hayashi), 766
- Risk, high-, and normal pregnancies, induction of labor with oral prostaglandin E2 in (Nelson and Bryans), 642
- Ritodrine administration, cardiac output and its distribution and organ
- blood flow in fetal lamb during (Siimes et al.), 42 Rupture, early, of gravid uterus (Lazarus), 224 (Comm. in brief) premature, of membranes, premature labor and (Miller, Pupkin, and Crenshaw), 1
- splenic, in pregnancy (Ellis and Cantor), 220 (Comm. in brief)

- Sampling, fetal blood, complication of vacuum extractor after: Fetal
- hemorrhage (Roberts and Stone), 109 (Comm. in brief) fetoplacental circulation. III. Combined laparoscopy-fetoscopy in pregnant macaque for hemoglobin identification (Davidson et
- (Sar1) (Ala8) angiotensin II, specific angiotensin antagonist, effect of, on blood pressure and renin-angiotensin system in conscious pregnant ewe and fetus (Broughton Pipkin and O'Brien), 7
- Sarcoidosis of female genital tract (Chalvardjian), 78 Sarcoma botryoides of vagina in childhood, treated by irradiation and vaginal reconstruction (Patchell, Shirkey, and Saenger), 339 (Comm. in brief)
- Secretion, gonadotropin, neural control of, in primates (Vande Wiele, Antunes, and Ferin), 752
 - uterine, of prostaglandin F_{2α} and life-span of corpora lutea, effect of progesterone-releasing intrauterine contraceptive device on, in ewe (Murdoch et al.), 81

- Secretory patterns of desoxycorticosterone, aldosterone, and cortisol, sequential studies of, I. Desoxycorticosterone in normal pregnancy (Nolten et al.), 414
 - of prolactin and gonadotropins, analysis of, during twenty-four hours in lactating woman before and after resumption of menses (Madden et al.), 436
- Sensitivity to angiotensin II and sheep uteroplacental circulations, effects of indomethacin on (McLaughlin, Brennan, and Chez), 430
- Sensitized, tuberculin-, pregnant patients, immunologic and medical considerations in (Covelli and Wilson), 256
- Serum bile acid levels and pruritus in cholestasis of pregnancy, effect of cholestyramine and phenobarbital on (Laatikainen), 501
- concentration of dehydroisoandrosterone sulfate, effect of oral contraceptive treatment on (Madden et al.), 380 lipids and serum cholesterol binding reserve, effects of steroids on
- (Roth et al.), 151 Sex reassignment, surgical, technique of, for micropenis and allied
- conditions (Jones, Park, and Rock), 870
- Sexual activity, adolescent: Contraception and abortion (Gispert and Falk), 620
- steroids, prolactin, and gonadotropic hormones, pattern of, during prolactin inhibition in normally cycling women (Schulz et al.), 561
- Sheehan's syndrome, diagnosis of, using sequential pituitary stimulation test (DiZerega, Kletzky, and Mishell), 348
- Sheep, pregnant, circulatory shock in. IV. Fetal and neonatal circulatory responses to hypovolemia-influence of anesthesia (Nuwayhid et al.), 658
- surge of fetal plasma triiodothyronine before birth in (Nwosu et al.), 489
- uteroplacental circulations and sensitivity to angiotensin II, effect of indomethacin on (McLaughlin, Brennan, and Chez), 430
- Shock, circulatory, in pregnant sheep. IV. Fetal and neonatal circulatory responses to hypovolemia-influence of anesthesia (Nuwayhid et al.), 658
- Sickle cell hemoglobinopathies, use of partial exchange transfusion preoperatively in patients with (Morrison, Whybrew, and Bucovaz), 59
- and normal hemoglobins, quantitation of, in amniotic fluid by radioimmunoassay (Garver et al.), 697 (Comm. in brief)
- Sign, alarming, of fetal distress: Sinusoidal pattern (Gal et al.), 903 (Comm. in brief)
- Sims, J. Marion, reappraisals of (Kaiser), 878
- Simulator, pancreatic beta cell, studies with, in third trimester of pregnancies complicated by diabetes (Santiago, Clarke, and Arias), 455
- Sinusoidal fetal heart rate pattern, resolution of, following intrauterine
- transfusion (Hatjis et al.), 109 (Comm. in brief) pattern: Alarming sign of fetal distress (Gal et al.), 903 (Comm. in brief)
- Skull fracture, fetal, from apparently trivial motor vehicle accident (Cumming and Wren), 342 (Comm. in brief)
- Society for Gynecologic Investigation, Papers of, 348-470 South Atlantic Association of Obstetricians and Gynecologists, transactions, fortieth annual meeting, 119-206
- region, maternal deaths from ectopic pregnancy in, 1960 through 1976 (May, Miller, and Greiss), 140
- Spinal and general anesthesia, neonatal neurobehavioral tests following cesarean section under (Hodgkinson et al.), 670
- Splenic rupture in pregnancy (Ellis and Cantor), 220 (Comm. in brief) Squamous carcinoma of cervix, chemotherapy for: Doxorubicinmethyl CCNU (Day et al.), 545
 - cell carcinoma of vulva, preoperative radiation therapy in management of: Preliminary report (Acosta et al.), 198
- dysplasia, vaginal and cervical, in women exposed to diethylstilbestrol in utero (Burke, Antonioli, and Rosen), 537
- Starvation, changes in free and membrane-bound ribosomes in maternal rat liver during (Hayashi, Prinzo, and Hayashi), 766
- State, antepartum behavioral, studies of, in human fetus at term (Timor-Tritsch et al.), 524
- Stearic/palmitic ratio of amniotic fluid in diabetic and nondiabetic pregnancies and relationship to development of respiratory distress syndrome (O'Neil, Davies, and Siu), 519
- Sterilization failure, Uchida tubal: Report of four cases (Benedetti and Miller), 116 (Comm. in brief)
- Steroids, effects of, on serum lipids and serum cholesterol binding reserve (Roth et al.), 151

- Steroids-Cont'd
- sexual, prolactin, and gonadotropic hormones, pattern of, during prolactin inhibition in normally cycling women (Schulz et al.), 561
- Stimulating, follicle-, hormone response, pituitary luteinizing hormone and, to gonadotropin releasing hormone, effect of varying prolactin levels on (Spellacy et al.), 157
- Stimulation test, sequential pituitary, diagnosis of Sheehan's syndrome using (DiZerega, Kletzky, and Mishell), 348
- Streptococcal infection, experimental Group B, in rhesus monkey. I. Disease production in neonate (Larsen et al.), 686
- Stress urinary incontinence, "recurrent" (Hodgkinson), 844
- Structure and function, hypothalamic, effect of estrogens on (Naftolin and Brawer), 758
- Suction curet, plastic, complication of abortion performed with: Intrauterine loss of curet tip (McElin and Giese), 343 (Comm. in brief)
- Suite, labor and delivery, use of computers in: Overview (Rosen, Sokol, and Chik), 589 (Clinical opinion)
- Sulfate, dehydroisoandrosterone, effect of oral contraceptive treat-ment on serum concentration of (Madden et al.), 380
- maternal plasma dehydroisoandrosterone, study of kinetics of conversion of, to 16α-hydroxydehydroisoandrosterone sulfate, estradiol, and estriol (Madden, Gant, and MacDonald), 392
- Surfactant, improved ventilation of prematurely delivered primates following tracheal deposition of (Enhorning et al.), 529
- Surge of fetal plasma triiodothyronine before birth in sheep (Nwosu et
- Surgery, pelvic, development of noncrushing vascular clamp for (Masterson, Sullivan, and Townsend), 113 (Comm. in brief)
- Surgical procedures, effects of antihistamine and/or glucocorticoid on prolactin response to (Chapler, Sherman, and Swanson), 367 reconstruction, genital, review of—Male transsexualism (Turner,
- Edlich, and Edgerton), 119 sex reassignment, technique of, for micropenis and allied conditions
- (Jones, Park, and Rock), 870 Syndrome(s), Ballantyne's triple edema: Prenatal diagnosis with ul-
- trasound and maternal renal biopsy findings (Quagliarello et al.), 580 (Comm. in brief)
- of hydatidiform mole. II. Morphologic evolution of complete and partial mole (Szulman and Surti), 20
- respiratory distress, palmitic/stearic ratio of amniotic fluid in diabetic and nondiabetic pregnancies and relationship to development of (O'Neil, Davies, and Siu), 519 Sheehan's, diagnosis of, using sequential pituitary stimulation test
- (DiZerega, Kletzky, and Mishell), 348
- Synthetic progestins: In vitro potency on human endometrium and specific binding to cytosol receptor (Shapiro, Dyer, and Colás), 549
- System, renin-angiotensin, pregnancy hypertension, and parity (Symonds and Pipkin), 473
- single-unit delivery-safe alternative to home deliveries (Notelovitz), 889 (Clinical opinion)
- Systolic time intervals, cardiac, in fetal monkeys: Pre-ejection period (Murata et al.), 285

- Teaching of pelvic examination, professional patient-instructors in (Livingstone and Ostrow), 64
- Technique of surgical sex reassignment for micropenis and allied conditions (Jones, Park, and Rock), 870
- Terbutaline and dexamethasone, therapy with, for premature labor, pulmonary edema occurring after: Case report (Stubblefield), 341 (Comm. in brief)
- Term pregnancies, gonadotropin receptors in human corpora lutea of (Rao, Sanfilippo, and Carman), 581 (Comm. in brief)
- studies of antepartum behavioral state in human fetus at (Timor-Tritsch et al.), 524
- Termination, elective, of uncomplicated pregnancy, iatrogenic prematurity due to: Major perinatal health care problem (Flaksman, Vollman, and Benfield), 885 (Clinical opinion)
- intrauterine ethanol-induced, of pregnancy in cynomolgus monkeys (Macaca fascicularis) (Dubin et al.), 783
- fetal acceleration, study of (Rayburn, Duhring, and Donaldson), 33

neonatal neurobehavioral, following cesarean section under general and spinal anesthesia (Hodgkinson et al.), 670 nonstress: Antepartum fetal heart rate testing (Evertson and Paul),

895 (Clinical opinion)

sequential pituitary stimulation, diagnosis of Sheehan's syndrome using (DiZerega, Kletzky, and Mishell), 348

Testing, antepartum fetal heart rate: Nonstress test (Evertson and Paul), 895 (Clinical opinion)

Theophylline, oral administration of, to modify pressor responsiveness to angiotensin II in women with pregnancy-induced hypertension (Everett et al.), 359

Therapy, preoperative radiation, in management of squamous cell

carcinoma of vulva: Preliminary report (Acosta et al.), 198 Thinking, evolution of, in fetal respiratory physiology (Meschia), 806 Thromboembolism, pulmonary, deaths caused by, after legally induced abortion (Kimball, Hallum, and Cates), 169

Time intervals, cardiac systolic, in fetal monkeys: Pre-ejection period (Murata et al.), 285

Tip, curet, intrauterine loss of: Complication of abortion performed with plastic suction curet (McElin and Giese), 343

Tissue, fetal lung, and amniotic fluid, effect of hypoxia on lecithin concentration in, in rats (Nelson, McPherson, and Eguchi), 226 (Comm. in brief)

Toxicity manifestations following intravenous Corynebacterium parvum administration to patients with ovarian and cervical carcinoma (Gall et al.), 555

Tracheal deposition of surfactant, improved ventilation of prematurely delivered primates following (Enhorning et al.), 529 Training goals, resident, in obstetrics and gynecology for 1980's (Peck-

ham), 709

Transabdominal encephalocentesis, vaginal frank breech delivery of hydrocephalic fetus after (Borno et al.), 336 (Comm. in brief) Transactions, fortieth annual meeting, South Atlantic Association of

Obstetricians and Gynecologists, 119-206 one hundred and first annual meeting, American Gynecological So-

ciety, 709-821, 833-884 Transfer of estradiol to human milk (Nilsson, Nygren, and Johansson), 653

and metabolism of corticosteroids in perfused human placenta

(Levitz, Jansen, and Dancis), 363 Transfusion, intrauterine, resolution of sinusoidal fetal heart rate pat-

tern following (Hatjis et al.), 109 (Comm. in brief) partial exchange, use preoperatively in patients with sickle cell hemoglobinopathies (Morrison, Whybrew, and Bucovaz), 59

reaction, self-limited hemolytic, in ABO-incompatible maternal-fetal unit (Bergin, Cefalo, and Lewis), 115 (Comm. in brief)

Transplant patient, liver, successful pregnancy in (Walcott et al.), 340 (Comm. in brief)

Transport, egg, by human oviduct, studies on duration of. II. Ovum location at various intervals following luteinizing hormone peak (Croxatto et al.), 629

Transsexualism, male-Review of genital surgical reconstruction (Turner, Edlich, and Edgerton), 119

Trichomonal vaginitis, single-dose metronidazole for: Patient and consort (Dykers), 579 (Comm. in brief)

Triiodothyronine, fetal plasma, surge of, before birth in sheep (Nwosu

et al.), 489 Trimester, third, of pregnancies complicated by diabetes, studies with pancreatic beta cell simulator in (Santiago, Clarke, and Arias), 455

Tubal ligation, possible ovulatory deficiency after (Berger, Radwanska, and Hammond), 699 (Comm. in brief)

postpartum, surprise finding in: Primary carcinoma of Fallopian tube (Starr et al.), 344 (Comm. in brief)

sterilization failure, Uchida: Report of four cases (Benedetti and Miller), 116 (Comm. in brief) Tube, Fallopian, primary carcinoma of: Surprise finding in

postpartum tubal ligation (Starr et al.), 344 (Comm. in brief) Tuberculin-sensitized pregnant patients, immunologic and medical considerations in (Covelli and Wilson), 256

Tumors, pituitary, and pregnancy (Magyar and Marshall), 739

Ultrasonic methods, continuous cervical dilatation monitoring by, during labor (Moss et al.), 16

Ultrasound diagnosis: Transitory fetal ascites (Platt, Collea, and

Joseph), 906 (Comm. in brief)
and maternal renal biopsy findings, prenatal diagnosis with: Ballantyne's triple edema syndrome (Quagliarello et al.), 580 (Comm. in brief)

mensuration, amniotic fluid analyses and, assessment of fetal gestational age in high-risk pregnancies by (Robertson et al.), 192 Umbilical and uterine circulations, relationship between blood flow and oxygen uptake in (Clapp), 410

Unit delivery system, single-safe alternative to home deliveries (Notelovitz), 889 (Clinical opinion)

Urea and dilatation of cervix (Droegemueller et al.), 775

Ureteral obstruction and acute postoperative retroperitoneal fibrosis secondary to use of Avitene (Chung, Menon, and Dillon), 908 (Comm. in brief)

Urinary incontinence, "recurrent" stress (Hodgkinson), 844

Urine, amniotic fluid, and plasma, polyamines in, during normal pregnancy (Russell et al.), 649

early detection of human chorionic gonadotropin in, by simple immunoassays (Lau et al.), 691 (Current investigation) Uterine blood flow in pregnant Western ewes, effects of chlor-

methiazone on (Hopkinson et al.), 909 (Comm. in brief) fibrolipoleiomyoma: Report of case with discussion of histogenesis (Honoré), 635

horn, rudimentary, unilateral functioning segment of, Müllerian duct agenesis with (Knab and Blanco), 222 (Comm. in brief) leiomyoma, benign mesothelioma simulating (Wood and Bouchelle),

225 (Comm. in brief) motility, menstrual, inhibition of, during water diuresis (Cobo,

Cifuentes, and De Villamizar), 313

secretion of prostaglandin $F_{2\alpha}$ and life-span of corpora lutea, effect of progesterone-releasing intrauterine contraceptive device on, in ewe (Murdoch et al.), 81

and umbilical circulations, relationship between blood flow and oxy-

gen uptake in (Clapp), 410 Utero, fatal meconium aspiration in: Case report (Manning, Schreiber, and Beckwitt Turkel), 111 (Comm. in brief)

labeling of phosphatidylcholine in alveolar wash of rabbits in (Jobe, Mannino, and Gluck), 53

vaginal and cervical squamous cell dysplasia in women exposed to diethylstilbestrol in (Burke, Antonioli, and Rosen), 537

Uteroplacental circulations, sheep, and sensitivity to angiotensin II, effects of indomethacin on (McLaughlin, Brennan, and Chez), 430

Uterus, gravid, early rupture of (Lazarus), 224 (Comm. in brief) rat, electrical and mechanical activity of, in vivo during estrous cycle (Ishikawa and Fuchs), 611

V

Vacuum extractor, complication of, after fetal blood sampling: Fetal hemorrhage (Roberts and Stone), 109 (Comm. in brief)

Vagina, sarcoma botryoides of, in childhood, treated by irradiation and vaginal reconstruction (Patchell, Shirkey, and Saenger), 339 (Comm. in brief)

Vaginal blood flow during menstrual cycle (Abrams, Kalra, and Wilcox), 396

and cervical squamous cell dysplasia in women exposed to diethylstilbestrol in utero (Burke, Antonioli, and Rosen), 537

frank breech delivery of hydrocephalic fetus after transabdominal encephalocentesis (Borno et al.), 336 (Comm. in brief)

reconstruction and irradiation, sarcoma botryoides of vagina in childhood, treated by (Patchell, Shirkey, and Saenger), 339 (Comm. in brief)

Vaginitis, trichomonal, single-dose metronidazole for: Patient and consort (Dykers), 579 (Comm. in brief)

Vascular clamp, noncrushing, for pelvic surgery, development of (Masterson, Sullivan, and Townsend), 113 (Comm. in brief) Vehicle accident, apparently trivial motor, fetal skull fracture from

(Cumming and Wren), 342 (Comm. in brief)

Velocity waveforms, fetal blood (McCallum et al.), 425

Venous plasma glucose concentrations, human maternal, effects of, on fetal breathing movements (Natale, Patrick, and Richardson),

Uchida tubal sterilization failure: Report of four cases (Benedetti and Miller), 116 (Comm. in brief)

IMI

- Ventilation, improved, of prematurely delivered primates following tracheal deposition of surfactant (Enhorning et al.), 529

 Virus infection, genital herpes simplex, treatment of, with photodynamic inactivation (Kaufman et al.), 861
- Vulva, squamous cell carcinoma of, preoperative radiation therapy in
- vulvar carcinoma of: Preliminary report (Acosta et al.), 198
 Vulvar carcinoma, early (Kunschner, Kanbour, and David), 599
 Vulvovaginal candidiasis treated with clotrimazole cream in seven days compared with fourteen-day treatment with miconazole cream (Robertson), 321
- Washington State, experience of training program in: Education and integration of midlevel health-care practitioners in obstetrics and gynecology (Briggs et al.), 68
- Water diuresis, inhibition of menstrual uterine motility during (Cobo, Cifuentes, and De Villamizar), 313
 Waveforms, fetal blood velocity (McCallum et al.), 425
 Wedge resection in massive edema of ovary (Kleiner et al.), 107
- (Comm. in brief)
- Western ewes, pregnant, effects of chlormethiazone on uterine blood flow in (Hopkinson et al.), 909 (Comm. in brief)
